**Educating Immigrant Children** Michael Fix, Wendy Zimmermann, 1993 *Resources in Education*, 2001-04 **The Dimensions of Time and the Challenge of School Reform** Patricia C. Gandara, 2000-01-01 As the education reform movement matures into its second decade it is clear that many promising efforts have fallen short in their attempts to create real school change One reason for this is that the process of school reform is much more complex than most reformers realized or were willing to acknowledge *The Dimensions of Time and the Challenge of School Reform* points to another problem the problem of time and its role in both the success and failure of school reform efforts The importance of understanding the role that time plays in both learning and instruction and finding ways to provide time for teachers grappling with change and students learning to accommodate a new language and culture are important themes in this book This book is directed to policymakers and practitioners as well as to academics in that it combines theory with the real world experiences of many who have been active in the school reform movement and who have learned through trial and error how to think about time in innovative ways Back cover **Keys to Successful Immigration** Thomas J. Espenshade, 2019-01-04 Published in 1997 The Urban Institute has been studying immigration for almost a decade and a half In recent years the Institute's focus has widened to include immigration integration Unlike immigration policy which is a federal responsibility policies regarding immigrant integration have been left in the hands of states and localities and vary widely by region This book focuses on the 1980 1990 experience of a high immigrant state whose immigrant population matches the race and ethnic composition of the US population as a whole more closely than any other state New Jersey's experience with immigration is not necessarily typical of outcomes in other high immigration states but it may be replicable on a broader scale As a new century approaches and as debate over immigration legislation reaches a fever pitch it is important to analyze in the fashion of this volume instances of successful immigration that can serve as examples for other states the United States as a whole and other nations Thomas Espenshade *Lessons Learned, Lessons Shared* Pam McCollum, 1998 Report discusses the Texas Immigrant Education Collaborative TIEC project between University of Texas at El Paso and Bowie High School El Paso Texas Report focuses on descriptions of select project initiatives analyzes factors affecting implementation and reviews lessons learned from participation By sharing the process of how certain TIEC initiatives were implemented and maintained this report provides information to facilitate the implementation of other immigrant programs **Resources in Education**, 1997 **Immigration and Immigrants** Michael Fix, Jeffrey S.
