**Communications and Information in China** Xing Fan, 2001. Communications and Information in China is a focused analysis of the four fundamentals of the Chinese communications and information sector: dynamic landscape which includes most importantly status, trends, directions, initiatives and characteristics of the Chinese IT and communications industries; policy and regulatory framework which represents a very hard to understand mish-mash of the Chinese political and regulatory structure that has significant impact on where, how and what Chinese IT related industries are heading to; ten most crucial regulatory and strategic issues that derive from China's domestic political, economic and technological realities and controversies; and foreign involvement which covers high stakes, critical challenges and contextual forces that international companies face. In-depth discussion also digs into what implications China's telecommunications industry reform and its WTO accession will have on foreign players who are involved in China's enormous but complex IT and communications market.

*The Concise Dictionary of World Place-Names* John Everett-Heath, 2018-09-13. There is no populated place without a name and every name is chosen for a reason. This fascinating dictionary unveils the etymological roots and history of thousands of locations and landmarks from around the world. It contains over 11,000 entries and covers an enormous range of country, region, island, city, town, mountain and river names from across the world as well as the name in the local language. Place names are continually changing and new names are adopted for many different reasons such as invasion, revolution and decolonization. The Concise Dictionary of World Place Names includes selected former names and where appropriate some historical detail to explain the transition.

The names of places often offer a real insight into the places themselves revealing religious and cultural traditions the migration of peoples the ebb and flow of armies the presence of explorers local languages industrial developments and topography Superstition and legend can also play a part This new edition has been updated to include over 750 new names including Azincourt Kropyvnyts kyy and Tlaxcala It has also been edited to reflect socio political and geographical shifts notably the reorganisation of the French regions and their consequent name alterations as well as the decommunization of Ukrainian place names In addition to the entries themselves the dictionary includes two appendices a glossary of foreign word elements which appear in place names and their meanings and a list of personalities and leaders from all over the world who have influenced the naming of places
