**French Communism and Local Power** Martin Schain, 1985 *The French and Italian Communist Parties* Cyrille Guiat, 2004-08-02 This volume is a systematic comparative study of the French and Italian Communist parties in the period from the early 1960s to the early 1980s Parties and Party Systems in Liberal Democracies Steven B Wolinetz, 2023-07-14 First published in 1988 *Parties and Party Systems in Liberal Democracies* considers the extent and ways in which Western European and North American parties and party systems changed in the 1970s and 1980s after decades of relative stability It examines changes in the nature and organisation of parties and relates this to changes in electoral behaviour and to wider social and economic change It concentrates on political parties as actors and the ways in which they maintain themselves and respond to the moves and gambits of both established and newer parties and to the increasingly numerous and vociferous single interest pressure groups One important argument put forward is that many social and economic changes have had a minimal impact because established parties have been able to adapt by redefining issues in their favour and have also been able to rely on residual support and access to patronage This engaging volume will have strong appeal for courses in political science government political behaviour and history Enemy Brothers W. Rand Smith, 2014-10-01 Since the 1920s Socialist and Communist parties in Europe and elsewhere have engaged in episodes of both rivalry and cooperation with each seeking to dominate the European Left *Enemy Brothers* analyzes how this relationship has developed over the past century focusing on France Italy and Spain where Socialists and Communists have been politically important Drawing on fieldwork and interviews in all three nations W Rand Smith identifies the critical junctures that these parties faced and the strategic choices they made especially regarding alliance partners In explaining the parties diverse alliance strategies *Enemy Brothers* stresses the impact of institutional arrangements party culture and leadership The paperback edition features a new afterword that updates the impact of the current euro crisis through mid 2014 Comparative Theory and Political Experience Peter J. Katzenstein, 1990 Outside Moscow Donna Bahry, 1987 **Media and Migration** Russell King, Nancy Wood, 2013-04-15 This title explores the close and vital relationship between the contemporary media and immigration Drawing on newspapers magazines film television and photography the contributors examine the effects of mass media on migration behaviour and ethnic identity Using examples from a range of countries *Media and Migration* illustrates how the media intervenes to affect the reception migrants receive how it stimulates prospective migrants to move and how it plays a dynamic role in the cultural politics and cultural identity of diasporic communities **Two Faces of Protest** Amrita Basu, 2023-11-15 Drawing on case studies of the Communist Party of India Marxist in West Bengal and Shramik Sangathan in Maharashtra this ground breaking new work examines Indian women s political activism Investigating institutional change at the state level and protest at the village level Amrita Basu traces the paths of two kinds of political activism among these women With insights gleaned from extensive interviews with activists government officials and ordinary men and women she

finds that militancy has been fueled by pronounced sexual and class cleavages combined with potentially rancorous ethnic division Thorough in its fieldwork incisive in its political analysis Two Faces of Protest offers a richly textured and sensitive view of women s political activism in the Third World This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992 Problems of Communism ,1988 **Making Space** Melissa K. Byrnes,2024 Since the 2005 urban protests in France public debate has often centered on questions of how the country has managed its relationship with its North African citizens and residents In Making Space Melissa K Byrnes considers how four French suburbs near Paris and Lyon reacted to rapidly growing populations of North Africans especially Algerians before during and after the Algerian War In particular Byrnes investigates what motivated local actors such as municipal officials regional authorities employers and others to become involved in debates over migrants rights and welfare and the wide variety of strategies community leaders developed in response to the migrants presence An examination of the ways local policies and attitudes formed and re formed communities offers a deeper understanding of the decisions that led to the current tensions in French society and questions about France s ability and will to fulfill the promise of liberty equality and fraternity for all of its citizens Byrnes uses local experiences to contradict a version of French migration history that reads the urban unrest of recent years as preordained **Public Affairs Information Service Bulletin** Public Affairs Information Service,1985 **Bowker's Law Books and Serials in Print** ,1986 **For Your Information, New Acquisitions** National Defense University. each prefecture addresses pollution control public housing and access to the best high school education and concludes that despite some inefficiency in the system the results are usually very good Japan's prefectures are important sources of governmental flexibility and responsiveness      **The Journal of Political Science** ,1997      **Subject Guide to Children's**
