Dutch Culture Overseas Frances Gouda, 2008 European colonial expansion led to Dutch notions of civilised society or the Dutch's community's flexible and relatively charitable attitudes toward others being scattered as in the Greek word diaspeirein to the four corners of the earth In some cases the exportation of Dutch cultural values to places overseas like North America endowed Dutchness with subtle new meanings But in colonial Indonesia Dutch political customs and traditions were transformed in the process of migrating to exotic locales In this book Frances Gouda examines the ways in which the Netherlands portrayed its unique colonial style to the outside world Why were citizens of a small and politically insignificant European nation able to represent as natural and normal their dominance over ancient civilizations on islands such as Java and Bali How did Dutch colonial residents explain the cultural differences between themselves and the supposedly primitive peoples of the Indonesian archipelago In trying to understand the gendering practices of colonial governance in the Netherlands East Indies Gouda also explores the interactions of Dutch and Indonesian women with European men FRANCES GOUDA earned a Ph D in history from the University of Washington in Seattle in 1980 She is currently professor of history and gender studies in the Political Science Department of the University of Amsterdam

Imagining the Primitive in Naturalist and Modernist Literature Gina M. Rossetti, 2006 Examines the depiction of primitive characters in naturalist and modernist texts focusing on works by Jack London Frank Norris Eugene O'Neill Theodore Dreiser Willa Cather Ernest Hemingway Gertrude Stein and Nella Larsen Provided by publisher *Modern Primitives* Susanna Pavloska, 2014-01-14 This book explores the ways in which the American writers Gertrude Stein Ernest Hemingway and Zora Neale Hurston used modernist primitivism to assert a uniquely American literary identity in the face of European cultural hegemony The extended Introduction traces the history of primitivism from a classical rhetorical trope to its emergence in the twentieth century as aesthetic exemplified by Picasso and his use of African masks that combined new work in the human sciences especially anthropology and psychology with new ideas in the visual arts to challenge traditional ideas of realism and artistic accomplishment The first two chapters bring together visual evidence published and unpublished writings and linguistic theory to give the first detailed account of the theoretical and gender concerns of the Stein Picasso collaboration which culminated in Picasso's *Les Femmes d'Alger* and Stein's *Melanctha* In the final two chapters the author shows how both Hemingway and Hurston participated in the racist scientific debates of the 1920s and used primitivism to find their respective artistic voices Hemingway in his use of American Indians in recasting his life narratives in the Nick Adams stories and Hurston in her attempts to use her anthropological training to construct a mythic African American past

The Atkins Diet and Philosophy Lisa Heldke, Kerri Mommer, Cynthia Pineo, William Irwin, 2013-11-14 The Atkins diet has transformed the lives of millions of people revolutionizing grocery store shelves restaurant menus and dinner table

conversations But there are questions beyond its efficacy and longevity Is the Atkins diet a new wrinkle in capitalist exploitation or a twisted expression of negative body images Is it a symbol of super masculinity Has the Atkins diet really been around for centuries under other names Can it increase intelligence or cause global warming and melt the polar ice caps How does Atkins fit into Kant s conception of the moral life or Rousseau s vision of a kinder gentler human society The Atkins Diet and Philosophy wittily explores these and other pressing questions in sixteen entertaining essays Following the same fun readable approach as earlier volumes in this series this book uses philosophy to put the Atkins diet under the microscope and uses the Atkins diet to teach vital philosophical lessons for life Critics at Work Jeffrey Williams,2004-03 A collection of sixteen short science fiction and fantasy stories by award winning authors Firebirds is more than simply an anthology it is a celebration of wonderful writing It gathers together sixteen original stories by some of today s finest writers of fantasy and science fiction Together they have won virtually every major prize from the National Book Award to the World Fantasy Award to the Newbery Medal and have made best seller lists worldwide These authors including Lloyd Alexander The Chronicles of Prydain Diana Wynne Jones The Merlin Conspiracy Garth Nix The Abhorsen Trilogy Patricia A McKillip Ombria in Shadow Meredith Ann Pierce The Darkangel Trilogy and Nancy Farmer The House of the Scorpion each with his or her own inimitable style tell stories that will entertain provoke startle amuse and resonate long after the last page has been turned The writers featured in Firebirds all share a connection to Firebird Books an imprint that is dedicated to publishing the best fantasy and science fiction for teenage and adult readers This anthology marks a milestone for Firebird and is a must read for all teenage and adult fans of speculative fiction Firebird the imprint is dedicated to publishing the best fantasy and science fiction for teenage and adult readers Firebirds is an equally special anthology Its sixteen original stories showcase some of the genre s most admired authors including multiple award winners Diana Wynne Jones Garth Nix Lloyd Alexander Nancy Farmer Meredith Ann Pierce and Patricia A McKillip Here you will find a sparkling range of writing from dark humor to high sword and sorcery to traditional ballads something for every sort of reader Finally to make this anthology even more of a standout it appears first as a deluxe jacketed hardcover Welcome to Firebirds a must have for fans of contemporary speculative fiction **Rednecks, Eggheads and Blackfellas** Gillian Cowlshaw,2020-08-02 This lively book brings the reader close to the people from a remote cattle station in far north Australia where black and white peoples lives have been intertwined over the span of 80 years Tracing the humorous savage and ordinary ways in which race structured intimate and everyday relationships across a great divide Gillian Cowlshaw makes startling and original arguments about race relations By investigating specific patterns of interaction on Australia s cultural frontier Rednecks Eggheads and Blackfellas illustrates how anthropologists pastoralists and government officials squabbled about Aborigines as they intruded into their country controlled aspects of their lives and dominated the way they were represented in the public realm The ironic title hints that the difference between redneck pastoralists and egghead anthropologists is not so great as might be

imagined Aborigines were central to the projects of both kinds of whitefellas Weaving the shifts in government policy and public opinion with accounts of their sometimes ludicrous impact on outback communities this book brings to life the complexities of living with racial categories And it asks why increasingly enlightened anti racist policies seldom seem to have worked as intended even in this era of self determination This thought provoking work will speak not only to anthropologists and those interested in Aboriginal Australia but to scholars of race more generally especially in the burgeoning field of whiteness studies

Catherine Jane Lavender,2006 The work of four early women ethnographers Elsie Clews Parsons Ruth Benedict Gladys Reichard and Ruth Underhill and their emphases on women s roles in Southwestern Indian cultures The Neo-primitivist Turn Victor Li,2006-01-01 In recent years the concept of the primitive has been the subject of strong criticism it has been examined unpacked and shown to signify little more than a construction or projection necessary for establishing the modernity of the West The term primitive continues however to appear in contemporary critical and cultural discourse begging the question Why does primitivism keep reappearing even after it has been uncovered as a modern myth In The Neo primitivist Turn Victor Li argues that this contentious term was never completely banished and that it has in fact reappeared under new theoretical guises An idealized conception of the primitive he contends has come to function as the ultimate sign of alterity Li focuses on the works of theorists like Jean Baudrillard Jean Fran ois Lyotard Marianna Torgovnick Marshall Sahlins and J rgen Habermas in order to demonstrate that primitivism continues to be a powerful presence even in those works normally regarded as critical of the concept Providing close readings of the ways in which the premodern or primitive is strategically deployed in contemporary critical writings Li s interdisciplinary study is a timely and forceful intervention into current debates on the politics and ethics of otherness the problems of cultural relativism and the vicissitudes of modernity
