or somebody who guides and directs his subordinates A leader is someone who can do so much as to influence other people and enlist their aid and support Since the term and the idea itself slightly varies a handful of those whom we consider as leaders have given their insights regarding leadership It is a must to realize what leadership is for these people who have become leaders themselves Lao Tzu had something to say about leadership This much revered ancient Chinese philosopher and founder of Taoism is a leader himself His influences not only on his homeland but also on the entirety of the world have been so vast and powerful that his teachings continue to live on until today Lao Tzu said A leader is best when people barely know he exists when his work is done his aim fulfilled they will all say we did it ourselves Lao Tzu s thought on leadership is a rather deep one extending beyond the physical For Lao Tzu a leader does his job best when he can make his men accomplish their mission without him actually taking part in the physical endeavors A leader is someone who brings out his men s best potential not someone who does most of the work One of the greatest military leaders in the world's history the French general and emperor Napoleon Bonaparte appears to same almost the same thoughts of leadership with Lao Tzu When I give a minister an order I leave it to him to find the means to carry it out For him leadership is not about directing people all the way through getting a job done Being a leader involves choosing the right men to do the right job and letting them do it their Morning Ritual Guide: How To Wake Up Everyday Happy, Productive & Motivated, Build Self Discipline, Increase wav Positive Energy & Develop Success Habits Tom Norman, 2014-12-11 Morning Ritual Guide How To Wake Up Everyday Happy Productive Motivated Build Self Discipline Increase Positive Energy Develop Success Habits This book contains proven steps and strategies on how to be productive and to be successful with your day to day life This book also provides tips on how to be happy and on how you can harness inner peace Also the contents of this book provide proven steps on how to be the best you that you can be After reading this book surely your life will have a 180 turn from having boring mornings to having awesome ones Remember your day is shaped by the things you do the moment you wake up Here Is A Preview Of What You ll Learn Why Start Your Day Right A Cup of Happiness A Dose of Positivity A Leap of Faith Carpe Diem Much much more Start Your Day Right What do you do the moment you wake up Do you start your day by checking messages on your phone Or by checking your news feeds from different social media sites on your laptop Or by doing nothing because you don t really have any time for any morning rituals because you re late for work or school Or you simply woke up late and have nothing to do but sleep again Sounds familiar right You may be a night owl but being a morning person is not so bad According to researchers whatever you do first thing in the morning actually affects the whole day ahead You may be wondering how Let s put it this way you re a writer and you re starting a new book but you find it hard to start writing because you can t seem to make up your mind or better yet you have no springboard In another context you re an entrepreneur and you re starting out on a new venture but then you re having a hard time since you don't have enough resources Just like a good book having an awesome springboard or a successful business having enough resources you too must have an awesome springboard and
