**The French Exiles, 1789-1815** Margery Weiner, 1975 *The French Exiles, 1789 - 1815*, 1975 **The French Exiles, 1789-1815. [With Plates.]** Margery Weiner, 1963 *French Exile Journalism and European Politics, 1792-1814* Simon Burrows, 2000 This first study of the post Revolutionary French migr press in London discusses the exiles ideologies and activities and their effect on British and French foreign policy *The French Emigres in Europe and the Struggle against Revolution, 1789-1814* Philip Mansel, 1999-07-19 The French migr s in Europe and the Struggle against Revolution 1789 1814 underlines for the first time the achievements rather than the failures of the migr s Different specialist essays describe their impact from London to Hungary from Lisbon to Prussia and confirm their critical importance in the politics ideology and culture of their time The French migr s were more than refugees they were active and often remarkably successful agents on the European struggle against the French Revolution **French Emigrants in Revolutionised Europe** Laure Philip, Juliette Reboul, 2019-11-19 The French emigration was an exilic movement triggered by the 1789 French Revolution with long lasting social cultural and political impacts that continued well into the nineteenth century At times paradoxical the political and legal implications of being an migr are detangled in this edited collection thus bringing to light unexpected processes of tensions and compromises between the exiles and their host societies The refugee host contact points also fostered a series of cultural transfers This book argues that the French emigration ought to be seen within the broader context of an Age of Exile a notion that better encompasses the dynamics of migration that forced many to re imagine their relation to a nation and define their displaced identities Revisiting the historiography of the last twenty years from an interdisciplinary perspective this volume challenges pre existing beliefs on the journeys and re settlements in Europe and beyond of the French migr community **French Emigration to Great Britain in Response to the French Revolution** Juliette Reboul, 2017-08-25 This book examines diverse encounters between the British community and the thousands of French individuals who sought haven in the British Isles as they left revolutionary and Imperial France This painstaking research into the emigrant archival and memorial presence in Britain uncovers a wealth of underused and alternative sources on this controversial population displacement These include open letters and classified advertisements published in British newspapers insurance contracts as well as lists of addresses and passports drawn up by local authorities These sources question the construction by British loyalists and French migr elites of a stereotyped emigrant figure and their use of the trauma of forced displacement to advance ideological agendas In fact public and private discourses on governmental systems foreigners political and religious dissent and the economic survival of French emigrants demonstrate the heterogeneity of the responses to emigration in Britain Ultimately this book narrates a story in which the emigrant community and its host have been often unnoticeably yet fundamentally transformed by their encounter in both practical and ideological domains *Ormond; or, the Secret Witness* Charles Brockden Brown, 2009-09-15 As it tells the story of

Constantia Dudley from her family's financial collapse to her encounters with a series of cosmopolitan revolutionaries and reactionaries Charles Brockden Brown's *Ormond* or *The Secret Witness* 1799 develops a sustained meditation on late Enlightenment debates concerning political liberty women's rights conventions of sex gender and their relation to the reshaping of an Atlantic world in the throes of transformation This edition of *Ormond* includes Brown's *Alcuin* 1798 an important dialogue on women's rights and marriage as well as his key essays on history and literature along with selections from contemporary writings on women's education and revolution debates that figure in the novel's background and in the charged atmosphere of the late 1790s

Madame Tussaud Pamela Pilbeam, 2006-08-10 Tussaud's catered for the public's fascination with monarchy whether Henry VIII and his wives or Queen Victoria as well as for their love of history acting as an accessible and enjoyable museum This work looks at Madame Tussaud herself and her exhibition as part of the wider history of wax modelling and of popular entertainment

**States and Strangers** Nevzat Soguk, 1999 Looks at the role of refugees in international relations Refugees may flee their country but can they escape the confining defining logic of all the voices that speak for them As refugees multiply in our troubled world more and more scholars studies and pundits focus on their plight Most of these analyses says Nevzat Soguk start from a model that shares the assumptions manifested in traditional definitions of citizen nation and state Within this hierarchy he argues a refugee has no place to go *States and Strangers* questions this paradigm particularly its vision of the territoriality of life A radical retheorization of the refugee from a Foucauldian perspective the book views the international refugee regime not as a simple tertiary response arising from the practice of states regarding refugee problems but as itself an aspect of the regimentation of statecraft The attendant discourse negates the multiplicity of refugee events and experience by assigning the refugee an identity someone without the citizen's grounding within a territorial space the state renders him voiceless and deprives him of representation and protection *States and Strangers* asks how this happens and how it can be avoided Using historical archival research and interpretive strategies drawn from a genealogical approach Soguk considers the role of the refugee in the emergence and maintenance of the sovereign territorial state from the late seventeenth century to contemporary times ISBN 0 8166 3166 2 Cloth jacket 00 00 62 95x 340 Pages 5 7 8 x 9 March Borderlines Series volume 11 Translation inquiries University of Minnesota Press

**The Poltergeist Prince of London** James Clark,Shirley Hitchings,2013-10-01 It began with a key One afternoon in 1956 in the home of the Hitchings family in Battersea south London a small silver key appeared on Shirley Hitchings bed This seemingly insignificant event heralded the beginning of one of the most terrifying incredible and mysterious hauntings in British history The spirit who quickly became known as Donald began to communicate initially via tapping sounds but over time and with the encouragement of psychical researcher Harold Chibbett whose case files appear here by learning to write Soon the spirit had begun to make simply incredible claims about his identity insisting that he was one of the most famous figures in world history but what was the truth Here for the first time is the full story told by the woman right at the heart of it all Shirley herself

Hanson,2015-01-15 The French Revolution remains the most examined event or period in world history It was most historians would argue the first modern revolution an event so momentous that it changed the very meaning of the word revolution from restoration as in the Glorious Revolution of 1688 in England to its modern sense of connoting a political and or social upheaval that marks a decisive break with the past one that moves a society in a forward or progressive direction No revolution has occurred since 1789 without making reference to this first revolution and most have been measured against it One cannot utter the date 1789 without thinking of revolution and so significant were the changes unleashed in that year that it has come to mark the dividing line between early modern and late modern European history Kings This second edition of Historical Dictionary of the French Revolution covers its history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 400 cross referenced entries on the causes and origins the roles of significant persons crucial events and turning points important institutions and organizations and the economic social and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen This book is an excellent access point for students researchers and anyone wanting to know more about this period *A Lady of the High Hills* Thomas Tisdale,2001 From her birth at the palace at Versailles to her death on a South Carolina plantation Natalie Delage Sumter 1782 1841 lived a life riveted by escape adventure grandeur and hardship a saga that spanned several tumultuous decades of French history and included her residence on three continents The godchild of Louis XVI and Marie Antoinette and a member of the French nobility Nathalie de Lage de Volude fled to New York at age eleven at the height of the French Revolution She lived for eight years in the household of politician Aaron Burr and became a confidante of his daughter Theodosia On her return voyage to France Delage fell in love with Thomas Sumter Jr a diplomat to France and the son of South Carolina s Revolutionary War Gamecock The couple enjoyed a celebrated shipboard romance and with their subsequent marriage Natalie Sumter entered the world of the southern planter aristocracy *A Lady of the High Hills* follows

the epic events that took Sumter to Brazil back to France and ultimately to plantation life in Stateburg South Carolina Thomas Tisdale describes Sumter's adjustment to life in the South Carolina backcountry her role as the matriarch of the Sumter family and her constant financial worries despite her husband's vast landholdings Tisdale also recounts Sumter's efforts to overcome religious and intellectual isolation in Stateburg including her creation of a lending library education and religious instruction of the family's slaves and sponsorship of the Roman Catholic Church in South Carolina Culture of Christendom Marc A. Meyer,1993-07-01 The Culture of Christendom brings together original essays by distinguished historians on medieval European history Their range reflects the breadth of Denis Bethell's own interests which though centred on the high medieval church encompassed the culture of the middle ages as a whole **The French in London** Isabelle Janvrin,Catherine Rawlinson,2016-07-24 Ever since 1066 there has been a substantial French presence in London It is now said to be the sixth most populous French city and this book illustrates explains and exposes how this came about over more than a 1000 years Full of individual stories and overlooked details covering a common history from William the Conqueror to Charles de Gaulle **Barbarians, Maps, and Historiography** Walter Goffart,2023-05-31 To complement his first collection of articles Rome's Fall and After 1989 Walter Goffart presents here a further set of essays all but two published between 1988 and 2007 They mainly focus on two types of historiography early medieval narratives with special attention to Bede's Historia ecclesiastica and printed maps designed to portray and teach history with special attention to the ubiquitous map of the barbarian invasions The wide ranging concerns represented extend from the underside of the Life of St Severinus of Noricum and further evidence for dating Beowulf to the questions whether the barbarian invasions period was a heroic age and how Charlemagne shaped his own succession Attention is also paid to the earliest map illustrating the Anglo Saxon Heptarchy and to the historical vignettes of the Vatican Galleria delle carte geografiche The collection opens with the appraisal of certain writings dealing with what is now called ethnogenesis theory To conclude Professor Goffart adds brief second thoughts about each of these essays and supplies an annotated list of his articles that have not been reprinted
