French Politicians And Elections 1951 69:

French Politicians and Elections 1951-1969 Philip M. Williams, David Goldey, Martin Harrison, 1970-04 A series of essays originally published in 1970 surveying French elections in the Fourth and Fifth Republics *The Government and Politics of France* Dorothy Pickles, 2023-02-24 First published in 1973 The Government and Politics of France Volume Two provides a comprehensive overview of French political history from 1958 1973 Dorothy Pickles writes with her characteristic elegance and the major themes are fully discussed and clearly related to their roots in earlier periods and to their consequences in later ones The book covers the Algerian war and its aftermath the notion of participation educational reform economic problems regionalism the changing nature of Gaullism and in the field of foreign policy attitudes of European Community relations with the Atlantic powers and France's attempts at achieving a world role This book is a must read for students of French politics political science political institutions and European politics Posters, Propaganda, and Persuasion in Election Campaigns Around the World and Through History Steven A. Seidman, 2008 How effective are election campaign posters Providing a unique political history this book traces the impact that these posters as well as broadsides banners and billboards have had around the world over the last two centuries It focuses on the use of this campaign material in the United States as well as in France Great Britain Germany South Africa Japan Mexico and many other countries The book examines how posters evolved and discusses their changing role in the twentieth century and thereafter how technology education legislation artistic movements advertising and political systems effected changes in election posters and other campaign media and how they were employed around the world This comprehensive and original overview of this campaign material includes the first extensive review of the research literature on the topic Posters Propaganda and Persuasion will be useful to scholars and students interested in communications politics history advertising and marketing art history and graphic design Marxism and the French Left Tony Judt, 2011 No detailed description available for Marxism and the French Left

Charles de Gaulle Andrew Knapp, 2020-11-02 In this new biography Andrew Knapp concisely dissects each of the major controversies surrounding General Charles de Gaulle leader of the Free French during the Second World War and President of France from 1959 to 1969 From the beginning of de Gaulle's military career in 1909 to an analysis of legacies and myths after his death in 1970 this study examines the path by which the French came to honour him as the greatest Frenchman of all time and as the twentieth century's pre eminent world statesman In each chapter Knapp analyses de Gaulle's participation in key events such as the development of France's resistance against Nazi Germany the decolonisation of Algeria the birth of the French Fifth Republic and the gigantic upheaval of May 1968 Simultaneously this study questions de Gaulle's actions and motives throughout his life By exploring the justification of the contemporary de Gaulle myth Knapp concludes by shedding new light on the influence of de Gaulle in the political culture of twenty first century France Through careful analysis of primary sources as well as recent scholarship this biography is an invaluable source for scholars and

students of modern history the history of France political institutions and international relations Wars, Plots and Scandals in Post-War France Philip M. Williams, 1970-04-02 Williams explores the plots and scandals of that have affected both France and Algeria from the Algerian war **Conservative Politics in France** Malcolm Anderson, 2023-10-13 First published in 1974 Conservative Politics in France gives a scholarly account of politics in France from 1880 to the present and explains the way in which the Right has evolved from a collection of weak and transitory political associations to the relatively well organised Gaullist coalition Exciting patterns of interaction between personal careers political events and party organisation have characterised this period War and colonial conflict have brought an end not only to regimes but also to political parties The lingering influences of an aristocracy and bourgeoisie de tradition and the survival of a large peasantry and local social systems preserved peculiar styles of politics The first great wave of party building at the beginning of the twentieth century produced organisations ranging from the doctrinaire anti parliamentary league to the loose electoral association The Fourth Republic saw another wave of party building but only since 1958 has a party emerged which can attract most of the moderate and conservative electorate No other book has attempted to cover this historical period and to give detail accounts of local as well as national political structures This is an interesting read for scholars and researchers of French political history French politics and European politics The National Front and French Politics Jonathan Marcus, 2016-07-27 Jonathan Marcus stands out from most of his colleagues in the media by making a case for the non alarmists His National Front and French Politics is a thoughtful study which in the end provides a more effective refutation of the myths peddled by Le Pen than would an angry pamphlet Henri Astier Times Literary Supplement Jonathan Marcus s comprehensive account provides plenty of analysis to go with the factual background to the rise of Le Pen and the NF There are particularly good chapters on the many strands of far right opinion from collaborators to extreme Catholics who eventually found a home with the new party Andrew Bell BBC Worldwide I am convinced that the book will be extremely valuable to all English speaking students of contemporary French politics Stanley Hoffmann Harvard University The extreme right wing National Front is now France s fourth largest political party At the 1988 Presidential election its leader Jean Marie Le Pen obtained over 14 per cent of the popular vote Le Pen s xenophobic anti immigrant message has attracted significant support in France This book examines the rise of Le Pen s party and its impact on the French political scene How far is it a threat to French democracy And is the National Front now a permanent feature of French politics **The Uncertain Foundation A.** Knapp, 2007-06-27 France s liberation was expected to trigger a decisive break both with the Vichy regime and with the pre war Third Republic What happened was an untidy patchwork of unplanned continuities and false starts This volume analyses the complex process of regime change economic renewal social transformation and adjustment to a fast evolving world **Empire Films and the Crisis of Colonialism, 1946-1959** Jon Cowans, 2015-05-15 The first transnational history of cinema s role in decolonization Using popular cinema from the United States Britain and France Empire Films and the Crisis

of Colonialism 1946 1959 examines postwar Western attitudes toward colonialism and race relations Historians have written much about the high politics of decolonization but little about what ordinary citizens thought about losing their empires Popular cinema provided the main source of images of the colonies and according to Jon Cowans in this far reaching book films depicting the excesses of empire helped Westerners come to terms with decolonization and even promoted the dismantling of colonialism around the globe Examining more than one hundred British French and American films from the post World War II era Cowans concentrates on movies that depict interactions between white colonizers and nonwhite colonial subjects including sexual and romantic relations Although certain conservative films eagerly supported colonialism Cowans argues that the more numerous liberal colonialist productions undermined support for key aspects of colonial rule while a few more provocative films openly favored anticolonial movements and urged internal decolonization for people of color in Britain France and the United States Combining new archival research on the films production with sharp analysis of their imagery and political messages the book also assesses their reception through box office figures and newspaper reviews It examines both high profile and lesser known films on overseas colonialism including *The King and I* *Bhowani Junction* and *Island in the Sun* and tackles treatments of miscegenation and internal colonialism that appeared in Westerns and American films like *Pinky* and *Giant* The first truly transnational history of cinema s role in decolonization this powerful book weaves a unified historical narrative out of the experiences of three colonial powers in diverse geographic settings **France in the Hollande Presidency** J. Gaffney, 2015-05-09 An analysis of the first half of Francois Hollande s five year presidential term that examines the strengths and weaknesses of presidential politics following the Left s return to power in 2012 and puts forward an interpretation of the underlying nature of contemporary French politics and the French Fifth Republic

Problems of Communism , 1974 **Parties and the Party System in France** A. Knapp, 2004-03-12 The French elections of 2002 broke all records for fragmentation abstention and far right protest voting yet returned incumbent President Chirac in triumph and gave him a solid basis of parliamentary support *Parties and the Party System in France* seeks to explain the paradox of France s current relationship to politics through a comprehensive analysis of French political parties and their interaction over the last fifty years set against the two contexts of French history and of contemporary theories of parties and party systems *Replacing France* Kathryn Statler, 2007-06-22 Using recently released archival materials from the United States and Europe *Replacing France* The Origins of American Intervention in Vietnam explains how and why the United States came to assume control as the dominant western power in Vietnam during the 1950s Acting on their conviction that American methods had a better chance of building a stable noncommunist South Vietnamese nation Eisenhower administration officials systematically ejected French military economic political bureaucratic and cultural institutions from Vietnam Kathryn C Statler examines diplomatic maneuvers in Paris Washington London and Saigon to detail how Western alliance members sought to transform South Vietnam into a modern westernized and democratic ally but ultimately failed to

counter the Communist threat Abetted by South Vietnamese prime minister Ngo Dinh Diem Americans in Washington D C and Saigon undermined their French counterparts at every turn resulting in the disappearance of a French presence by the time Kennedy assumed office Although the United States ultimately replaced France in South Vietnam efforts to build South Vietnam into a nation failed Instead it became a dependent client state that was unable to withstand increasing Communist aggression from the North Replacing France is a fundamental reassessment of the origins of U S involvement in Vietnam that explains how Franco American conflict led the United States to pursue a unilateral and ultimately imperialist policy in Vietnam

Gaullism Anthony Hartley,2025-09-12 Gaullism 1972 is a historical analytical study of the social and political movement of Gaullism examining its political philosophy and practice and its originator Charles de Gaulle Starting with an analysis of de Gaulle s philosophy and the background of the Third Republic the book traces the development of Gaullism during the war years and the Fourth Republic details the founding of the Fifth Republic and its foreign and domestic policy and examines the problems that came to a dramatic crystallization in the riots of May 1968

Radicalism In The Contemporary Age, Volume 3 Seweryn Bialer,Sophia Sluzar,2019-06-10 To understand contemporary society it has become more and more essential to understand the phenomenon of radicalism the aspirations of radical movements the strategies and tactics of radicalism and the impact of radicalism on contemporary society Radicalism in the Contemporary Age grew out of the recognition of this need A study in three volum

Ideology And Politics: The Socialist Party Of France George A. Codding,2019-04-10 This book explores the strengths and weaknesses of the French Socialist party its history ideology organization and constituency as well as the reasons the party has remained a viable force in the French political system for over seventy years

Christian Democracy in France (Routledge Revivals) R. E. M. Irving,2010-03-23 Christian Democracy which may briefly be defined as organised political action by Catholic democrats has been a major political force in Western Europe since the Second World War not least in France The aim of this book first published in 1973 is to trace the Development of Christian Democracy in France from its origins in the 1830s to the present day discussing its theories and its importance in French history and politics with particular but by no means exclusive reference to the Fourth Republic 1946 58 when the MRP was one of the key centre parties Dr Irving provides a thorough analysis of MRP its economic foreign and colonial policies and gives reasons for the relative decline of French Christian Democracy in the 1960s This French movement has been little understood in Britain and a thorough history has been badly needed This study will be valuable to all those who in the context of a United Europe wish to understand the political forces at work at its conception It will be valuable especially to students of modern history and politics

Coalitions in Parliamentary Government L. Dodd,2015-03-08 For eighty years students of parliamentary democracy have argued that durable cabinets require majority party government Lawrence Dodd challenges this widely held belief and offers in its place a revisionist interpretation based

on contemporary game theory He argues for a fundamental alteration in existing conceptions of the relationship between party systems and parliamentary government The author notes that cabinet durability depends on the coalitional status of the party or parties that form the cabinet This status is created by the fractionalization instability and polarization that characterize the parliamentary party system Cabinets of minimum winning status are likely to endure as they depart from minimum winning status their durability should decrease Hypotheses derived from the author s theory are examined against the experience of seventeen Western nations from 1918 to 1974 Making extensive use of quantitative analysis the author compares behavioral patterns in multiparty and majority party parliaments contrasts interwar and postwar parliaments and examines the consistency of key behavioral patterns according to country He concludes that a key to durable government is the minimum winning status of the cabinet which may be attained in multiparty or majority party parliaments Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
