Thomson Robert Browning, 1901 **Selected Poems of Elizabeth Barrett Browning** Elizabeth Barrett Browning, 1887 **Conversing in Verse** Elizabeth Helsinger, 2022-08-04 *Conversing in Verse* considers poems of conversation from the late eighteenth into the twentieth centuries the very period when a more restrictive conception of poetry as the lyric product of the poet's solitary self communing became entrenched With fresh insight Elizabeth Helsinger addresses a range of questions at the core of conversational poetry When and why do poets turn to conversation to explore poetry's potential How do conversation's forms and intentions shape the figures rhythms and prosody of poems to alter the reader's experience What are the ethical and political stakes of conversing in verse Coleridge Clare Landor Tennyson Robert Browning Christina and Dante Gabriel Rossetti Swinburne Michael Field and Hardy each composed poems that open difficult or impossible conversations with phenomena outside themselves Helsinger unearths an unfamiliar lyric history that produced some of the most interesting formal experiments of the nineteenth century including its best known the dramatic monologue *The Shelleys and the Brownings* Rieko Suzuki, 2022-01-13 This book is about the intertextual relationships between the works of the Shelleys and the Brownings While a lot of research has been done on the relationship between Percy Bysshe Shelley and Robert Browning virtually nothing has been said about the links between Mary Shelley and Robert Browning and very little on the connections between the Shelleys and Elizabeth Barrett Browning Rieko Suzuki seeks to address this blind spot by focusing on three areas in particular firstly the way that Browning's later poems reflect back on and re engage with Shelley's work secondly Mary Shelley's influence on Browning's early poems and thirdly Shelley's presence in and influence on Elizabeth Barrett Browning's writing In mapping out the various ways in which texts relate to other texts the book also identifies a number of important thematic threads that run throughout the work of all four writers These include theories of history and historical consciousness providing a further dimension to the question of influence They also include ideas about exile gender liberal politics and cultural heritage central to almost all the texts discussed here as the Shelleys and the Brownings in different ways and in varying contexts tried to negotiate the possibility of a more tolerant and resilient social political and cultural environment *A Study Guide for Christina Rossetti's "Uphill"* Gale, Cengage Learning, 2016 *A Study Guide for Christina Rossetti's Uphill* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs [Selected Writings](#) Leigh Hunt, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **The Cambridge Companion to Victorian Women's Poetry** Linda K.
