Embattled Triangle Moscow Peking New Del:

Moscow's Third World Strategy Alvin Z. Rubinstein, 2021-04-13 The description for this book Moscow's Third World Strategy will be forthcoming

Social Change, Charism and International Behaviour B. Korany, 2024-12-02 The Eagle and the Peacock Srinivas M. Chary, 1995-03-21 This work is a study of American foreign policy toward India since 1947 It examines the roles that the United States has played on the South Asian stage during the 45 years that constitute the history of the Cold War In contrast to the interest that Cold War historians have displayed toward such areas as Europe and the Far East little has been done with regard to India Many Indian analyses consist largely of cliches and stereotypes and adopt an intensive tone of moral judgement With the end of the Cold War in the 1990s the need for this study is more compelling since the politics of the Cold War had so greatly shaped Indo American relations from the beginning of modern India's independence

The Indian Ocean and the Superpowers Rasul Bux Rais, 1987-01-01 This study focuses on the political and strategic implications of the presence in the Indian Ocean of the United States and the Soviet Union The author examines the geopolitics of the region in historical perspective and describes the evolution of U S and Soviet strategy in the Indian Ocean The central theme of the book is that the naval deployments of the superpowers should be seen in the context of each power's economic and security interests rather than in the context of military rivalry The book provides an incisive and comprehensive account of U S and Soviet strategies in the Indian Ocean by establishing and integrating the links between the economic political and strategic dynamics of the situation

The End of an Isolation: China After Mao Harish Kapur, 2024-10-28

China and the European Economic Community: The New Connection Harish Kapur, 2024-10-28

Foreign Policies of India's Prime Ministers Harish Kapur, 2013-11-01 The book is on the Prime Ministers of India since Jawaharlal Nehru A chapter is devoted to each of them with a focus on their foreign policies The broad organisational framework designed and deployed in this publication begins with a brief analysis of their formative years their perceptions of the international system and the architecture of their foreign policies before delving into their decisional process and before concluding with an evaluation of their role All the Prime Ministers were obviously not interested in international affairs Though the dimensional size of the country had unavoidably pushed all of them to deal with foreign affairs their role was variegated and their performance was unequal While the Nehru Gandhi family were the icons of Indian diplomacy there were others like Morarji Desai V P Singh H D Deve Gowda Chandra Shekar etc who were really marginal either because their mandate was limited by time or by interest The uniqueness of the book lies in the fact that the author has dealt with all the Prime Ministers including the ones for whom foreign policy was not crucial

Decision-making in Foreign Policy Sita Ramachandran, 1996 The foreign policy of a country operating at a global and regional levels has to grapple with political economic and security issues in Concrete World situation Since foreign policy is formulated by the leaders to serve the best interest of a country an objective and realistic assessment of the world situation and countries also play a role There are only

a few remarkable work with a focus on personality and foreign policy choices The aim of the present book is to take into account all the factors that were influential in the decision making processes The objective is not just who took the decision but instead to probe why a particular decision was taken and what prompted the decision In doing so the work has endeavoured to analyse all the relevant variables including the personality involved that were influential in the outcome of the decision
