Freiheit, Gnade, Schicksal Romano Guardini, 1948

Freiheit, Gnade, Schicksal. Romano Guardini, 1985-01

The

Letters of an Unexpected Mystic Robert D. Flanagan, 2022-07-20 The apostle Peter is a pillar of the church whose writing has been overlooked until recently when scholarship remedied this gap significantly elevating Peter's letters. However, one critical area has been omitted. Within the Petrine writing is a robust, empowered, and beautiful mystical theology which makes Peter an unexpected but vital Christian mystic. In exploring his love of artwork, German theologian and priest Romano Guardini developed the Threefold Seeing which has been brought to light by Yvonne Dohna-Schlobitten of the Pontifical Gregorian University. His unique method of viewing the artist, artwork, and observer develops a way of encountering the world and word. Instead of looking at the world or the biblical text through separate vantage points, the Threefold Seeing integrates all disciplines under a greater view of God, the artist of all creation. The *Letters of an Unexpected Mystic* employs Guardini's Threefold Seeing to encounter the mystic Peter and the Petrine mystical theology. The result is a book that provides its readers with a means to become the Christian. Karl Rahner wrote about in 1971: "The devout Christian of the future will either be a mystic, one who has experienced something, or he will cease to be anything at all."

Volume 10, Tome III: Kierkegaard's Influence on Theology Jon Stewart, 2016-12-05 Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies. This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century, but Kierkegaard was by no means a straightforward theologian in any traditional sense. He had no enduring interest in some of the main fields of theology such as church history or biblical studies, and he was strikingly silent on many key Christian dogmas. Moreover, he harbored a degree of animosity towards the university theologians and churchmen of his own day. Despite this, he has been a source of inspiration for numerous religious writers from different denominations and traditions. Tome III explores the reception of Kierkegaard's thought in the Catholic and Jewish theological traditions. In the 1920s, Kierkegaard's intellectual and spiritual legacy became widely discussed in the Catholic Hochland Circle, whose members included Theodor Haecker, Romano Guardini, Alois Dempf, and Peter Wust. Another key figure of the mid-war years was the prolific Jesuit author Erich Przywara. During and especially after World War II, Kierkegaard's ideas found an echo in the works of several trend-setting Catholic theologians of the day such as Hans Urs von Balthasar, Henri de Lubac, and the popular spiritual author Thomas Merton. The second part of Tome III focuses on the reception of Kierkegaard's thought in the Jewish theological tradition, introducing the reader to authors who significantly shaped Jewish religious thought both in the United States and in Israel. These theologians represent a variety of religious and political backgrounds: the spiritual world of Hasidism, Modern Orthodox Judaism of Mithnaggedic origin, and Modern Religious Zionism.

of life in church and society between them indeed the entire post war period of the recovering 1950s and the revolutionary 1960s A lot of water had gone under the bridge and this was also true of Reformational philosophy Theology in many respects was turning liberal and Popma spends a great deal of time refuting the rationale behind that turn the supposed need to keep up with the times to keep in step with modern man For its part true historical understanding must take the Biblical narrative into account and more than that it must take it seriously For example We by virtue of our very humanity are required to make the personal acquaintance of the first human pair inexperienced and innocent as they were That is a difficult assignment but it is not impossible so long as we are prepared to enter a relationship that makes us as it were contemporaries of Adam and Eve Modern man so called Is he really that modern Or is that modernity a mere excuse to back out of his simple human task modern man cannot accept this that is to say he refuses to accept this That has been the case throughout the ages It is not at all modern p 167 It is exceedingly foolish to aver that this as such mythical modern man cannot accept the ascension of Christ The unanswered and for now unanswerable questions relative to Christ's ascension into heaven existed already for the apostles who had witnessed the ascension with their own eyes Our historicity does not differ all that much from that of people who lived two thousand years ago Babbling about modern man can call up pseudo problems whereby the real difficulties are hidden from view p 186 Modern man is supposed to have discovered with the cultural means of modern times that viewed from a modern perspective demons do not exist although they did exist for the apostles because their cultural pattern left lots of room for the existence of demons cosmic powers spiritual forces of evil A historicism of this kind brings with it the need for a general revision and invalidation of the biblical message p 187 In opposition to this a Scriptural gospel oriented view of history must take these data into account as hard facts the title of another of Popma's scriptural explorations and when that is done we arrive at a new vision of history one which stretches back even before the material creation to that of angels and demons and takes the entirety of history into account from that point onward precisely as salvation history The action of God in history is a series of judgments which seem ineffectual but which in actuality bring forth a new world revealed at the Last Judgment And history extends onward into the future beyond that final judgment For there is no real end to history except for those cast into outer darkness who as such are no longer allowed to participate in it History was already there when God through the Mother Promise declared history to be salvation history history will still be there when salvation will have been accomplished after Judgment Day and the resurrection of the flesh history will continue one might even say then history starts in earnest in the second and last Paradise which will far eclipse the first in glory The cultural mandate will go on its field of activity will be immense p 83 All in all the meaning of history consists in this that God wants to unite all things in Christ things in heaven and things on earth p 98 In Popma's hands history becomes a far greater thing than we can even imagine and rightly so *Gelingen im Scheitern* Dirk Gärtner, 2020-03-16 Scheitern wie Gelingen sind ambivalente und zugleich existentielle Erfahrungen des Menschen Die

Providence Perceived Mark W. Elliott, 2015-04-24 This book will offer an account not so much of God's Providence as such but rather of divine providence as experienced by believers and unbelievers It will not ask questions about whether and how God knows the future or how suffering can be accounted for as is the case in the treatments by William Lane Craig Richard Swinburne or J Sanders but will focus on prayer and decision making as a faithful and or desperate response to the perception of God as having some controlling influence The following gives an idea of the ground to be covered The patristic foundations of the Christian view of Providence The medieval synthesis of objective and subjective views Reformational and Early Modern the shift towards piety Modern Enlightenment Providence and Ethics Barth and the Sceptics The sense of Providence in the Modern Novel and World
