

FREEDOM AND THE

JOSEPH ROSENFARB

ADMINISTRATIVE STATE

"This book deals so fundamentally with the crucial problems facing us that the public official, the social scientist and indeed every citizen will benefit in years to come from this influential volume." SENATOR ROBERT F. WAGNER

Freedom The Administrative State

**Sara Iglesias Sánchez, Maribel
González Pascual**

Freedom The Administrative State:

Unmasking the Administrative State John Marini, 2019-01-29 The election of Donald J Trump to the presidency shocked the political establishment triggering a wave of hysteria among the bicoastal elite that may never subside The biggest shockwaves of all however were felt not in the progressive parishes of Manhattan or San Francisco but in the halls of the political elite's cherished and oft overlooked center of power Washington DC's sprawling administrative state for President Trump represented an existential threat to its denizens who came to be known as swamp creatures How did it come to pass that the draining of the swamp would become a core aim of the Trump administration impacting everything from judicial appointments to the federal budget and regulatory policy Marini's unmasking of the administrative state goes beyond bureaucracy or legalism to its core in an intellectual elite whose consensus transcends whatever disagreements flare up The universities the media and think tanks that denounce Trump are its heart The answer to this question and many more lies in the underappreciated but revolutionary scholarship of Professor John Marini collected in his new book **Unmasking the Administrative State** which tells the critical missed story of the last century of political history The ascendance of the theory behind and resultant growth of an administrative state that has supplanted limited constitutional government with the tyranny of unbounded anticonstitutional bureaucracy Marini illustrates the existential threat of the administrative state to our republic exposes the regressive philosophy from which it springs and argues for the reassertion of the founding principles to restore self government The Trump administration may be the best chance to apply the lessons of Marini's life's work and seize this remarkable opportunity to restore power to its rightful owners the American people

Devotion to the Administrative State Mona Oraby, 2024-03-26 Why the pursuit of state recognition by seemingly marginal religious groups in Egypt and elsewhere is a devotional practice Over the past decade alone religious communities around the world have demanded state recognition exemption accommodation or protection They make these appeals both in states with a declared religious identity and in states officially neutral toward religion In this book Mona Oraby argues that the pursuit of official recognition by religious minorities amounts to a devotional practice Countering the prevailing views on secularism Oraby contends that demands by seemingly marginal groups to have their religious differences recognized by the state in fact assure communal integrity and coherence over time Making her case she analyzes more than fifty years of administrative judicial trends theological discourse and minority claims making practices focusing on the activities of Coptic Orthodox Christians and Bah in modern and contemporary Egypt Oraby documents the ways that devotion is expressed across a range of sites and sources including in lawyers' offices administrative judicial verdicts televised media and film and invitation only study sessions She shows how Egypt's religious minorities navigated the political and legal upheavals of the 2011 uprising and now persevere amid authoritarian repression In a Muslim majority state they assert their status as Islam's others finding belonging by affirming their difference and difference Oraby argues is the necessary foundation for collective life

Considering these activities in light of the global history of civil administration and adjudication Oraby shows that the lengths to which these marginalized groups go to secure their status can help us to reimagine the relationship between law and religion

The Administrative State Armin von Bogdandy, Sabino Cassese, Peter M. Huber, 2017 This is the first volume of The Max Planck Handbooks of European Public Law Volume I The Administrative State frames the administrative regimes of Europe in a comparative perspective analysing the evolution of state and administration of major European jurisdictions and examining issues that cut across national boundaries

Indian Affairs and the Administrative State in the Nineteenth Century Stephen J. Rockwell, 2010-06-07 Stephen J Rockwell analyzes the role of national administration in Indian affairs and other national policy areas related to westward expansion in the nineteenth century

Women and Leadership in the European Union Henriette Müller, Ingeborg Tömmel, 2022-03-03 This volume is the first comprehensive analysis of women's ascendance to leadership positions in the European Union as well as their performance in such positions It provides a new theoretical and analytical framework capturing both positional and behavioural leadership and the specific hurdles that women encounter on their path to and when exercising leadership The volume encompasses a detailed set of single and comparative case studies analyzing women's representation and performance in the core EU institutions and their individual pathways to and exercise of power in top level functions as well as comparative analyses regarding the position and behaviour of women in relation to men Based on these individual studies the volume draws overarching conclusions about women's leadership in the EU Regarding positional leadership women continue to be underrepresented in leadership positions they more often hold less prestigious portfolios in such positions and manifold structural hurdles hamper their access to power Furthermore huge variations exist across EU institutions with the intergovernmental bodies being the hardest to access Regarding behavioural leadership women acting in powerful EU positions generally perform excellently They successfully exercise a combined leadership style that integrates attributes of leadership considered to be masculine and feminine This is not to argue that women per se are the better leaders Yet more often than men they are exposed to stronger selection processes and their prevalent practice of a combined leadership style tends to best meet the requirements of modern democratic systems and particularly those of the highly fragmented EU

The Roots of American Tyranny Pasquale De Marco, 2025-04-30 The Roots of American Tyranny exposes the hidden history of the American government's rise to power and its assault on our freedoms Drawing on a wealth of rare political literature and long forgotten government documents this book reveals how the so called emergency powers of the President have been used to supplant the Constitution and establish a centralized military despotism From the usurpations of Abraham Lincoln to the New Deal democracy of Franklin Delano Roosevelt this book traces the steady erosion of our liberties It shows how the government has used its expanding powers to suppress dissent erode privacy and plunder the economy This book is a wake up call for all Americans who cherish their freedom It is time to reclaim our Republic and restore the principles of limited government and

individual liberty Pasquale De Marco is a historian and author who has spent years researching the decline of American freedom He has written extensively on the topics of government overreach the erosion of civil liberties and the rise of the surveillance state Pasquale De Marco is a passionate advocate for individual liberty and limited government He believes that the American people must be informed about the threats to their freedom if they are to have any hope of preserving it If you like this book write a review on google books *The ^APublic's Law* Blake Emerson,2019-02-15 The Public s Law shows how bureaucracy can advance democracy It develops a Progressive understanding of law and politics from American thinkers transformation of German theories of the state emphasizing that the state must provide the goods people need to participate in democratic politics Using examples from the New Deal and the Civil Rights Era the book develops a normative theory with implications for deliberative democratic theory constitutional theory and administrative law Freedom and the Rule of Law Anthony Arthur Peacock,2010-01-01 Freedom and the Rule of Law takes a critical look at the historical beginnings of law in the United States and how that history has influenced current trends regarding law and freedom Anthony Peacock has compiled articles that examine the relationship between freedom and the rule of law in America The rule of law is fundamental to all liberal constitutional regimes whose political orders recognize the equal natural rights of all **Freedom and Criminal Responsibility in American Legal Thought** Thomas Andrew Green,2014-10-27 This book deals with the most fundamental problem in criminal law the way in which free will and determinism relate to criminal responsibility

Public Freedom Dana Villa,2008-08-11 The freedom to take part in civic life whether in the exercise of one s right to vote or congregate and protest has become increasingly less important to Americans than individual rights and liberties In Public Freedom renowned political theorist Dana Villa argues that political freedom is essential to both the preservation of constitutional government and the very substance of American democracy itself Through intense close readings of theorists such as Hegel Tocqueville Mill Adorno Arendt and Foucault Villa diagnoses the key causes of our democratic discontent and offers solutions to preserve at least some of our democratic hopes He demonstrates how Americans preoccupation with a market based conception of freedom that is the personal freedom to choose among different material moral and vocational goods has led to the gradual erosion of meaningful public participation in politics as well as diminished interest in the health of the public realm itself Villa critically examines among other topics the promise and limits of civil society and associational life as sources of democratic renewal the effects of mass media on the public arena and the problematic but still necessary ideas of civic competence and democratic maturity Public Freedom is a passionate and insightful defense of political liberties at a moment in America s history when such freedoms are very much at risk *Called to Freedom* Elise Daniel,2017-01-09 Conservatism Republican politics and traditional Christianity are thought by some to go together like baseball and apple pie Yet for a growing number of people libertarian political thought provides an alternative to the traditional Christian right That number includes the six young authors of this book who explore and expound the case that one can be both a Christian and a

libertarian Called to Freedom explores the major points of tension between the Christian faith and political liberty to demonstrate why the two can coexist in harmony Through their own personal experiences and from six different perspectives the authors offer both thoughtful arguments and encouragement to anyone navigating the space between Christianity and libertarianism It is in that space that the authors have found a home one that prioritizes the kingship of Jesus Christ and the inherent dignity of the people created in his image If you are a Christian exploring libertarian thought or if you feel caught between your Christian beliefs and libertarian political instincts this book is written for you Contributors Jacqueline Isaacs is the inaugural Fellow in Strategic Communication at the American Studies Program in Washington DC She earned her MBA in marketing at Johns Hopkins University and her BS in government at Oral Roberts University Jason Hughey is a certified personal trainer and group fitness instructor He earned his BA in government from Regent University in 2012 and worked for several liberty advancing nonprofits before switching to the fitness industry full time Taylor Barkley lives in Washington DC with his wife and works at a public policy organization and part time with Search Ministries He graduated from Taylor University with a degree in history and political science Leah Hughey is a graduate of Regent University where she studied government and history She works at a Christian ministry focused on fostering collaboration between charities and churches to solve social problems in the cities they serve Leah has been happily married to coauthor Jason since 2013 Philip Luca is an award winning marketing strategist working with tech companies and startups in the DC area He currently serves on the board of the American Marketing Association DC as the VP of Social Media He holds two graduate degrees from Liberty University in digital media and theology

Revolution and the Meanings of Freedom in the Nineteenth Century Isser Woloch, 1996 In the aftermath of the French Revolution freedom came to have a host of meanings This volume examines these contested visions of freedom both inside and outside of revolutionary situations in the nineteenth century as each author explores and interprets the development of nineteenth century political culture in a particular national context The common focus is the struggle in various countries to define advance or delimit freedom after the French Revolution The introductory chapter evokes the problematic relationships between reform and revolution and introduces themes that appear in subsequent chapters though each chapter is a free standing interpretive essay Among the issues addressed are the growth of the public sphere and associational movements battles over constitutionalism parliamentary institutions and the franchise the role of the state in inhibiting or expanding citizenship and the rule of law the resort to violence by parties of order or parties of change and the intrusion of new social questions or ethnic conflicts into the political arena

Making Democratic Theory Democratic Stephen Turner, George Mazur, 2023-03-03 This book addresses a timely and fundamental problematic the gap between the aims that people attempt to realize democratically and the law and administrative practices that actually result The chapters explain the realities that administration poses for democratic theory Topics include the political value of accountability the antinomic character of political values the relation between ultimate ends and the

intermediate ends that are sought by constitutions and a reconsideration of the meaning of the rule of law itself The essays are inspired by the demystifying realism of Max Weber and Hans Kelsen including explications of their views on law constitutions and the rule of law The book will be of interest to social and political theorists philosophers of law and legal theorists and for discussions of democratic theory the administrative state constitutionalism and justice as well as to readers of Weber and Kelsen

Fundamental Rights in the EU Area of Freedom, Security and Justice Sara Iglesias Sánchez, Maribel González Pascual, 2021-07-29 The development of the Area of Freedom Security and Justice has transformed the European Union and placed fundamental rights at the core of EU integration and its principles of mutual recognition and trust The impact of the AFSJ in the development of an EU standard of fundamental rights which has come to the fore since the Treaty of Lisbon is a topic of great theoretical and practical importance This is the first systematic academic study of the AFSJ and its implications from the point of view of fundamental rights The contributions to this collection examine the normative and jurisprudential development of the AFSJ in order to assess its effects on the overall construction of the scope and standards of protection of EU fundamental rights in this particularly complex and sensitive field of integration The expert contributors systematically map and critically assess this area of EU law together with the relevant case law

Public Administration in the Developed World Parmanand Parashar, 1997

Equality and Freedom in Rancière and Foucault Stuart Blaney, 2024-12-12 Responding to the increasing need for new and peaceful forms of emancipation Stuart Blaney offers a unique solution in the synergy between two pioneering strands of continental philosophy Michael Foucault's ideas on freedom and Jacques Rancière's ideas on equality Building a dialogue between these two thinkers Blaney presents new perspectives on their work and a clear picture that emancipation comes from everyday practices rather than any particular movement or revolution In exploring these combined views of equality and freedom Blaney draws on some of the central facets of both concepts including revolution disagreement care for the self free speech and stoicism To put these ideas into a practical framework of real lived experience we are introduced to the figure of Louis Gabriel Gauny the 19th century worker poet and self confessed plebeian philosopher Gauny is a nexus for Rancière's and Foucault's ideas his life exemplifying a dual mode of existence in between conformity and political revolution This lived philosophy of equality and freedom shows the strong synergy between the two concepts with one reinforcing the other and strengthening their efficacy as forms of emancipatory practice

The U.S. Freedom of Information Act at 50 W. Wat Hopkins, 2019-12-18 The federal Freedom of Information Act FOIA which recently turned 50 has been hailed as the primary means by which US citizens can know about how their governors operate in a democratic republic Recently however it has been criticized as ineffective because it is cumbersome and full of loopholes This book examines the role and effectiveness of the FOIA comparing the FOIA world with the pre FOIA world rating its effectiveness compared to other access laws internationally examining ways in which it can be improved and questioning whether it should be dismantled and replaced This book was

originally published as a special issue of Communication Law and Policy **Arendt on Freedom, Liberation, and Revolution** Kei Hiruta, 2019-03-06 This edited volume focuses on what Hannah Arendt famously called the *raison d'être* of politics freedom The unique collection of essays clarifies her flagship idea of political freedom in relation to other key Arendtian themes such as liberation revolution civil disobedience and the right to have rights In addressing these contributors to this volume juxtapose Arendt with a number of thinkers from Isaiah Berlin John Rawls and Philip Pettit to Karl Marx Frantz Fanon and Geoffroy de Lagasnerie They also consider the continuing relevance of Arendt's work to some of the most dramatic events in recent years including the current global refugee crisis the Arab uprisings of the 2010s and the ongoing crisis of liberal democracy in the West and beyond Contributors include Keith Breen Joan Cocks Tal Correm Christian J Emden Patrick Hayden Kei Hiruta Anthony F Lang Jr Shmuel Lederman Miriam Leonard Natasha Saunders William Smith and Shiyu Zhang International Encyclopedia of Public Policy and Administration Volume 1 Jay Shafritz, 2019-03-01 This is the first volume of a four volume encyclopaedia which combines public administration and policy and contains approximately 900 articles by over 300 specialists This Volume covers entries from A to C It covers all of the core concepts terms and processes of applied behavioural science budgeting comparative public administration development

The Rule of Freedom Patrick Joyce, 2020-05-05 The liberal governance of the nineteenth century state and city depended on the rule of freedom As a form of rule it relied on the production of certain kinds of citizens and patterns of social life which in turn depended on transforming both the material form of the city its layout architecture infrastructure and the ways it was inhabited and imagined by its leaders citizens and custodians Focusing mainly on London and Manchester but with reference also to Glasgow Dublin Paris Vienna colonial India and even contemporary Los Angeles Patrick Joyce creatively and originally develops Foucauldian approaches to historiography to reflect on the nature of modern liberal society His consideration of such artifacts as maps and censuses sewers and markets public libraries and parks and of civic governments and city planning are intertwined with theoretical interpretations to examine both the impersonal often invisible forms of social direction and control built into the infrastructure of modern life and the ways in which these mechanisms shape cultural and social life and engender popular resistance
