*Education in Modern China* R. F. Price, 2005-04 First published in 1970 this re issues the revised edition of 1979 This book examines the part played both by tradition and by the Cultural Revolution in the educational system of twentieth century China and explores the apparent reversal of policy which took place since the death of Mao The book discusses the writings of Mao on the nature of man society and knowledge and his ideas on education These are then seen in the context of history philosophy and religion Educational aims and policies are discussed showing how factors such as language geography economics and the social structure created obstacles to reform      *A History of Democratic Education in Modern China*

Lu-chai Chung, 1974      **Christianity and Education in Modern China** Wong Man Kong, George Kam Wah Mak, 2024-12-11 In *Christianity and Education in Modern China* Wong Man Kong George Kam Wah Mak and other contributors demonstrate how Christianity served as a driving force in the development of modern education in China Each of the chapters offers new insights into Christian involvement in different issues concerning education in modern China The contributors examine how Christian missionaries and Chinese Christian educators interacted with China's social cultural and political contexts Also explored are the Christian legacies of higher education in mainland China and Taiwan as well as how the spirit of Christian higher education in modern China has been carried on in Asia This volume suggests that Western missionary and Chinese Christian perspectives of higher education were complementary with each other in modern China Timely and informative *Christianity and Education in Modern China* tells the stories of less known Christian educators development experts and researchers who indigenized global knowledge and skills to address Chinese problems Its masterful narratives and analytical details highlight the transformative influence of Christianity on Chinese educational sphere Joseph Tse Hei Lee Pace University in New York Rich and broad this interdisciplinary volume holds a prism to Protestant Christian higher education in modern China Extending also to the Hong Kong and Taiwan regions its twelve chapters offer many new insights across the whole spectrum of educational activity in Chinese society in the twentieth century A rewarding read Ryan Dunch University of Alberta      **The Development of Education in Modern China** Clara Soo-Hoo, 1915      **Nationalism and Education in Modern China** Cyrus Henderson Peake, 1932 Presents a survey of the aims curricula and textbooks used in China from 1860 1930 to give a hint to the mental attitudes of that next generation      *Aspects of Private Education in Modern China* Weiwei

Kou,2003      **Citizenship and Education in Contemporary China** Yeow-Tong Chia,Zhenzhou Zhao,2023-05-31 A key objective of education in China is to cultivate one's moral values with the ultimate objective of becoming fully human Unlike the West which regards moral cultivation as related to but separate from citizenship cultivation East Asia including China views moral and citizenship cultivation as synonymous The essays in this book offer various perspectives on and understandings of Chinese citizenship and education by a group of scholars of Chinese heritage situated inside and outside of China They offer compelling evidence and rich theoretical discussions about the practice of teaching citizenship in the state education the interplay between citizenship and China's cultural and religious traditions and the construction of citizenship from the groups from marginal positions The book uses citizenship as a lens to examine the pressing issues of identity democracy religion and cosmopolitanism and sheds new light on China's ongoing social and educational changes Thinking through citizenship and citizenship education may act as an important driving force to transform the culture and paradigms of governance in China and the new meanings of becoming fully human This book will be of interest to researchers and advanced students of Education Politics Sociology and Public Policy The chapters in this book were originally published in various Routledge journals      Nationalism and Education in Modern China Cyrus H.. Peake,1932      *Private Education in Modern China* Peng Deng,1997-09-23 Briefly reviews the educational legacy of imperial China then traces the movement for private education from its beginning in the middle of the 19th century to the resurgence in post Mao China He includes Catholic and Protestant mission schools as well as other non governmental schools Deng describes educators as heroic figures and fills gaps in the record with laudatory comments Annotation copyrighted by Book News Inc Portland OR

*Economic Development in Modern China Before 1949* Guan Quan,2023-07-31 As the first volume of a two volume set on Chinese economic history this book investigates Chinese economic development between 1912 and 1949 and unravels the overall level during that time From the perspective of development economics the two volume set studies the economic history and development of China since 1912 with a focus on the quantitative analysis of economic activities Comprised of two core parts this first volume centering on the period of the Republic of China first describes the historical process and characteristics of the economy at different stages and then looks into the momentum and inner logic that underpin the economic development The former part covers issues of agriculture industry population and labour force urbanization price changes people's consumption and living standard regional difference etc The latter part includes discussions on natural and human resources capital formation and technological progress the role of government and finance international trade and foreign capital This title will be an interesting read for scholars and students working on Chinese economic history the Chinese economy and modern Chinese society      **Reproductive Realities in Modern China** Sarah Mellors Rodriguez,2023-01-19 Sarah Mellors Rodriguez explores how ordinary people navigated China's shifting fertility policies before and during the One Child Policy era      Urban Schools and English Language Education in Late Modern China Miguel

Pérez-Milans, 2013-07-24 Shortlisted for the 2014 BAAL Book Prize This book explores the meaning of modernization in contemporary Chinese education It examines the implications of the implementation of reforms in English language education for experimental urban schools in the People's Republic of China Pérez Milans sheds light on how national linguistic and cultural ideologies linked to modernization are being institutionally reproduced legitimated and interpersonally negotiated through everyday practice in the current context of Chinese educational reforms He places special emphasis on those reforms regarding English language education with respect to the economic processes of globalization that are shaping and being shaped by the contemporary Chinese nation state In particular the book analyzes the processes of institutional categorization of the good experimental school the good student and the appropriate knowledge that emerge from the daily discursive organization of those schools with special attention to the related contradictions uncertainties and dilemmas Thus it provides an account of the ongoing cultural processes of change faced by contemporary Chinese educational institutions under conditions of late modernity Winner of The University of Hong Kong's Faculty Early Career Research Output Award for outstanding book publication by the Faculty of Education

**Property Ownership and Private Higher Education in China** Spring Su, 2011-05-13 Recent decades have witnessed the proliferation in China of huge numbers of private universities and colleges in response to a wide ranging spectrum of socio economic and political demands under the country's flourishing market economy and its wholesale pursuit of decentralization This book explores the issue of property ownership an area which is regarded as an essential element in the attraction into the sector of local private institutions and foreign partnerships as well as in facilitating the future development of the country's existing institutions The focus throughout this book is primarily on the legal economic managerial and financial aspects of the relevant issues as well as other related topics such as consumer protections and fund raising activities A feasibility analysis and discussion is also provided on for profit universities and their potential market niches in China in recognition of the fact that the current regulations which allow private universities to maintain a non profit status whilst actually enjoying profit returns clearly provides some legitimacy to the phenomenon of for profit in disguise It is argued in this book that such quasi profit regulations may further exacerbate profiteering behavior whilst it is also noted that in the short term there is a clear need to provide adequate protections within the apparent hybrid version of an ownership system a system characterized by a mix of capitalism and socialism through the adoption of a definitive legal framework within which economic actors can coordinate their efforts through a mutually understood framework of action Finally it is clear that in the transition from the rule of the people to the rule of law legislation practices and compliance do not always go hand in hand in China thus the healthy development of the educational sector will undoubtedly require some time as well as the introduction of complementary mechanisms for such legislation to be fully enforced in practice This book concludes

### Education In Modern China Introduction

In today's digital age, the availability of Education In Modern China books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Education In Modern China books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Education In Modern China books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Education In Modern China versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Education In Modern China books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Education In Modern China books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Education In Modern China books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Education In Modern China books and manuals for download have transformed the way

we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Education In Modern China books and manuals for download and embark on your journey of knowledge?
