THE ENDURING IMPORTANCE OF THE AMERICAN REVOLUTION

"In times the past, the American Revolution was how shocking it was when it occurred. One's sense of the importance of history was the American Revolution. We have been a little bit of a go down. Warren is a wake-up."

Post/Colonialism and the Pursuit of Freedom in the Black Atlantic Jerome C Branche, 2018-01-19 Post Colonialism and the Pursuit of Freedom in the Black Atlantic is an interdisciplinary collection of essays of wide historical and geographic scope which engages the legacy of diaspora colonialism and slavery The contributors explore the confrontation between Africa s forced migrants and their unwelcoming new environments in order to highlight the unique individual experiences of survival and assimilation that characterized Atlantic slavery As they focus on the African or Afro diasporan populations under study the chapters gauge the degree to which formal independence coming out of a variety of practices of opposition and resistance lasting centuries in some cases has translated into freedom security and a good life By foregrounding Hispanophone Lusophone and Francophone African and Afro descendant concerns over and against an often Anglo centric focus in the field the book brings a more representative approach to the area of diaspora or Black Atlantic studies offering a more complete appreciation of Black Atlantic cultural production across history and across linguistic barriers

Freedom Reclaimed John E. Schwarz, 2005-01-02 A political scientist examines how the meaning of freedom has changed in American discourse and how we can reclaim our most treasured value The vision of American freedom that the Founders enshrined in the Declaration of Independence is very different from the free market idea of freedom that is ascendant today In Freedom Reclaimed John E Schwarz examines the profound implications of this shift in political rhetoric Schwarz shows how the three decade shift toward free market freedom has brought economic hardship to the majority of Americans and suffering to the

political life of the nation As the nation moves further away from its impelling original commitment most Americans now have only limited access to the freedom the Founders envisioned In policy discussions on employment education social issues and health care Schwarz recasts our understanding of what freedom means and involves He then sets forth a program that can help America return to its ennobling vision and resume its historic journey **Freedom** Joy Hakim,2003 Explores the history of freedom and the battle to uphold the freedom in America *The Drama of Social Life* Jeffrey C. Alexander,2017-09-05 In this book Jeffrey Alexander develops the view that cultural sociology and cultural pragmatics are vital for understanding the structural turbulence and political possibilities of contemporary social life Central to Alexander s approach is a new model of social performance that combines elements from both the theatrical avant garde and modern social theory He uses this model to shed new light on a wide range of social actors movements and events demonstrating through striking empirical examples the drama of social life Producing successful dramas determines the outcome of social movements and provides the keys to political power Modernity has neither eliminated aura nor suppressed authenticity on the contrary they are available to social actors who can perform them in compelling ways This volume further consolidates Alexander s reputation as one of the most original social thinkers of our time It will be of great interest to students and scholars in sociology and cultural studies as well as throughout the social sciences and humanities **Contemporary Kemalism** Toni Alaranta,2014-02-03 The nature and content of Kemalist ideology in Turkey during the last twenty years is analysed in this book In order to place the current manifestations of this Turkish official modernising ideology in the two part context of globalisation and the re sacralisation of the world Contemporary Kemalism scrutinises the texts of five prominent Kemalist intellectuals After defining the unquestioned ideological premises of Kemalism such as its implied liberal philosophy of history and its idea about human nature the book describes Kemalism s vision of the ideal society Kemalism s close relationship to social democracy and neo nationalism is then discussed in detail Also included is an analysis of contemporary Kemalism s relation to earlier Kemalist articulations The study demonstrates that various previous assumptions both Western and Turkish concerning Kemalism s nature and content are too simplistic and thus unable to account for the endurance of this ideology and its continuing relevancy in present day Turkey Inviting the reader to contemplate contemporary Kemalism s ambiguous relationship with the Western world this book will be of value to scholars and researchers with an interest in Middle Eastern Politics *Modernization Theory and Political Ideology* *The Road Map* John Quemars Naimi,2024-09-11 Cyrus Force was founded in 1998 by John Quemars Naimi It inspired and joined many Americans and Iranian Americans and many more human rights lovers and Cyrus Followers In the last fifteen years many other Iranians have joined the Cyrus Force and are firm believers in changing the Iranian constitution and the eventual fall of the Ayatollas **Ugly Freedoms** Elisabeth R. Anker,2021-10-25 In *Ugly Freedoms* Elisabeth R Anker reckons with the complex legacy of freedom offered by liberal American democracy outlining how the emphasis of individual liberty has always been entangled with white supremacy settler colonialism climate

destruction economic exploitation and patriarchy These ugly freedoms legitimate the right to exploit and subjugate others At the same time Anker locates an unexpected second type of ugly freedom in practices and situations often dismissed as demeaning offensive gross and ineffectual but that provide sources of emancipatory potential She analyzes both types of ugly freedom at work in a number of texts and locations from political theory art and film to food toxic dumps and multispecies interactions Whether examining how Kara Walker s sugar sculpture *A Subtlety Or the Marvelous Sugar Baby* reveals the importance of sugar plantations to liberal thought or how the impoverished neighborhoods in *The Wire* blunt neoliberalism s violence Anker shifts our perspective of freedom by contesting its idealized expressions and expanding the visions for what freedom can look like who can exercise it and how to build a world free from domination
