**The Elusive Consultant** Carol Marinelli, 2003      **Ants in my Brain** Sally-Ann Mowbray, 2025-05-01 ANTS IN MY BRAIN is a true story of a daughter's recovery from a serious acquired brain injury after being knocked down by a car whilst out running in London one morning in 2014. It's written from a mother's perspective. Rosie's journey starts at the side of the Durnsford Road South London where she was knocked down then to St Georges Hospital in Tooting. It continues onto The Wolfson neuro rehabilitation unit at Queen Mary's Hospital Putney and progresses to Charmouth in Dorset before Rosie eventually returns to London. Thought provoking and light hearted it aims to have the reader laughing crying and questioning. It has a real connection with life today and how a family copes with that curveball thrown at them out of the blue. It will take the reader through the different stages of brain injury recovery and is entwined with the reality of day to day life. It incorporates heartfelt passages from mother to daughter at different stages and is interspersed at poignant points with lyrics about recovery from a current folk punk singer songwriter permission agreed with Frank Turner and Xtra Mile recordings. This inspirational book aims to show how a serious injury to a family member can have knock on effects to others close to them and how love and support can make the difference to a person's recovery from a life changing accident. It also proves how our brains have amazing powers to heal themselves and how remaining positive and hopeful can pull us through those dark times in our lives. It could be helpful to brain injury survivors their families and friends and many others going through trauma and challenging times of any sort. It may also be helpful to professionals and students both medical and therapeutic as it gives a positive insight into NHS critical care to community care told through the eyes of someone outside of these professions. It is largely based in St Georges hospital Tooting a well known London hospital due to the TV series 24 hours in A and E which could make it an appealing read for followers of this programme. It also references West Dorset which is a popular destination for holiday makers with its glorious countryside and seascapes.      One Night in Emergency Carol Marinelli, 2015-02-15 The only person that can save Sister Eleanor Lewis seriously injured and held hostage is emergency consultant Rory Hunter. Rory's the father of Eleanor's baby only he doesn't know it and he has to rescue them both before time runs out.      Management Consulting Today and Tomorrow Larry E. Greiner, Flemming Poulfelt, 2010-04-02 This book provides a thorough examination of a variety of specialties within the broad range of management consulting. A book of such scope and depth could only be written by a large number of experts each from one of the many specialties related to management consulting. Together all 27 contributors take the reader through an industry that is currently undergoing significant change. While covering all the major practice areas of consulting the book also offers new insights into change processes and addresses compelling management issues now facing consulting firms.      The Elusive Consultant (Mills & Boon Medical) Carol Marinelli, 2015-04-27 Emergency charge nurse Tessa Hardy is stunned to discover Max Slater is moving to England without his fiancé. Tess is secretly in love with Max and his decision has turned her world upside down.

organizing initiatives in the expert society are based in an objectifying view of expertise that risks concealing and downplaying key aspects of expertise Well intended organizing initiatives in the expert society thus run the risk of promoting ignorance rather than securing expertise Focusing on a current general and global phenomenon the rise and organization of an expert society The Organization of the Expert Society will be key reading for scholars academics and policy makers in the management fields of Organizational Theory Management Consulting Organizations Society Critical Management Studies as well as the disciplines of Sociology Political Science and Social Anthropology The Seven Cs of Consulting Mick Cope, 2012-09-26 The definition of a consultant is someone who facilitates organisational change and provides expertise on technical functional and business topics during development or implementation In other words a consultant is someone who helps others to change However change isn't such an easy target to achieve Research shows that the vast majority of change programmes fail On a daily basis we hear about projects that are delayed cancelled over budget or boycotted by the end user The problem is that we can never force people to change remember the backlash against Jamie Oliver's healthy school meals campaign where parents handed junk food to their children through school fences The key to successful change is to engage with the end user and help them want to change The Seven Cs of Consulting offers a consistent and collaborative language that helps both consultant and client deliver value through sustainable change Based around the author's highly successful 7Cs model Client Clarify Create Change Confirm Continue Close this approach is simple and accessible but firmly grounded in research and real life experience The 7Cs approach opens up the complexity of sustainable change to the consultant and client and helps them explore and then avoid the real issues that cause change to fail within a more professional and trusting relationship The full text downloaded to your computer With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you'll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed The Irresistible Consultant's Guide to Winning Clients David A.
