Cataloging Policy and Support Office, 2007 *Promoting Canadian Studies Abroad* Stephen Brooks, 2018-06-13 This volume examines the history and current state of Canadian studies in a number of countries and regions across the world including Canada's major trading partners From the mid 1980s until 2012 Canadian studies was seen as an important tool of soft power increasing awareness of Canadian culture institutions and history The abrupt termination in 2012 of the Canadian government's financial support for these activities triggered a debate that is still ongoing about the benefits that may have flowed from this support and whether the decision should be reversed The contributors to this book focus on the process whereby Canadian studies became institutionalized in their respective countries and on the balance between what might be described as Canadian studies for its own sake versus Canadian studies as a deliberate instrument of cultural diplomacy [How to Learn French in Canada](#) Victor E Graham, 1965-12-15 It is well known that even after several years exposure to high school French most English Canadians remain unable to speak the language It is equally well known that many French Canadians are bilingual One of the more obvious explanations for this relative deficiency on the part of the English Canadian is his lack of opportunities to use the French language in day to day situations and conversely the French Canadian's need to know the second language too often perhaps for economic reasons Professor Graham's book gives useful and practical suggestions on how to go about becoming fluent in French It offers not a course of instruction but a listing of practical ways of applying oneself to a study of the language There is specific up to date information and advice regarding services provided by the governments of Quebec and France courses offered in various Canadian communities clubs and societies correspondence courses universities and summer schools and language

laboratories A feature which will be especially helpful for those in remote areas is the listing of publications books newspapers and periodicals music and songs records films and radio and television programmes which provide instruction in French The reader will quickly see that the available means are much more varied than he realizes and it is in providing this concise convenient enumeration of them that Professor Graham performs a great service Any adult who is reasonably proficient in French but wishes to improve will find this a practical and useful guide to ways of making a personal contribution to bilingualism in Canada This study has been prepared under the sponsorship of the Canadian Association for Adult Education
