interpretation of Impressionism within the changing art and art criticism of the twentieth century is examined through the writings of artists such as Leger Kandinsky Masson Matisse and Hofmann as well as recent critics philosophers and art historians including Meyer Schapiro Gaston Bachelard Clement Greenberg and Lawrence Gowing The text is illustrated with 116 colour plates and 117 black and white reproductions of photographs documents and contemporary cartoons prints and drawings After Harvard Martha Kapos studied painting and the history of art at the Chelsea School of Art where she is now teaching Her art criticism has appeared in various magazines including Artscribe Art Monthly and Screen A collection of poems was published in 1989 by the Many Press

Impressionist Painting Its Genesis and Development Wynford Dewhurst,2023-02-09 Excerpt It may perhaps be interesting to the readers of this book to give a short account of its origin From the earliest days of my pupilage to art I had been instinctively drawn towards the paintings of Turner Corot Constable Bonington and Watts with an intense admiration for their manner in viewing and methods of recreating nature upon their canvases and in later years I had been fascinated by the works of more modern artists such as La Thangue George Clausen Edward Stott and Robert Meyerheim In 1891 a student in Paris I found myself face to face with a beautiful development of landscape painting which was quite new to me Impressionism together with its numerous progeny of eccentric offshoots was at the time causing a great furore in the schools Curiously enough I had been charged with copying Monet s style long before I had seen his actual work so that my conversion into an enthusiastic Impressionist was short in fact an instantaneous process

Impressionism John House,2004-01-01 A new perspective on Impressionist art that offers revealing fresh interpretations of familiar paintings In this handsome book a leading authority on Impressionist painting offers a new view of

this admired and immensely popular art form John House examines the style and technique subject matter and imagery exhibiting and marketing strategies and social political and ideological contexts of Impressionism in light of the perspectives that have been brought to it in the last twenty years When all of these diverse approaches are taken into account he argues Impressionism can be seen as a movement that challenged both artistic and political authority with its uncompromisingly modern subject matter and its determinedly secular worldview Moving from the late 1860s to the early 1880s House analyzes the paintings and career strategies of the leading Impressionist artists pointing out the ways in which they countered the dominant conventions of the contemporary art world and evolved their distinctive and immediately recognizable manner of painting Focusing closely on the technique composition and imagery of the paintings themselves and combining this fresh appraisal with recent historical studies of Impressionism House explores how pictorial style could generate social and political meanings and opens new ways of looking at this luminous art Impressionists in England (Routledge Revivals) Kate Flint, 2016-02-05 First published in 1984 The late nineteenth and early twentieth centuries represent not only era of rapidly changing artistic methods but a crucial evolution in art criticism This book gathers together a wide range of the criticism that greeted the work of the Impressionist artists in the English Press The selected examples of praise and antagonism reflect the sentiments expressed in the comments of prominent newspaper and periodical critics The selection shows the importance of Impressionist art to English art criticism and wide comprehension of the formal qualities in painting It also demonstrates how forward looking critics created new criteria for the discussion of modern painting **The Great Book of French Impressionism** Horst Keller, 1982 The ultimate book on the paintings and personalities of the Impressionist movement Over 220 illustrations 207 full color plates
