Education For Citizenship A Cross Curricular Approach:

Cross-curricular Approaches to Teaching and Learning Chris Rowley, Hilary Cooper, 2009-09-14 What would the primary curriculum look like with humanities at its heart How can cross curricular work help children to learn more effectively With practical ideas on how to join up the primary curriculum this book uses history and geography to explore different contexts and strategies for making links between the full range of primary subjects so that learning can be more integrated and relevant to learners The authors demonstrate how these subjects can serve as the basis upon which values can be developed in the curriculum There are powerful case studies including examples of pupils work and talk and teachers reflections Additional materials to accompany the book can be found at www.sagepub.co.uk/rowleyandcooper Written by a group of practising teachers and university tutors this book will be invaluable to primary teachers student teachers and all those involved in curriculum design Chris Rowley is Senior Lecturer in and Geographical and Environmental Education at the University of Cumbria UK Dr Hilary Cooper is Professor of History and Pedagogy at the University of Cumbria UK

Applying Cross-Curricular Approaches Creatively Jonathan Barnes, 2018-05-11 Applying Cross Curricular Approaches Creatively explores the relevance and effectiveness of cross disciplinary and project based teaching With a focus on personal reflection and discussion it offers educators inspiration guidance and resources to deliver a truly integrated curriculum creatively Exploring how we can make connections in the classroom through our own lives and those of our children it supports teachers in becoming more personally involved in decisions about the style of teaching and substance of curriculum in schools Applying Cross Curricular Approaches Creatively examines key topics such as Educationalists with an interest in cross curricular and creative approaches Planning for and provoking creativity Choosing cross curricular themes Mind full approaches to teaching and learning Assessing creative and integrated learning Teachers as researchers in the classroom Applying Cross Curricular Approaches Creatively is an essential text for those wishing to plan a coherent curriculum with cross curricular elements It places the basics of knowledge genuine motivation engagement and participation at the core of its arguments for meaningful learning for all children Filled with autobiographical accounts and case studies and with ready to use ideas for creative lessons this uplifting book challenges us to return to curriculum breadth and balance and away from a one size fits all approach

Education for Intercultural Citizenship Geof Alred, Michael Byram, 2006-01-01 Uses country and international case studies to examine citizenship education from the perspective of interculturality

Teacher Education Policy and Practice in Europe Ana Raquel Simões, Mónica Lourenço, Nilza Costa, 2018-05-11 Teacher Education Policy and Practice in Europe provides a critical overview of the current challenges facing teacher education policy and practice in Europe Drawing on a wide range of contributions the book demonstrates that in order for teachers to reassume their role as agents of change it is crucial to create a vision of a future European teacher and promote active engagement in preparing children to live and act in a multicultural and increasingly changing world The

book suggests ways in which teachers could be prepared to meet and overcome the struggles they will encounter in the classroom including recommendations for teacher education which open up new possibilities for policy practice and research Considering their own experiences as teachers contributors also cover topics such as teacher education for the 21st century the profile of the European teacher citizenship and identity social inclusion linguistic and cultural diversity and comparative education Teacher Education Policy and Practice in Europe is essential reading for academics researchers and postgraduate students engaged in the study of teacher education educational policy and educational theory It should also be of great interest to research active teacher educators and practising teachers

Teaching Values and Citizenship Across the Curriculum Richard Bailey, 2014-05-12 This text presents the issues and principles for teaching values and citizenship at both primary and secondary levels based on the Crick Report and DfEE TTA guidelines It covers the whole of the curriculum and is supported by examples and key stage activities throughout

Cross-Curricular Teaching and Learning in the Secondary School Jonathan Savage, 2010-10-04 What is the role of the individual school subject and subject teacher within school Is it to teach a set of core subject knowledge skills and understanding in way that remains faithful to long standing subject cultures and pedagogies Or is there another way to consider how the curriculum and the notion of individual subjects and teachers pedagogy could be constructed Working from the key principle that there is no curriculum development without teacher development Cross Curricular Teaching and Learning in the Secondary School argues for a new skilful pedagogy which embeds an authentic cross curricular approach to teaching and learning in the work of the individual teacher This approach respects and builds on individual subject cultures embracing and exploring links between subject knowledge and subject pedagogies in an enriching way Drawing on examples and case studies taken from innovative practices in different schools and subject areas as well as summarising lessons from key pieces of research evidence this book includes Clear theoretical frameworks for cross curricular processes of teaching and learning A lively account of key issues blended with engaging stories of current practice An analysis of the use of language ICT and assessment as key components of a skilful pedagogical practice that affects how teaching is delivered and how pupils learn in cross curricular contexts Practical tasks and questions for reflective practice This timely textbook is essential reading for all students on Initial Teacher Training courses and PGCE courses as well as practising teachers looking to holistically introduce cross curricular themes and practices in their own subjects

As the Witnesses Fall Silent: 21st Century Holocaust Education in Curriculum, Policy and Practice Zehavit Gross,E. Doyle Stevick,2015-03-16 This volume represents the most comprehensive collection ever produced of empirical research on Holocaust education around the world It comes at a critical time as the world observes the 70th anniversary of the liberation of Auschwitz We are now at a turning point as the generations that witnessed and survived the Shoah are slowly passing on Governments are charged with ensuring that this defining event of the 20th century takes its rightful place in the schooling and the historical consciousness of their peoples The policies and practices of Holocaust education around the world are as diverse as the countries that grapple with its history and its meaning Educators around the globe struggle to reconcile national histories and memories with the international realities of the Holocaust and its implications for the present These efforts take place at a time when scholarship about the Holocaust itself has made great strides In this book these issues are framed by some of the leading voices in the field including Elie Wiesel and Yehuda Bauer and then explored by many distinguished scholars who represent a wide range of expertise Holocaust education is of such significance so rich in meaning so powerful in content and so diverse in practice that the need for extensive high quality empirical research is critical Th is book provides exactly that
