Freedoms Given Freedoms Won Afro Brazilians In Post Abolition Sao Paulo And Salvador:

Freedoms Given, Freedoms Won Kim D. Butler, 1998 *Freedoms Given Freedoms Won* explores the ways Afro Brazilians in two major cities adapted to the new conditions of life after the abolition of slavery and how they confronted limitations placed on their new freedom The book sets forth new ways of understanding why the abolition of slavery did not yield equitable fruits of citizenship not only in Brazil but throughout the Americas and the Caribbean Afro Brazilians in Sao Paulo and Salvador lived out their new freedom in ways that raise issues common to the entire Afro Atlantic diaspora In Sao Paulo they initiated a vocal struggle for inclusion in the creation of the nation's first black civil rights organization and political party and they appropriated a discriminatory identity that isolated blacks In contrast African identity prevailed over black identity in Salvador where social protest was oriented toward protecting the right of cultural pluralism Of all the eras and issues studied in Afro Brazilian history post abolition social and political action has been the most neglected Butler provides many details of this period for the first time in English and supplements published sources with original oral histories Afro Brazilian newspapers and new state archival documents currently being catalogued in Bahia *Freedoms Given Freedoms Won* sets the Afro Brazilian experience in a national context as well as situating it within the Afro Atlantic diaspora through a series of explicit parallels particularly with Cuba and Jamaica

Brazilian-African Diaspora in Ghana Kwame

Essien, 2016-10-01 *Brazilian African Diaspora in Ghana* is a fresh approach challenging both pre-existing and established notions of the African Diaspora by engaging new regions conceptualizations and articulations that move the field forward This book examines the untold story of freed slaves from Brazil who thrived socially culturally and economically despite the challenges they encountered after they settled in Ghana Kwame Essien goes beyond the one-dimensional approach that only focuses on British abolitionists funding of freed slaves resettlements in Africa The new interpretation of reverse migrations examines the paradox of freedom in discussing how emancipated Brazilian Africans came under threat from British colonial officials who introduced stringent land ordinances that deprived the freed Brazilian Africans from owning land particularly Brazilian land Essien considers anew contention between the returnees and other entities that were simultaneously vying for control over social political commercial and religious spaces in Accra and tackles the fluidity of memory and how it continues to shape Ghana's history The ongoing search for lost connections with the support of the Brazilian government inspiring multiple generations of Tabom offspring of the returnees to travel across the Atlantic and back especially in the last decade illustrates the unending nature of the transatlantic diaspora journey and its impacts

The Making of Brazil's Black Mecca

Scott Ickes, Bernd Reiter, 2018-10-01 One of the few interdisciplinary volumes on Bahia available *The Making of Brazil's Black Mecca* Bahia Reconsidered contains contributions covering a wide chronological and topical range by scholars whose work has made important contributions to the field of Bahian studies over the last two decades The authors interrogate and problematize the idea of Bahia as a Black Mecca or a haven where Brazilians of African descent can embrace their cultural

and spiritual African heritage without fear of discrimination In the first section leading historians create a century long historical narrative of the emergence of these discourses their limitations and their inability to effect meaningful structural change The chapters by social scientists in the second section present critical reflections and insights some provocative on deficiencies and problematic biases built into current research paradigms on blackness in Bahia As a whole the text provides a series of insights into the ways that inequality has been structured in Bahia since the final days of slavery

Racism in Novels Elaine Rocha, 2010-04-16 During the first half of the twentieth century both countries witnessed the advance of capitalism translated into an aggressive police of development with the exploitation of minerals construction of railways and roads urbanization and industrialization Along with the economic development Brazilian and South African society tried to take control of their society meaning to control the population in order to maintain the status quo For that end racial definitions classifications theories and policies were fundamental As the features of South African politics and policies of racial segregation emerged with new colors for the world after the end of the Apartheid regime given the testimonies the released documents and the new analysis Brazilians have been pushed to face the problem of racial exclusion unmasking its image as a racial paradise under the lights of new studies as well Elaine Rocha uses novels published in both countries between 1912 and 1953 as a window from where one could see how cultural perceptions policies and of racial differentiation were reflected in the everyday life The analysis of the literary content plus the authors biographies political ideologies and the problems they were facing and interacting together with their intentions of affecting the lives of the readers with the tragedy they illustrated in their novels claiming for a change in the real world

Brazil-Africa Relations in the 21st Century Mathias Alencastro, Pedro Seabra, 2020-10-12 This is one of the first books to analyse the full cycle of rise and fall of Brazil's foreign policy towards Africa in the beginning of the 21st century During his government former president Luiz Inácio Lula da Silva 2003-2010 made the drive towards Africa one of the cornerstones of Brazilian diplomacy and cooperation In a bid to build strategic trading partnerships with African counterparts Lula's government committed itself to an ambitious program centred on provisions in loans and credits as well as the exponential growth of its South-South cooperation After Lula however this drive towards Africa started to decline and finally collapsed in face of political meltdown in Brazil and the proliferation of controversial judicial investigations that directly involved political leaders at the centre of most initiatives undertaken in the 2000s The rise and fall of Brazil-Africa relations has provoked much discussion in policy making as well as scholarly research This book seeks to provide valuable resources to the study of this process by presenting empirically based and updated analysis from different perspectives such as The diplomatic tradition of Brazil-Africa relations The role played by Brazilian big private companies in Africa Brazilian health cooperation with African countries The participation of civil society in Brazil-Africa relations Brazil-Africa trade relations Military cooperation between Brazil and Africa Brazil's drive to Africa left a durable mark whose implications are yet to be understood What were its main successes and failures And what does

the dramatic change of events with Brazil moving from a pivotal player to an almost invisible one in merely half a decade tell us about South South cooperation These are some of the questions that *Brazil Africa Relations in the 21st Century From Surge to Downturn and Beyond* intends to answer in order to provide a useful resource for Political Science and International Relations scholars interested in the study of South South relations as well as for policy makers interested in understanding the changing dynamics of International Relations in the wake of the 21st century *Blacks of the Rosary* Elizabeth W. Kiddy,2007-03-30 *Blacks of the Rosary* tells the story of the Afro Brazilian communities that developed within lay religious brotherhoods dedicated to Our Lady of the Rosary in Minas Gerais It shows how these brotherhoods functioned as a social space in which Africans and their descendants could rebuild a communal identity based on a shared history of an African past and an ongoing devotional practice thereby giving rise to enduring transnational cultures that have survived to the present day In exploring this intersection of community identity and memory the book probes the Portuguese and African contributions to the brotherhoods in Part One Part Two traces the changes and continuities within the organizations from the early eighteenth century to the end of the Brazilian Empire and the book concludes in Part Three with discussion of the twentieth century brotherhoods and narratives of the participants in brotherhood festivals in the 1990s In a larger sense the book serves as a case study through which readers can examine the strategies that Afro Brazilians used to create viable communities in order to confront the asymmetry of power inherent in the slave societies of the Americas and their economic and social marginalization in the twentieth century **Black Women, Citizenship, and the Making of Modern Cuba** Takkara K. Brunson,2023-03-07 In the first book to focus on the activism of Black women during Cuba s prerevolutionary period Takkara Brunson discusses how these women battled exclusion on multiple fronts but played an important role in forging a modern democracy *The Brazil Reader* James N. Green,Victoria Langland,Lilia Moritz Schwarcz,2018-12-06 From the first encounters between the Portuguese and indigenous peoples in 1500 to the current political turmoil the history of Brazil is much more complex and dynamic than the usual representations of it as the home of Carnival soccer the Amazon and samba would suggest This extensively revised and expanded second edition of the best selling *Brazil Reader* dives deep into the past and present of a country marked by its geographical vastness and cultural ethnic and environmental diversity Containing over one hundred selections many of which appear in English for the first time and which range from sermons by Jesuit missionaries and poetry to political speeches and biographical portraits of famous public figures intellectuals and artists this collection presents the lived experience of Brazilians from all social and economic classes racial backgrounds genders and political perspectives over the past half millennium Whether outlining the legacy of slavery the roles of women in Brazilian public life or the importance of political and social movements *The Brazil Reader* provides an unparalleled look at Brazil s history culture and politics *Encyclopedia of the World's Minorities* Carl Skutsch,2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural

freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World s Minorities website *Between Brown and Black* Antonio José Bacelar da Silva,2022-06-17 List of illustrations Black into brown brown into black Afro Brazilians grapple with racial categorization The language of Afro Brazilian antiracist socialization Performing ancestors claiming blackness Becoming an antiracist or as black as we can be Who can be black for affirmative action programs in Brazil The complex calculus of race and electoral politics in Salvador Conclusion Afro Brazilians black and brown antiracism Acknowledgements **The Shadow that Lingers** Allan D Cooper,2023-06-05 Allan D Cooper demonstrates how the resistance to slavery served to unveil the nature of freedom that made possible the abolition movement and anti colonial struggles The corpus of human rights law that has evolved over the past two centuries is constructed around the negation of slavery This book analyzes how slavery mutated into racial identification that governments enforce against their own population to advance more efficient methods of discipline and control The Shadow that Lingers reveals how race is used to traumatize human beings by embodying inferiority and powerlessness even for whites that claim privilege under racialized regimes As an ideology of power race becomes contextualized to fit local cultures resulting in contradictory understandings of race from one culture to another This book focuses attention on how racial hybridity among mixed race communities poses challenges for racial purists and how such communities endeavor to construct racial identities that often differentiate themselves from being black The book concludes with an analysis of how the pursuit of freedom inevitably requires the reification of a non racial identity *Crossroads of Freedom* Walter Fraga,2016-04-15 By 1870 the sugar plantations of the Rec ncavo region in Bahia Brazil held at least seventy thousand slaves making it one of the largest and most enduring slave societies in the Americas In this new translation of *Crossroads of Freedom* which won the 2011 Clarence H Haring Prize for the Most Outstanding Book on Latin American History Walter Fraga charts these slaves daily lives and recounts their struggle to make a future for themselves following slavery s abolition in 1888 Through painstaking archival research he illuminates the hopes difficulties opportunities and setbacks of ex slaves and plantation owners alike as they adjusted to their postabolition environment Breaking new ground in Brazilian historiography Fraga does not see an abrupt shift with slavery s abolition rather he describes a period of continuous change in which the strategies customs and identities that slaves built under slavery allowed them to navigate their newfound freedom Fraga s analysis of how Rec ncavo s residents came to define freedom and slavery more accurately describes this seminal period in Brazilian history while clarifying how slavery and freedom are understood in the present *Race and Afro-Brazilian Agency in Brazil* Tshombe Miles,2019-07-25 This book provides an insight into the Afro Brazilian experience of racism in Brazil from the 19th Century to the present day exploring people of African Ancestry s responses to racism in the context of a society where racism was present in practice though rarely explicit in law *Race and Afro Brazilian Agency in Brazil* examines the variety of strategies from conservative to radical

that people of African ancestry have used to combat racism throughout the diaspora in Brazil In studying the legacy of color blind racism in Brazil in contrast to racially motivated policies extant in the US and South Africa during the twentieth century the book uncovers various approaches practiced by Afro Brazilians throughout the country since the abolition of slavery towards racism unique to the Brazilian experience Studying racism in Brazil from the latter part of the nineteenth century to the present day the book examines areas such as art and culture politics and tradition This book will be of interest to scholars and students of Brazilian history diaspora studies race ethnicity and Luso Brazilian studies **Moved by the Dead** Michael

Amoruso,2025-04-14 In the sprawling city of S o Paulo a weekly practice known as devotion to souls devo o s almas draws devotees to Catholic churches cemeteries and other sites associated with tragic or unjust deaths The living pray and light candles for the souls of the dead remembering events and circumstances in a rite of collective suffering Yet contemporary devotion to souls is not confined to Catholic adherents or fixed to specific locations The practice is also linked to popular tours of haunted sites in the city and it moves within an urban environment routinely marked by violence and death While based in Catholic traditions devotion to souls is as complex and multifaceted as religion itself in Brazil where African Portuguese and other cultural forms have blended and evolved over centuries Michael Amoruso s insightful work uses the methods of ethnography religious studies and urban studies to consider how devotion to souls embodies adapts and challenges conventional ideas of religion as tethered to specific sites and practices Examining devotees varied ways of ascribing meaning to their actions Amoruso argues that devotion to souls acts as a form of what he calls mnemonic repair tying the living to the dead in a struggle against the forces of forgetting **A Slave's Place, A Master's World** Nancy

Priscilla Naro,2016-10-06 A Slave s Place A Master s World based on original field research evaluates the transition from slave to free labour in rural Brazil highlighting the ways in which slaves free farmers freedmen and planters shaped the labour markets of an agrarian economy Documentation from two areas in the Rio de Janeiro hinterland provides the foundation for comparisons between slavery in Vassouras a highland town where coffee was produced for the export market and Rio Bonito a lowland town where coffee and foodstuffs were marketed regionally The book examines the settlement processes in both towns the marginalization of indigenous tribes the onset of slave labour and the de facto and de jure claims to land as planters small producers and slaves forged the bases of rural society A feature of the book is the detailed study of the link with the African past during the transition process when African languages customs and religion and social and work related networks were increasingly juxtaposed with master class practices on the fazendas **A Companion to Latin**

American History Thomas H. Holloway,2011-03-21 The Companion to Latin American History collects the work of leading experts in the field to create a single source overview of the diverse history and current trends in the study of Latin America Presents a state of the art overview of the history of Latin America Written by the top international experts in the field 28 chapters come together as a superlative single source of information for scholars and students Recognizes the breadth and

diversity of Latin American history by providing systematic chronological and geographical coverage Covers both historical trends and new areas of interest Slavery Unseen Lamonte Aidoo,2018-03-15 In *Slavery Unseen* Lamonte Aidoo upends the narrative of Brazil as a racial democracy showing how the myth of racial democracy elides the history of sexual violence patriarchal terror and exploitation of slaves Drawing on sources ranging from inquisition trial documents to travel accounts and literature Aidoo demonstrates how interracial and same sex sexual violence operated as a key mechanism of the production and perpetuation of slavery as well as racial and gender inequality The myth of racial democracy Aidoo contends does not stem from or reflect racial progress rather it is an antiblack apparatus that upholds and protects the heteronormative white patriarchy throughout Brazil s past and on into the present *The Marcus Garvey and Universal Negro Improvement Association Papers, Volume XI* Marcus Garvey,Universal Negro Improvement Association,1983 These papers contain over 2300 documents relating to the presence and influence of the Universal Negro Improvement Association in the Caribbean from 1911 to 1945 *For Land and Liberty* Merle L. Bowen,2021-04-22 A comparative examination of black rural communities claims to land and their connections to the broader fight against racism in Brazil **Maroons and the Marooned** Richard Bodek,Joseph Kelly,2020-04-20 Contributions by Richard Bodek Claire P Curtis Joseph Kelly Simon Lewis Steve Mentz J Brent Morris Peter Sands Edward Shore and James O Neil Spady Commonly the word maroon refers to someone cast away on an island One becomes marooned usually through a storm at sea or by a captain as a method of punishment But the term originally denoted escaped slaves Though being marooned came to be associated mostly with white European castaways the etymology invites comparison between true maroons escaped slaves establishing new lives in the wilderness and people who were marooned through maritime disaster This volume brings together literary scholars with historians encompassing both literal maroons such as in Brazil and South Carolina as well as metaphoric scenarios in time travel novels and postapocalyptic narratives Included are examples from *The Tempest* Margaret Atwood s *MaddAddam* trilogy *A Connecticut Yankee in King Arthur s Court* and Octavia Butler s *Kindred* Both runaways and castaways formed new societies in the wilderness But true maroons escaped slaves were not cast away they chose to fly towards the uncertainties of the wild in pursuit of freedom In effect this volume gives these maroons proper credit at the very heart of American history
