Consumer Behavior Morris B. Holbrook, 2004-12-02 Consumer Behavior presents an autobiographical view of Morris B Holbrook's contributions to the study of consumer behavior describing his life and work over the past 60 years via a collection of subjective personal introspective essays. This new collection extends enlarges and elaborates on the insights garnered over Holbrook's career to provide a lively and thought provoking exploration of the evolution of consumer research. Using Subjective Personal Introspection SPI Holbrook shares aspects of his own journey in developing insights into such topics as the consumption experience consumer value the jazz metaphor marketing education and various controversies that have interested the scholarly community. Early chapters portray Holbrook's evolution in college graduate school and faculty membership while later chapters trace his approaches to understanding the role of consumption as the essence of the human condition. Throughout SPI is used to illuminate the ways in which academic struggles have led toward deeper understandings of consumers. Readers with an interest in the autobiographical details of how ideas develop and emerge in an area such as consumer research including doctoral students or faculty members in the field of marketing will find enlightenment and inspiration in contemplating the mis adventures of a fellow traveler

Choice and Public Policy Peter Taylor-Gooby, 2016-01-06 Public policies increasingly emphasize active consumerism entrepreneurship on the part of service providers and professionals privatisation and an expanded role for markets. Choice and Public Policy draws on research by economists psychologists sociologists and public policy experts. The research demonstrates that the traditional rational choice model of economic behaviour is unsatisfactory in providing accounts of the way people choose in relation to work saving spending investment and social welfare. It also shows that the public policies of active consumerism public sector entrepreneurship and privatisation based on this approach are seriously flawed

Consumers, Policy and the Environment Klaus Günter Grunert, John Thøgersen, 2005-03-29 The role of the consumer has changed from seeking the most satisfaction from goods and services to reconciling consumption with active citizenship which links consumption to modern social issues such as environmental protection sound business ethics and fair working conditions Understanding consumers the way they buy products the way they relate to questions of environmental importance and the way they participate in public policy formulation processes is of vital importance to modern society In this book eminent researchers examine contemporary issues related to the field of consumers policy and the environment

Preference, Value, Choice, and Welfare Daniel M. Hausman, 2011-12-12 This book is about preferences principally as they figure in economics It also explores their uses in everyday language and action how they are understood in psychology and how they figure in philosophical reflection on action and morality The book clarifies and for the most part defends the way in which economists invoke preferences to explain predict and assess behavior and outcomes Hausman argues however that the predictions and explanations economists offer rely on theories of preference formation that are in need of further development and he criticizes attempts to define welfare in terms of preferences and to define preferences in terms of choices or self interest The analysis clarifies the relations between rational choice theory and philosophical accounts of human action The book also assembles the materials out of which models of preference formation and modification can be constructed and it comments on how reason and emotion shape preferences
