Freedom Through Inner Renunciation Sankaras Philosophy In A New Light:

Freedom Through Inner Renunciation Roger Marcaurelle, 2002 This Book Is The First Full Length Study Of Renunciation In Sankara S Advaita Vedanta **Freedom Through Inner Renunciation** Roger Marcaurelle, 2000 But this study brings Sankara s real position to light and shows that for him inner renunciation of ego and doership was the only indispensable form of renunciation Monasticism was quite useful but not mandatory Using Sankara s own hermeneutical principles as well as the modern philological approach Marcaurelle shows the basic processes of interpretation and misinterpretation that can shape fundamental aspects of a spiritual tradition BOOK JACKET Ritual Innovation Brian K. Pennington, Amy L. Allocco, 2018-02-01 Challenges prevailing conceptions of what religious ritual does and how it achieves its ends Religious rituals are often seen as unchanging and ahistorical bearers of long standing traditions But as this book demonstrates ritual is a lively platform for social change and innovation in the religions of South Asia Drawing from Hindu and Jain examples in India Nepal and North America the essays in this volume written by renowned scholars of religion explore how the intentional conscious and public invention or alteration of ritual can effect dramatic social transformation whether in dethroning a Nepali king or sanctioning same sex marriage Ritual Innovation shows how the very idea of ritual as a conservative force misreads the history of religion by overlooking ritual s inherent creative potential and its adaptability to new contexts and circumstances The breadth of coverage in Ritual Innovation is extraordinary and refreshing in terms of the types of contemporary ritual practices and practitioners receiving attention not to mention the geographic spread across South Asia This book makes a significant contribution to the scholarly literature on South Asian religions and contemporary Hinduism Karlene McLain author of *The Afterlife of Sai Baba Competing Visions of a Global Saint* *The Ethics of Sankara and Santideva* Warren Lee Todd, 2016-03-23 Exploring the philosophical concerns of the nature of self this book draws from two of the most influential Indian masters a kara and ntideva Todd demonstrates that an ethics of altruism is still possible within a metaphysics which assumes there to be no independent self A new ethical model based on the notions of flickering consciousness and constructive altruism is proposed By comparing the metaphysics and ethics of a kara and ntideva Todd shows that the methodologies and aims of these Buddhist and Hindu masters trace remarkably similar cross cutting paths Treating Buddhism and Hinduism with equal respect this book compares and reinterprets the Indian material so as to engage with contemporary Western debates on self and to show that Indian philosophy is indeed a philosophy of dialogue The Vivekacudamani of Sankaracarya Bhagavatpada John Grimes, 2018-10-24 Advaita Vedanta is one of the most important and widely studied schools of thought in Hindu religion and the Vivekacudamani is one of the most important texts in the Advaita tradition and the most popular philosophical work ascribed to the great Indian philosopher Sankara Sankara c 650 700 is considered to be a giant among giants and probably the most venerated philosopher in India s long history The Vivekacudamani is in the form of a dialogue between a preceptor guru and a pupil sisya expounding the quintessence of

Advaita in which the pupil humbly approaches the preceptor and having served the teacher selflessly implores to be rescued from worldly existence samsara The guru promises to teach the way to liberation moksha which culminates in the ecstatic experience of one's own Self This book presents an accessible translation of the entire text and also includes Upanisadic cross referencing to most of its 580 verses extensive notes a lengthy Introduction list of variant readings an extensive bibliography and an index to the verses All those interested in Indian religion and philosophy Hindu studies or Sanskrit will find this readable English translation of an Indian philosophical classic invaluable

Exploring Ātman from the Perspective of the Vivekacūḍāmaṇi Walter Menezes, 2017-08-31 This book investigates the central metaphysics and epistemology of Advaita Although the vastness of Advaita literature has grown to immense proportions there has been a glaring lacuna in unraveling its philosophical theological and religious implications This volume undertakes a thematic search on the conception of tman in an all important Advaitic text the Vivekacūḍāmaṇi and other supportive texts of the same genre Walter Menezes aims to revive Advaita as a sound philosophical system by driving away the cloud of negativity associated with it thereby opening a new chapter in the history of Advaita philosophy

Knowing Beyond Knowledge Thomas A. Forsthoefel, 2020-09-10 This title was first published in 2002 This book builds on contemporary discussion of mysticism and religious experience by examining the process and content of religious knowing in classical and modern Advaita Drawing from the work of William Alston and Alvin Plantinga Thomas Forsthoefel examines key streams of Advaita with special reference to the conditions contexts and scope of epistemic merit in religious experience Forsthoefel uniquely employs specific analytical categories of contemporary Western

epistemologies as heuristics to examine the cognitive dimension of religious experience in Indian Vedanta Showing the developing nuances in the analysis of religious experience in the thought of Shankara and his immediate disciples Suresvara and Padmapada as well as in the teaching of Ramana Maharshi an understudied but important South Indian saint of the 20th century this book offers a substantial contribution to studies of Indian philosophy as well as to contemporary philosophy of religion Using the tools of exegesis and comparative philosophy Forsthoefel argues for a careful justification of claims following religious experience even if such claims involve as they do in the Advaita a paradoxical knowing beyond knowledge

Augustine and World Religions Brian Brown, John A. Doody, Kim Paffenroth, 2008-05-30 Augustine and World Religions examines Augustine's thought for how it can inform modern inter religious dialogue Despite Augustine's reputation as the father of Christian intolerance one finds in his thought the surprising claim that within non Christian writings there are some truths in regard even to the worship of the One God This it seems hints at a deeper level of respect and dialogue between religions because one engages in such dialogue in order to better understand and worship God The essays here uncover provocative points of comparison and similarity between Christianity and other religions to further such an Augustinian dialogue

The Ocean of Inquiry Michael S. Allen, 2022 This book argues for the importance of vernacular Vedanta and draws attention to the late scholastic period of Indian philosophy Focusing on The Ocean of Inquiry of Niscaldas ca 1791 1863 a work once referred to as the most influential book in India the present book highlights the author's vision of intellectual inquiry as a spiritual practice and argues for the relevance of scholastic traditions to the emergence of modern Hinduism

The Hidden Lives of Brahman Joël André-Michel Dubois, 2014-02-12 Finalist for the 2014 Best First Book in the History of Religions presented by the American Academy of Religion a kara's thought advaita ved nta or non dual ved nta is a tradition focused on brahman the ultimate reality transcending all particular manifestations words and ideas It is generally considered that the transcendent brahman cannot be attained through any effort or activity While this conception is technically correct in *The Hidden Lives of Brahman* Joël André-Michel Dubois contends that it is misleading Hidden lives of brahman become visible when analysis of a kara's seminal commentaries is combined with ethnographic descriptions of contemporary Brahmin students and teachers of ved nta a group largely ignored in most studies of this tradition Dubois demonstrates that for a kara as for Brahmin tradition in general brahman is just as much an active force fully connected to the dynamic power of words and imagination as it is a transcendent ultimate
