## **Freedom Without Responsibility:**

**Freedom Without Responsibility** Bruce N. Waller, 1990 In this book Bruce Waller attacks two prevalent philosophical beliefs First he argues that moral responsibility must be rejected there is no room for such a notion within our naturalist framework Second he denies the common assumption that moral responsibility is inseparably linked with individual freedom Rejection of moral responsibility does not entail the demise of individual freedom instead individual freedom is enhanced by the rejection of moral responsibility According to this theory of no fault naturalism no one deserves either blame or reward In the course of arguing against moral responsibility Waller critiques major compatibilist arguments by Dennett Frankfurt Strawson Bennett Wolf Hampshire Glover Rachels Sher and others In addition the implications of denying moral responsibility for individual freedom for moral judgments and moral behavior and for social justice are examined the supposed dire consequences of the denial of moral responsibility are challenged and the benefits of denying moral responsibility are described Author note Bruce N Waller Assistant Professor of Philosophy at Youngstown State University Youngstown Ohio is the author of Critical Thinking Consider the Verdict **My Life - My Responsibility: Living**

VanSciver,2015-10-08 GeneralitiesofDistinction bridges the gap between theory and practice VanSciver has lived the public education experience for more than six decades as a student teacher father principal director superintendent and professor That meaningful insight has shaped his perspective on topics such as accountability the achievement gap ethics special education teacher evaluation and politics matters he tackles with a deep richness in this thoughtful look at our nation s education system Including scenarios depicting real situations relating to the content this book exposes the difference between what should be and what is

*The Elements of Ethics* James Hervey

Hyslop,1895      **Christian Economic Heterodoxy** Piotr Kopiec,Marcin Składanowski,Przemysław Kantyka,2024-08-12 This volume could be written differently It could present the Protestant theological view on the economy from Luther Zwingli and Calvin until contemporary prominent theologians Or it could be a description of the teaching of one of the Protestant Churches or denomination Or it could be an investigation of the traces of Protestant theology in the contemporary prevailing economic order All such presentations could be hugely interesting and accurate and they would be reasonable in light of the most critical questions of today s world However the authors would propose a different approach that is not disjunctive contrasting or opposing to the above mentioned and that instead wants to reveal new trends and processes occurring in the Protestant world and bringing a new more critical view on capitalism and its offspring such as consumptionism

*Overwhelming Methodology of Deception* Max Adam Duncan,2022-05-04 There was a dilemma with writing this book In order to understand the tip of the iceberg it s necessary to understand the iceberg Unfortunately if you don t believe the tip of the iceberg you re certainly not going to believe the iceberg Jesus said If I tell you earthly things and you don t believe me how can I tell you heavenly things It took me about ten years but I finally made the iceberg believable and understandable to most people The book involves government conspiracy which is the very tip of the iceberg The book explains the iceberg first and works its way up to conspiracy To understand the iceberg it was necessary to push the envelope of the conventional realm of perceived reality and go into metaphysics galactic allies and galactic enemies The book explains how humanity is going to go through a transitional period and into a new paradigm of experience Although this book often quotes from God what we call God and Jesus it s unquestionably not a religious book      [People Love Dead Jews: Reports from a Haunted Present](#) Dara Horn,2021-09-07 Winner of the 2021 National Jewish Book Award for Con tem po rary Jew ish Life and Prac tice Finalist for the 2021 Kirkus Prize in Nonfiction A New York Times Notable Book of the Year A Wall Street Journal Chicago Public Library Publishers Weekly and Kirkus Reviews Best Book of the Year A startling and profound exploration of how Jewish history is exploited to comfort the living Renowned and beloved as a prizewinning novelist Dara Horn has also been publishing penetrating essays since she was a teenager Often asked by major publications to write on subjects related to Jewish culture and increasingly in response to a recent wave of deadly antisemitic attacks Horn was troubled to realize what all of these assignments had in common she was being asked to write about dead Jews never about living ones In these essays Horn reflects on subjects as far flung as the international veneration of Anne Frank the mythology that Jewish family names were changed at Ellis Island the blockbuster traveling exhibition Auschwitz the marketing of the Jewish history of Harbin China and the little known life of the righteous Gentile Varian Fry Throughout she challenges us to confront the reasons why there might be so much fascination with Jewish deaths and so little respect for Jewish lives unfolding in the present Horn draws upon her travels her research and also her own family life trying to explain Shakespeare s Shylock to a curious ten year old her anger when swastikas are drawn on desks in her children s school the profound perspective offered

by traditional religious practice and study to assert the vitality complexity and depth of Jewish life against an antisemitism that far from being disarmed by the mantra of Never forget is on the rise As Horn explores the not so shocking attacks on the American Jewish community in recent years she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity Now including a reading group guide *Holidays, Holy Days, and Special Days* William Powell

Tuck,2015-11-13 What s a preacher to do with holidays Some seem to almost preach themselves especially those in the church calendar Others are more secular or may seem to conflict with the church calendar Some are even controversial and require a gentle but firm touch of the preacher s art William Powell Tuck is a master preacher and in this book he demonstrates his sensitivity to the issues raised by some of the holidays and special days of the year along with his grounding in biblical studies theology and homiletics You can read these sermons as essays if you want but they are not light devotionals They are serious efforts to grapple honestly with issues and to guide a church community in learning and growing as they celebrate their lives their families and their communities For the preacher these sermons can serve as models for how to approach these days as well as providing insight into the various issues involved *Existential Psychology*
