Education By Violence:

School Violence in Context Rami Benbenishty, Ron Avi Astor, 2005-02-10 Table of contents **Learning about School Violence** Matthew W. Greene, 2001 Educational consultant Greene overviews the problem of school violence redefines the problem and offers lessons on how to learn more effectively about what works to prevent school violence His study is based on interviews with teachers administrators legislators prevention and criminal justice practitioners and others in Denver and Colorado Springs It is not indexed Annotation copyrighted by Book News Inc Portland OR **Violence in Schools** Kathy Sexton-Radek, 2005 School violence from simple bullying to murder is on the rise Therefore Kathy Sexton Radek has addressed the need for a straightforward in depth discussion of school violence in this edited collection She has compiled essays from an impressive group of authors including both academics and practitioners Together they present a comprehensive view of the many types of school violence and how to prevent it This book will serve as an invaluable tool for teachers parents counselors school administrators and psychologists dealing with violent children and their victims This volume is divided into three major sections the first of which provides a conceptual foundation to help the reader understand school violence Section two presents programmatic strategies for the prevention of violence And finally the third section offers a chapter by Sexton Radek on conflict resolution and several useful appendices one of which is a listing of web resources for violence prevention programming **The Origins of School Violence** Sean M. Brooks Ph. D., 2019-01-11 Pre service and in service training for teachers and administrators can vary between institutions Some formal education programs train teachers for curriculum development leadership characteristics lesson planning and subject based knowledge acquisition However some pre service teacher education institutions and in service professional development programs may not formally address the antecedents to conflict and violence within school environments Within the United States rates of teenage violence ages 13 19 years exceed other developed countries Many manifestations of conflict and violence both exist and lead to youth substance abuse lowered academic achievement mental illness suicidal ideation and social distrust Examining the perceptions educators have regarding school violence prevention is needed The Origins of School Violence does just that This book examines the cyclical nature of an overall lack of understanding regarding the causes of school violence straight from the hearts and minds of high school educators and administrators The absence of a formal education at the undergraduate graduate and in service training levels of education for teachers and administrators are akin to throwing gasoline on a fire This lack of a formal education leads to unworkable district forced policies forced prevention programs that are built on quicksand State political officials that adopt such indoctrinating programs and workplace distrust among school based employees and students alike The Origins of School Violence provides firsthand testimonies from educators and administrators as well as solutions that are simple and effective in order to prevent school based violence **School Violence Intervention** Jane Close Conoley, Arnold P. Goldstein, 2004-07-26 This work offers effective

intervention strategies for managing school violence Opening with a range of perspectives on student aggression it provides a comprehensive view on practical interventions at the student school and systems levels Practitioners present empirically grounded strategies for an array of school settings and situations seeking to help readers make informed decisions about the approaches that would be most effective in their own environments The first part of the text presents information on the nature and prevalence of youth violence today and outlines strategies geared toward making the school physically safer establishing clear behaviour standards providing adequate adult presence enforcing rules fairly and sanctioning offenders and creating partnerships with outside agencies The chapters that follow describe a range of interventions directed toward aggressive students themselves which have proved highly effective in outcome evaluation research These approaches include behavioural classroom management crises and gang orientated interventions and preventative pre school programmes In addition it details school orientated strategies such as academic and curriculum interventions vandalism control and effective security policy Exploring the complex relationship among school behaviour family life and community chapters also consider avenues toward effecting change in the larger context of the students lives A hands on manual for dealing with some of the most intractable problems education professionals face this book offers extensive information for school psychologists and researchers *Violence in Schools* Florence Denmark, Uwe Gielen, Herbert H. Krauss, Elizabeth Midlarsky, R.

Wesner, 2006-06-14 During the 1940s teachers were certain they had some grievous complaints about students behavior in school Among these were excessive noise littering and gum chewing More recently teachers concerns have taken on a far more dire tone Today their focus is on the rape robbery and substance abuse incidents that occur in alarming numbers in their workplaces In recent years the news on violent crime in our schools has often been devastating And although school officials have begun taking measures to decrease the level of violence on their grounds e g installing metal detectors hiring guards to patrol hallways the violence that continues to occur is often more lethal and no less troubling To further understand and ameliorate the causes of violence among our children especially at school this book takes a comprehensive approach to addressing the issues *Violence in Schools Cross National and Cross Cultural Perspectives* provides both a broad overview of violence in schools and offers specific descriptions of models that have been used successfully within school settings to prevent violent crime from occurring For example this volume Recognizes that violence on school grounds is a global problem that requires an international perspective to counteract Takes a broad view of what constitutes violence that is the focus is not only on physical assault but the neglect and abusive behavior e g racism sexism cultural discrimination and suppression that contribute to its occurrence Explores the history of the phenomenon of school violence in order to effectively ameliorate its current condition *Violence in Schools Cross National and Cross Cultural Perspectives* speaks with legitimate authority to scholars as well as to those on the frontlines in combating school violence including school and counseling psychologists school administrators teachers and staff as well as concerned parents Everyday School Violence

Sarah E. Daly, 2018-10-16 The book aims to discuss the issue of small scale school violence While school shootings and safety are of the utmost concern among teachers students parents and the public many children suffer the effects of everyday violence that affect the learning environment and the sense of safety in schools Such violence can include bullying threats fistfights theft weapon carrying and more It offers an overview of aggression and violence including its theoretical causes and presentations especially in the context of development and schools It also outlines the effects of violence on schools and students The publication is particularly unique in that it will encourage the reader to slow down the violence and evaluate it frame by frame This technique used by the author in consultation has been effective in preparing school employees to address issues of violence encouraging them to evaluate their own willingness to intervene and identifying their own strengths and limitations By insisting that they have a plan of action the hope is that they will be better prepared when faced with student conflict even in the absence of a school plan Finally the book discusses basic program design and implementation practices to assist school administrators and professionals to create a tailored program to specifically address their own schools needs

Systemic Violence in Education Juanita Ross Epp, Ailsa M. Watkinson, 1997-04-25 Although compulsory schooling intends to develop the potential of all students some students may actually be harmed by schooling practices In this book researchers and practitioners identify and examine various aspects of systemic violence particularly as it is embedded in administrative and pedagogical practices Some of these are obvious racism harassment and child abuse however systemic violence is insidious and may reside in common sense practices intended to improve student performance The authors explore some of these subtle manifestations of violence from a variety of perspectives by investigating school administration policies pedagogical methods labeling classroom interaction children's games and teacher reactions to child abuse

School Violence and Primary Prevention Thomas W. Miller, 2023 Significant shifts in community violence have created a need for greater awareness of character development and violence prevention in schools Since the first edition 2008 public concern generated by high profile shootings and other violence in schools has only increased Now more than ever effective strategies for preventing violence treating victims and assessing at risk children are needed This new edition an update of contemporary issues of school violence is a compendium of theory research and applied models that addresses violence and critical ingredients in prevention interventions in schools The book uniquely addresses psychiatric input on neurobiology of trauma and victimization of children who experience school violence Authored by clinicians counselors educators researchers and other professionals the volume covers new approaches to primary prevention in schools and new contributors including a school superintendent school safety officer and specialists who treat relationship and dating violence New topics include guidelines for school personnel that address exploitation of teenagers due to sex trafficking and perspectives of parents whose children were victims of abuse and violence in schools Among the topics explored Developmental Issues in the Prevention of Aggression and Violence in School Updated Perspectives on Linking

School Bullying and Related Youth Violence Research to Effective Prevention Strategies The Role of School District Superintendent in School Violence and Prevention Softening Schools While Hardening Buildings Role of Law Enforcement in School Violence Prevention Through Positive Intervention and Relationship Building Empowering Children to Prevent Violence School Violence and Primary Prevention is a critical and timely resource for school medical and mental health professionals working with children It is also useful for students in public health education social work psychology and counseling focused education Dr Miller has again made a major contribution on a most pressing issue of our time school violence The book covers the landscape of this psychosocial problem including cultural developmental intergenerational racial and gender aspects as well as approaches and solutions James J Clark Provost EVP Florida State University **School Violence and Primary Prevention** Thomas W. Miller, 2008-03-19 This important new work covers clinical issues in treating victims of school violence and assessing children with the potential for violence The editor also examines the effectiveness of prevention intervention programs and offers larger policy recommendations The book looks at environmental factors such as cultural issues on behaviors from bullying to mass school shootings And uniquely the book delves into topics such as sexual boundaries and body image In all this book aims for a theoretical and applied picture of the current state of school violence and prevention **School Violence** Kate Burns, 2005 This anthology presenting a thought provoking assortment of research and commentary that has come into circulation since the Columbine school massacre in 1999 discusses the nature causes and prevention of school violence *Issues in School Violence Research* Michael J. Furlong, 2004 The underlying theme of this collection is that in the rush to gather information about school violence and to label it a social problem the reliability of methodology has been overlooked The papers address problems with critical measurements and the use of self reporting and offer some methods for assessing potential violence in schools Preventing Violence and Crime in America's Schools William L. Lassiter, Danya C. Perry, 2013 While major incidents like the shootings at Columbine or Virginia Tech grab headlines everyday occurrences of bullying harassment and physical intimidation in schools regularly impact entire communities driving children from public schools and destroying faith in public education Preventing Violence and Crime in America's Schools From Put Downs to Lock Down provides educators parents law enforcement officials and other youth service professionals with a unique perspective on the topic of school violence offering solutions to the problems that face all schools when it comes to the question of violence and safety William L Lassiter and Danya C Perry examine the specifics of school violence opportunities to prevent and intervene and the importance of planning for a crisis While most other studies of school violence highlight research or practitioner viewpoints this work balances insights gained through real world experience with research on current best practices The result is a fuller understanding of the problem that enables solutions **School Violence** Dewey G. Cornell, 2017-09-29 Illustrated with numerous case studies many drawn from the author's work as a forensic psychologist this book identifies 19 myths and misconceptions about youth violence from ordinary bullying

to rampage shootings It covers controversial topics such as gun control and the effects of entertainment violence on children The author demonstrates how fear of school violence has resulted in misguided counterproductive educational policies and practices ranging from boot camps to zero tolerance He reviews evidence from hundreds of controlled studies showing that school based school violence prevention programs and mental health services which are largely effective are often overlooked in favor of politically popular yet ineffective programs such as school uniforms Drug Abuse Resistance Education and Scared Straight He concludes by reviewing some of his own research on student threat assessment as a more flexible and less punitive alternative to zero tolerance and presents a wide ranging series of recommendations for improving and expanding the use of school based violence prevention programs and mental health services for troubled students Key features include the following Contrarian Approach This book identifies and refutes 19 basic misconceptions about trends in youth violence and school safety and shows how the fear of school violence has been exaggerated through inaccurate statistics erroneous conclusions about youth violence and over emphasis on atypical sensational cases Readability The book translates scientific evidence based research into language that educators parents law enforcement officers and policymakers can readily understand and shows what can be done to improve things Expertise Dewey Cornell is a forensic psychologist and Professor of Education at the University of Virginia where he holds an endowed chair in Education He is Director of the UVA Youth Violence Project and is a faculty associate of the Institute of Law Psychiatry and Public Policy The author of more than 100 publications in psychology and education he frequently testifies in criminal proceedings and at legislative hearings involving violence prevention efforts This book is appropriate for courses or seminars dealing wholly or partly with school violence and school safety It is also an indispensable volume for school administrators and safety officers local state and national policymakers involved parents and academic libraries serving these groups **Socially**

Constructed School Violence Kimberly M. Williams, 2005 Socially Constructed School Violence Lessons from the Field argues that the way we understand what constitutes violence is socially constructed and that people from different social locations that is gender race social class geographic location and so on will have varied perspectives on what is violent Based on ethnographic work at an urban alternative school for students expelled for bringing weapons to school and an affluent suburban school eighteen miles away this book describes various ways violence can be constructed Specifically this book discusses personal and structural forms of violence that students teachers administrators and other school staff encounter Using powerful examples from the ethnographic analysis this book describes some of the valuable lessons learned about how we can work to prevent school violence School Violence in International Contexts Rosemary Papa, 2019-05-29 This international edited volume is a rare look at cultural economic and political forces that contribute to school violence In light of the devastating events in US schools and the violence towards students and schools world wide the war on knowledge development in non secular education is increasing at an alarming rate This book offers an international perspective on

violence from both K 12 to tertiary levels parents administrators teachers support staff and research scholars in a desire to understand the contextual issues surrounding violence and its impacts on the field of education ELWB Scholars and practitioners hail from six continents propose historical to futuristic perspectives linking violence towards education and its inhabitants while framing future strategies to alter multinational fear mongering to the decline of knowledge generation for an informed citizenry Violence at School Toshio Ohsako,1997 School violence is increasing at an alarming rate worldwide this study deals with its impact on teaching and learning **Violence in American Schools** Delbert S. Elliott,Beatrix A. Hamburg,Kirk R. Williams,1998-10-13 This volume offers a strategy for the problem of youth violence **Preventing School Violence** Marjorie S. Schiering,2020-03-24 Preventing School Violence Guidelines for Teaching Civility and School Harmony is an amazing resource that reminds the reader of the importance of establishing and maintaining meaningful relationships among the school community teachers administrators students families and the community at large As educators we are responsible for modeling civility in our schools by creating significant connections with others This book provides the reader with profound scenarios approaches and strategies to promote civility and encourage school harmony and to explore what dignity for all really means **Education Marginalization in Sub-Saharan Africa** Obed Mfum-Mensah,2018-08-15 This book focuses on education policy framework for educating marginalized children in sub Saharan Africa It uses marginality as a critical discourse to highlight the complicated ways education policy making in sub Saharan Africa have constructed and perpetuated marginality in the region since Africa s encounters with Europe The book is organized around two parts each of which discusses a specific dimension of the marginality and education policy nexus Part I focuses on theorizations of marginality and education The theoretical framework on marginality and education outlines the definitional and conceptual backgrounds on marginality the complicated ways policies of the Christian missionaries colonial governments and postcolonial governments constructed and perpetuated marginality in the region Part II focuses on addressing the issue of marginality from theory to practice These chapters highlight the ways policies shaped the educational development schooling processes and educational outcomes of selected marginalized communities and groups Attention is given to schooling in rural communities the complexities of girls education in rural contexts education of Zongo Muslim communities violence in school in rural contexts and education collaboration in rural traditional communities The book argues that education policies in sub Saharan Africa fail to address the educational needs of marginalized children because current policy frameworks are not based on examination of colonial policies which created the existing marginality In order to implement policies that address policy gaps and meet the educational needs of marginalized children strong synergies are necessary between education policy makers other education stakeholders and marginalized communities
