Freedom And Development Uhuru Na Maendeleo:

Freedom and Development, Uhuru Na Maendeleo Julius Kambarage Nyerere, 1974 **Post-colonial struggles for** a democratic Southern Africa Carolyn Bassett, Marlea Clarke, 2017-06-26 National liberation one of the grand narratives of the twentieth century has left a weighty legacy of unfulfilled dreams. This book explores the ongoing struggle for legitimate accountable political leaders in postcolonial Southern Africa focussing on dilemmas arising when ex liberation movements form the governments While the spread of multi party democracy to most countries in the region is to be celebrated democratic practice often has been superficial a limited elitist politics that relies on the symbols of the liberation struggle to legitimate de facto one party rule and authoritarian practices Using country cases from Tanzania Swaziland Zimbabwe South Africa and Zambia the collection explores three subthemes relevant to postcolonial governance in Southern Africa how the struggle for liberation shapes the character of political transformation the nature of rule in one party dominant states headed by former liberation movements and the processes of governance and resistance in post liberation contexts This book was published as a special issue of the Journal of Contemporary African Studies Kwanzaa Molly Aloian, 2009 Kwanzaa is an African American holiday celebrated from December 26 to January 1 while celebrating Kwanzaa people eat delicious foods wear special clothes sing dance and celebrate their ancestors **Taifa** James R. Brennan, 2012-05-29 Taifa is a story of African intellectual agency but it is also an account of how nation and race emerged out of the legal social and economic histories in one major city Dar es Salaam Nation and race both translatable as taifa in Swahili were not simply universal ideas brought to Africa by European colonizers as previous studies assume They were instead categories crafted by local African thinkers to make sense of deep inequalities particularly those between local Africans and Indian immigrants Taifa shows how nation and race became the key political categories to guide colonial and postcolonial life in this African city Using deeply researched archival and oral evidence Taifa transforms our understanding of urban history and shows how concerns about access to credit and housing became intertwined with changing conceptions of nation and nationhood Taifa gives equal attention to both Indians and Africans in doing so it demonstrates the significance of political and economic connections between coastal East Africa and India during the era of British colonialism and illustrates how the project of racial nationalism largely severed these connections by the 1970s **Quotable Quotes Of Mwalimu Julius K Nyerere** C. Liundi, 2011-12-29 President Juliys Kambarge Nyerere was the first President of the United Republic of Tanzania and Founder of the Nation He came into power through the ballot a democratic process held in 1961 and remained in power for more than two decades Mwalimu Nyerere was a gifted and morally upright man He was a true son of Africa a PanAfricanist a nationalist charismatic orator steadfast thinker diplomat and above all a teacher He chose to be called simply Mwalimu Teacher Throughout his term of office he gave hundreds of speeches some were prepared in advance others given extemporaneously The Mwalimu Nyerere Foundation founded by Mwalimu Nyerere himself in 1996 has assembled and put

his speeches and writings into books The Ouotations in this book are only those picked from the books in Freedom Series and his University Lectures They are presented and arranged under the following themes Philosophy of life Equality of Man Colonialism Tanzanias Revolution Democracy Selfreliance Rural Development Nonalignment African Unity the United Nations Leadership and Education Kwanzaa Keith A. Mayes, 2009-09-10 Kwanzaa Black Power and the Making of the African American Holiday Tradition explores the beginning and expansion of Kwanzaa from its start as a Black Power holiday to its place as one of the most mainstream black holiday traditions From African Peer Review Mechanisms to African Queer Review Mechanisms? Artwell Nhemachena, Victor Warikandwa, 2019-04-22 Tracing recent bouts of globalised Mugabephobia to Robert Mugabes refusal to be neoimperially penetrated this book juxtaposes economic liberalisation with the mounting liberalisation of African orifices Reading land repossession and economic structural adjustment programmes together with what they call neoimperial structural adjustment of African orifices the authors argue that there has been liberalisation of African orifices in a context where Africans are ironically prevented from repossessing their material resources Juxtaposing recent bouts of Mugabephobia with discourses on homophobia the book asks why empire prefers liberalising African orifices rather than attending to African demands for restitution restoration and reparations Noting that empire opposes African sovereignty autonomy and centralisation of power while paradoxically promoting transnational corporations centralisation of power over African economies the book challenges contemporary discourses about shared sovereignty distributed governance heterarchy heteronomy and onticology Arguing that colonialists similarly denied Africans of their human essence the tome problematises queer sexualities homosexuality ecosexuality cybersexuality and humanoid robotic sexuality all of which complicate supposedly fundamental distinctions between human beings and animals and machines Provocatively questioning queer sexuality and liberalised orifices that serve to divert African attention from the more serious unfinished business of repossessing material resources the book insightfully compares Robert Gabriel Mugabe Thomas Sankara and Julius Kambarage Nyerere who emphasised the imperatives of African autonomy ownership control and sovereignty over natural resources Observing Africans interest in repossessing ownership and control over their resources the book wonders why so much queer international attention is focused on foisting queer sexuality while downplaying more burning issues of resource repossession human dignity equality and equity craved by Africans for whom life is not confined to sexuality With insights for scholars in sociology development studies law politics African studies anthropology transformation decolonisation and decoloniality the book argues that liberal democracy is a faade in a world that is actually ruled through Language, Society, and Empowerment in Africa and Its Diaspora Akinloyè Òjó,2022-09-06 Africa s criminocracy diversity is best illustrated linguistically Thousands of endogenous and exogenous languages are linked to and central to the identity and reality of Africans Language is a vital lens for analyzing these multifaceted challenges in Africa where a deeper understanding of the entire linguistic landscape is germane to understanding sociopolitical and cultural systems

Concentrating on instrumental and emblematic functions of language in Africa Language Society and Empowerment in Africa and Its Diaspora argues for the critical value of African languages beyond functionality into philosophical consideration of their importance for African unity and advancement Akinloy j calls for the development and empowerment of African languages to serve in various domains including the support of basic literacy and daily survival of their users j propagates ways to empower African languages for African sociocultural and economic development in the twenty first century The author productively engages works by linguists and language pedagogues to provide an ardent case for the empowerment of African languages in the renewed era of globalization the internet and an emergent Global Africa j posits and accentuates some of the notable modalities for empowering African languages in specialized domains for national and continental development Remembering Julius Nyerere in Tanzania Fouere, Marie-Aude, 2015-11-05 This edited volume is about the rekindled investment in the figure of the first president Julius K Nyerere in contemporary Tanzania It explores how Nyerere is remembered by Tanzanians from different levels of society in what ways and for what purposes Looking into what Nyerere means and stands for today it provides insight into the media the political arena poetry the education sector or street corner talks The main argument of this book is that Nyerere has become a widely shared political metaphor used to debate and contest conceptions of the Tanzanian nation and Tanzanian ness The state citizens relationship the moral standards for the exercise of power and the contours of national sentiment are under scrutiny when the figure of Nyerere is mobilized today The contributions gathered here come from a generation of budding or renowned scholars in varied disciplines history anthropology and political science Drawing upon materials collected through extensive fieldwork and archival research they all critically engage the existing literature about Tanzania and prevailing political narratives to explore how nationhood is re imagined in Tanzania today through assent and contest Language, Globalization and the Making of a Tanzanian **Beauty Queen** Sabrina Billings, 2013-11-29 Through micro analysis of language use this book chronicles young women s pathways to becoming a Tanzanian beauty queen offering an original perspective on the intersection of language with globalization nationalism and inequality in urban East Africa This compelling linguistic ethnography considers the real life effects both on and off stage of language policy education and gender dynamics for the women competing in the pageants While highlighting many contestants struggles for escape from poverty and patriarchy the book also emphasizes their creative strategies linguistic and otherwise for bettering their lives and shows how people living in a global economic periphery take part in and sometimes feel left out of the wider world The World Bank Legal Review, Volume 5 Hassane Cisse, N. R. Madhava Menon, Marie-Claire Cordonier Segger, Vincent O. Nmehielle, 2013-11-26 This volume explores the potentially transformative role of effective laws and legal institutions in providing people with more opportunity that is both inclusive and equitable The Political Impact of African Military Leaders Sabella Ogbobode Abidde, Felix Kumah-Abiwu, 2023-06-28 This edited volume examines the cases of four African military leaders who had enormous impact

on the continent and beyond These military officers and later heads of state Jerry Rawlings of Ghana Moammar Gaddafi of Libva Thomas Sankara of Burkina Faso and Gamal Abdel Nasser of Egypt were provocative and polarizing figures beloved domestically but mostly viewed with suspicion and hostility by foreign governments This volume studies these leaders as a group engaging in a critical but systematic examination of their personalities leadership styles official performance legacies and their continuing impact on the future and political destiny of the continent Providing a survey of controversial but important African political figures this volume will be of use to scholars and students in the social sciences especially those interested in African history African studies military science Black studies political science leadership studies and the politics of developing nations Politics and higher education in East Africa from the 1920s to 1970 Bhekithemba R. Mngomezulu, 2012-01-01 The main objective of this book is to establish the salient reasons why higher education was developed in East Africa and specifically why the Federal University of East Africa was constituted The book will identify the factors responsible for the collapse of this regional institution in June 1970 Another objective of this book is to demonstrate how the history of the University of East Africa sheds light on colonial and post colonial policies on education especially higher education as a contribution to educational planning in contemporary Africa Afrikan Mind Reconnection & Spiritual Re-Awakening Dr. Lumumba Umunna Ubani, 2011-01-17 The need for Afrikan mind regeneration and spiritual reawakening A people who have lost these two principal inner qualities of mind can hardly find their through selves in life This book is an attempt to begin the processes of African self rediscovery The ending of slavery and colonialism removed only our physical agony but the trauma of long and extended torture left deep rooted anguish within the psyche of African race The effects of this imprint legacy will continue until we start addressing these negative effects In an effort to do this the book has provided several suggestions Some of the program are being provided at the Institute of Mind Talk Afrika WHY LEADERS FAIL AND PLUNGE THE INNOCENT INTO A SEA OF AGONIES AGOLA AUMA-OSOLO, 2013-11 This book is a diagnosis of the cause effects of leadership failure endemic that has often plunged the innocent mankind globally into a sea of various agonies throughout all generations Because of the criticality of the failures of leadership and the crucial aim of science and professional ethic to save humanity from every danger of insecurity the book employs an interdisciplinary approach in order to not only achieve the aim but also be exhaustively thorough vis vis the identity and behavior of the mysteries surrounding the root cause of this particular problem that seems to have always evaded full recognition of previous etiological efforts It does so in order that the root cause may no longer continue to cause further havoc to humanity with total impunity on the strength of this approach and also being cognizant to the fact that man always perishes due to either lack of knowledge or to his despise of knowledge Hosea 4 6 the book discovers that since antiquity during our patriarch Adam to the present agonies of destruction of life property and the environment caused by leadership poverty abound and is globally increasing very alarmingly on the equal proportion with the growth of our civilization which could easily lead to a global catastrophe the

given presence of the monuclear weaponry These agonies arise from intra and interstate strifes and displaced persons exodus madly in search of a safe haven kleptocracy justice sale contrary to a leader s oath of office and professional ethics etc which consequently leads to the innocent s frustration anger and retaliation in the form of strikes terrorism coup d etat etc against the source of their frustration But although mankind has to date achieved commendable discoveries in both bioscience and physical science for reliable remedies to human agonies caused by both natural and man made disasters unfortunately such substantive achievements have not been witnessed in both social and behavioral sciences against the root cause of bad governance which has been the principal causal factor to perpetual man made agonies to humanity Consequently from its etiology of this bad governance the book unearths man's habitual dishonesty and disobedience to his own oath of office and God's commandment to every leader contained in the Holy Bible under 2 Samuel 23 2 4 ordering that one must be just to all that one rules over in conformity to one s oath of office as actual root causes the book confirms these as being responsible for all leadership failures ranging from the patriarch Adam's leadership to leadership failures of various kingdoms of Old Israel and during our own generation today the latter include the colonial leaders followed by leaders of independent Africa who like Judas Iscariot paradoxically continue to betray and sentence their innocent African continent people to perpetual agonies of poverty diseases corruption and other various symptoms of underdevelopment and dependency in a contravention of their own original promises during their struggle for independence from colonialism and imperialism and also their own vow during their oath of office as leaders of Independent Africa Thus the significance of this book to both academia and total humanity for their etiological efforts against the vice Prominent African Leaders Since *Independence* Willie Seth, This work focuses on the most influential African leaders since independence African Leaders Since Independence Bridgette Kasuka, 2012-02-08 Some of the most prominent leaders of the independence struggle in Africa are covered in this book They include leaders who were involved in armed struggle against colonial rule and white minority regimes Some of them overthrew black governments And there are those who supported liberation wars in the countries of southern Africa by providing military bases and other forms of assistance to the freedom fighters The book also includes some leaders whose countries were the first or were among the first to win independence in Africa And the leader of a country that was the only one which was never colonised is also included in the book There are many others They are all united by one thing They are among the most prominent Africa has ever produced since independence Natural Resource Sovereignty and the Right to Development in Africa Carol Chi Ngang, Serges Djoyou Kamga, 2021-08-25 This book explores the nexus between natural resources ownership and the right to development in Africa The right to sovereignty over natural resources and the right to development are recognised and protected in an extensive framework of international regional and domestic instruments They guarantee people s entitlement to fully and freely utilise their natural resources as a means of subsistence and for economic social and cultural development Yet despite the abundance of natural resources in

Africa a majority of the people on the continent remain largely impoverished This book articulates the central argument that to achieve the right to development in Africa requires appropriate governance of the continent's natural resources to which the people of Africa are guaranteed sovereign ownership With case study illustrations from Zimbabwe Ghana Ethiopia and the Democratic Republic of Congo chapters explore the normative measures specific guarantees and community entitlements to natural resources for the realisation of the right to development The book will be an invaluable guide to scholars and postgraduate students of Natural Resources Development and African studies as well as policymakers and practitioners in Neoliberalism, Development, and Aid Volunteering Nichole Georgeou, 2012 This work comes at an important time of global crisis and change where the world is ravaged by natural disasters wars and poverty This has increased the pressure on governments and other organisations such as volunteer sending agencies which provide aid and we have seen an upward trend in the number of people volunteering abroad Within this volatile environment neoliberal ideology on how aid should be provided and implemented has become embedded in how policy is formulated A market driven model of aid provision has become the norm and governments are increasingly focused on international development volunteering as a form of soft diplomacy This is the first qualitative empirical study of international development volunteering The book contributes theoretical knowledge on International Volunteering Sending Agencies IVSAs and examines practitioner experience in development volunteering in the context of emerging policy developments Critical analysis highlights the impact of global and social changes and provides a nuanced understanding of development volunteer motivation and the relationship between volunteers and sending agencies The book also puts forward an agenda and model for volunteer sending that addresses the complexities and diversity of the volunteer experience Handbook of Research on Educational Leadership and Research Methodology Wang, Viktor, 2022-06-24 Education inevitably influences society and our future As literature and experience tells educational leaders impact not only their institutions but ultimately the learning outcomes for a large portion of society s members Educational leaders are charged with more than creating a viable future for an institution they are also charged with contributing to and creating a viable positive human future not an easy task amid the turbulence and disruption of our times The Handbook of Research on Educational Leadership and Research Methodology discusses the evolution of educational leadership knowledge thoughts and practices by sharing the perspectives experiences theories and philosophies related to educational leadership and research methodologies across all levels of education Covering topics such as critical race design toxic leadership and adult learning this major reference work is a critical resource for faculty and administrators of both K 12 and higher education principals superintendents chancellors directors pre service teachers teaching instructors government officials librarians researchers and academicians
