

Elusive Peace In The Middle East

**Everett Mendelsohn, Garland E.
Allen, Roy M. MacLeod**

Elusive Peace In The Middle East:

The Elusive Peace (Routledge Revivals) William R. Polk, 2013-12-16 The Elusive Peace first published in 1979 highlights the crucial developments in the Middle East during the twentieth century the coming of nationalism the struggle for independence the effects of the Cold War and the four hot wars in the Middle East The numerous attempts to solve the conflicts and the ultimate failure of such attempts are discussed with particular reference to the war in Lebanon and its relation to larger conflicts As an American emissary during the Kennedy Johnson and Nixon years William Polk is unique in his ability to assess the key personalities and provide thorough analysis considering Sadat and Begin and the American policies of Dulles and Kissinger This is a fascinating and inclusive study which provides essential background to the on going turmoil in the Middle East

Elusive Peace in the Middle East Malcolm H. Kerr, 1975-06-30 The Elusive Peace William Roe Polk, 1988 *The Elusive Peace in the Middle East* Malcolm H. Kerr (Historiker, USA), 1975 **Priorities for Peace in the Middle East** United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on Near Eastern and South Asian Affairs, 1975 **Conflict and Peace in the Middle East** Hatem Shareef Abu-Lebdeh, 1997 The Middle East plays a significant role in world affairs as the region continues to experience political economic and military upheavals that have international implications The daily developments in Middle East issues influence both regional and international affairs In Conflict and Peace in the Middle East Dr Abu Lebdeh traces the origins of current conflict by analyzing historical events and formative issues in the Middle East He details from the turn of the 20th century the impact of the Ottoman Empire the Anglo French alliance the two World Wars and foreign intervention in the region as well as more recent events such as the fall of the Soviet Union and the Persian Gulf War relating these to the present situation and the Middle East peace process As a foundation for this analysis Dr Abu Lebdeh explains selected approaches to the study of bilateral relations system analysis influence national interest and national perceptions Using the perceptual approach the book examines the impact of national perceptions on the Arab Israeli conflict and inter Arab relations It highlights U S interaction with Middle Eastern countries particularly U S Jordan relations in demonstrating how perceptual changes affect national policies Dr Abu Lebdeh also examines relationships between perceptual changes and policy modifications The book analyzes the Arab Israeli conflict and the crucial role of the United States as mediator and facilitator in the Middle East peace process Within the perceptual framework the book discusses such developments as the Oslo agreement the Israeli Jordanian peace treaty and the incremental steps toward comprehensive peace accords With its thorough historical background and solid political scholarship and analysis this book helps illuminate the origins and complexity of and current responses to Middle East conflict and peace

Middle East Peace Prospects United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on Near Eastern and South Asian Affairs, 1976 *Peace in the Middle East* David Astor (Hon.), Valerie Yorke, 1978 *Science, History and Social Activism* Everett Mendelsohn, Garland E. Allen, Roy M. MacLeod, 2001 This book

highlights not only aspects of the career of Everett Mendelsohn one of the premier historians of biology of our age but also a wide range of topics that are now grouped under the general heading of science studies This broad collection includes articles on the relations between science and the military science as narrative natural history and conservation Marxism and science the Human Genome Project and the relation of philosophy to the study of embryonic development in the 18th century This book is essential not only for those who admire Professor Mendelsohn s work but also for those who want a slice of the current field of science studies Audience The main readership of this volume consists of historians of science technology and medicine and sociologists of science The book will also appeal to philosophers of science and biologists Those interested in Middle Eastern studies will find the discussion of Professor Mendelsohn s political work in this area as well as the article dealing with his activism in general of considerable interest *American Arabists in the Cold War Middle East, 1946-75* Teresa Fava Thomas, 2016-07-06 This book examines the careers of 53 area experts in the US State Department s Middle East bureau during the Cold War Known as Arabists or Middle East hands they were very different in background education and policy outlook from their predecessors the Orientalists A highly competitive selection process and rigorous training shaped them into a small corps of diplomatic professionals with top notch linguistic and political reporting skills Case studies shed light on Washington s perceptions of Israel and the Arab world as well as how American leaders came to regard and often disregard the advice of their own expert advisors This study focuses on their transformative role in Middle East diplomacy from the Eisenhower through the Ford administrations *The Arab-Israeli Conflict Transformed* Hemda Ben-Yehuda, Shmuel Sandler, 2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict *Mythologies Without End* Jerome Slater, 2020-10-01 The history of modern Israel is a fiercely contested subject From the Balfour declaration to the Six Day War to the recent assault on Gaza ideologically charged narratives and counter narratives battle for dominance not just in Israel itself but throughout the world In the United States and Israel the Israeli cause is treated as the more righteous one albeit with important qualifiers and caveats In *Mythologies Without End* Jerome Slater takes stock of the conflict from its origins to the present day and argues that US policies in the region are largely a product of mythologies that are often flatly wrong For example the Israelis treatment of Palestinians after 1948 undermined its claim that it was a true democracy and the argument that Arab states refused to negotiate with Israel for decades is simply untrue Because of widespread acceptance of

these myths in both the US and Israel the consequences have been devastating to all of the involved parties In fact the actual history is very nearly the converse of the mythology it is Israel and the US that have repeatedly lost discarded or even deliberately sabotaged many opportunities to reach fair compromise settlements of the Arab Israeli and Israeli Palestinian conflicts As Slater reexamines the entire history of the conflict from its onset at the end of WWI through the Netanyahu era he argues that a refutation of the many mythologies that is a necessary first step toward solving the Arab Israeli conflict Focusing on both the US role in the conflict and Israel s actions this book exposes the self defeating policies of both nations policies which have only served to prolong the conflict far beyond when it should have been resolved **McNamara,**

Clifford, and the Burdens of Vietnam, 1965-1969 Edward J. Drea, 2011 Volumes 1-5 have series title History of the Office of the Secretary of Defense **Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56** Neil

Caplan, 2021-03-04 These four volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between 1913 and 1956 Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources providing an essential reference source for the student of the Arab Israeli conflict and its long history Political Culture and Conflict Resolution in the Arab Middle East Benjamin MacQueen, 2009 Political Culture and Conflict Resolution in the Arab Middle East develops a method for examining the explanatory capacity of political culture in relation to the issues of civil war and conflict resolution in Lebanon and Algeria How perception shaped by values and assumptions affects political behaviour presents scholars with potentially valuable but also dangerous possibilities Namely seeking to explore the explanatory capacity of the nebulous concept of political culture can prospectively lead to the cul de sacs of essentialism or relativism In an attempt to engage with the concept of political culture this book develops a method for examining the explanatory capacity of political culture in relation to the issues of civil war and conflict resolution in Lebanon and Algeria Applying strict limits on the implementation of political culture in an explanatory capacity namely its role as a secondary relational and comparative concept this book demonstrates how political culture operates to shape the form and affect the legitimacy of conflict resolution processes This is applied to two peace agreements Lebanon s Taef Agreement and Algeria s Civil Concord Here the importance of contextuality is emphasised in developing a space where political culture can provide explanatory capacity whilst remaining connected to macro theoretical concepts **Futile Diplomacy** Neil Caplan, 2013-10-23 These two volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between the first and second Arab Israeli wars Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable

peace The author examines the recurring deadlocks in terms of the motives and calculations of the various parties and reveals how new incentives of pressures offered by outsiders proved incapable of reversing the serious deterioration of Arab Israeli relations as the region headed for war at Suez The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources

The Discourse of Palestinian-Israeli Relations Sean F.

McMahon,2010-04-15 Many observers have portrayed the Oslo Process as a milestone in the peacemaking process between Palestinians and Israelis In this controversial and groundbreaking new work McMahon challenges the interpretation of the Oslo Process as a breakthrough or new beginning in Palestinian Israeli relations He argues that the Oslo Process affected no discursive or non discursive change and that the Oslo Process in fact institutionalized the analytics practices involved in Israeli and Palestinian relations It should McMahon concludes be no surprise that the process ended with direct Palestinian Israeli violence This book will be crucial reading for scholars of Israeli and Palestinian relations as well as anyone who is interested in understanding what discursive change must occur for peace between Israel and Palestinians to be established and sustained

The Much Too Promised Land Aaron David Miller,2008-12-30 For nearly twenty years Aaron David Miller has played a central role in U S efforts to broker Arab Israeli peace as an advisor to presidents secretaries of state and national security advisors Without partisanship or finger pointing Miller records what went right what went wrong and how we got where we are today Here is a look at the peace process from a place at the negotiation table filled with behind the scenes strategy colorful anecdotes and equally colorful characters and new interviews with presidents secretaries of state and key Arab and Israeli leaders Honest critical and often controversial Miller s insider s account offers a brilliant new analysis of the problem of Arab Israeli peace and how it still might be solved

Kurds and Yezidis in the Middle East

Günes Murat Tezcür,2021-01-28 The diversity of Kurdish communities across the Middle East is now recognized as central to understanding both the challenges and opportunities for their representation and politics Yet little scholarship has focused on the complexities within these different groups and the range of their experiences This book diversifies the literature on Kurdish Studies by offering close analyses of subjects which have not been adequately researched and in particular by highlighting the Kurds relationship to the Yazidis Case studies include the political ideas of Ehmede Xani the father of Kurdish nationalism Kurdish refugees in camps in Iraq the perception of the Kurds by Armenians in the late Ottoman Empire and the Turks in modern Western Turkey and the important connections and shared heritage of the Kurds and the Yazidis especially in the aftermath of the 2014 ISIS attacks The book comprises the leading voices in Kurdish Studies and combines in depth empirical work with theoretical and conceptual discussions to take the debates in the field in new directions The study is divided into three thematic sections to capture new insights into the heterogeneous aspects of Kurdish history and identity In doing so contributors explain why we need to pay close attention to the shifting identities and the diversity of the Kurds and what implications this has for Middle East Studies and Minority Studies more generally

The Road to Shalom:

Navigating the Middle Eastern Maze Pasquale De Marco, 2025-03-16 In a world grappling with conflict and division *The Road to Shalom Navigating the Middle Eastern Maze* emerges as a beacon of hope offering a comprehensive exploration of the Arab Israeli conflict and the quest for lasting peace This book delves deep into the historical roots of the struggle the key players involved and the challenges that have stymied efforts to achieve a peaceful resolution It examines the various peace initiatives that have been undertaken the obstacles that have hindered progress and the role of international diplomacy in shaping the course of events Particular attention is paid to the Israeli Palestinian conflict a central and deeply emotional aspect of the broader Arab Israeli conflict The book analyzes the historical grievances the human toll of the occupation the complexities of the settlement issue and the challenges of achieving a two state solution It also explores the impact of regional and international actors the role of terrorism and the importance of economic development and people to people initiatives in fostering reconciliation Beyond the Israeli Palestinian conflict the book examines the broader regional and international dimensions of the Arab Israeli conflict It discusses the impact on regional stability the involvement of regional actors such as Egypt Jordan and Saudi Arabia the role of the international community and the shared threat of terrorism It highlights the need for regional cooperation economic ties and security arrangements to create a foundation for lasting peace Throughout the book the critical role of the United States as a catalyst for peace is examined The book analyzes the challenges of US diplomacy the impact of domestic politics and the need for a comprehensive approach that addresses the root causes of the conflict It also emphasizes the importance of multilateral cooperation and the role of international organizations in supporting peace efforts *The Road to Shalom* concludes with a call for action urging readers to recognize the urgency of peace and the devastating human economic and environmental costs of conflict It highlights the moral imperative to act and the need for renewed leadership visionary diplomacy and creative thinking to chart a path towards a just and lasting peace This book is a must read for anyone seeking a deeper understanding of the Arab Israeli conflict and the complexities of peacemaking in the Middle East If you like this book write a review
