Our Indifferent Universe Surazeus Astarius,2019-01-25 Our Indifferent Universe presents 903 poems written 2015 2017 by Surazeus that explore what it means to be a human in our indifferent universe Oedipus Henry Treece,2022-08-16 DigiCat Publishing presents to you this special edition of Oedipus by Henry Treece DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature **The Reacher Guy** Heather Martin,2020-09-29 An exquisitely written and nuanced biography of an exceptional individual and writer who has created the 1 international bestselling hero Jack Reacher revered by dedicated and loyal readers worldwide Lee Child has a great public persona he is gracious and generous with readers and fans But Jim Grant is a reticent and very private man This rags to riches literary and

social biography is based principally on disarmingly frank personal conversations and correspondence with the author since 2016 and privileged access to archival materials It consists almost entirely of original material and is the nearest thing the world is likely to get to the autobiography he does not intend to write There are a handful of great Lee Child Reacher stories that have been recycled over and over again They are so good that no one has bothered to look beyond them This book revisits and sometimes revises those irresistible stories but goes back further and digs deeper The emphasis on chronology accuracy and specificity is unprecedented The Lee Child origin myth is much loved But mostly it sees him springing fully formed from the brow of Granada Television There are glancing references to Aston Villa and the schoolyard but no one has examined the social and historical detail or looked closely at where Lee really came from the people places and period This is the first time someone has described the Lee Child arc from peaceful obscurity in the Yorkshire Dales and Upstate New York to cult figure no 1 in America rock star celebrity and publishing institution through to backlash the changing zeitgeist and intimations of retirement The analysis of the emotional power and significance of Lee s work in the final chapters the themes of happiness addiction dependency loneliness and existential absurdity and the first hand retrospective accounts of his life and second act career are all exclusive to this definitive biography **The Golden Argosy** ,1886 *The Bookseller* ,1979
