La Economia Divina Witness Lee, 1989-05 La Biblia revela que Dios desea impartirse en el hombre para ser expresado en plenitud Este plan esta economia divina aparece inicialmente en Genesis y se revela progresivamente a lo largo del Antiguo y Nuevo Testamento y al final del libro de Apocalipsis vemos que su maxima consumacion es la Nueva Jerusalem De principio a fin la Biblia manifiesta plenamente el deseo que Dios tiene de unirse al hombre a fin de ser expresado En La economia divina Witness Lee presenta en detalle el fluir de la economia de Dios desde su inicio cuando Dios crea al hombre en Genesis hasta su consumacion en Apocalipsis Semejante a un rio que fluye sin cesar la economia divina no solo incluye la creacion del hombre quien fue creado como un vaso para contener a Dios sino que tambien abarca los pasos que Cristo dio a fin de llevar a cabo dicho plan a saber la encarnacion la crucifixion y la resurreccion Mediante la fe en Cristo el hombre experimenta la redencion y recibe el suministro del Espiritu como rios de agua viva En la economia divina la porcion comun de cada creyente consiste en experimentar ricamente a Dios y disfrutarlo de forma practica cada dia El primer paso que los creyentes deben dar para disfrutar a Dios de forma viviente es ver el plan eterno de Dios tal como se presenta en La economia divina Book jacket

The Revolution Question Julie D. Shayne, 2004 Theoretically sophisticated and empirically rich Julie Shayne s study elucidates the gender dynamics of revolution with implications beyond her Latin American cases while also bringing life to the experiences of some extraordinary revolutionary feminists Valentine M Moghadam Director of Women s Studies and Professor of Sociology Illinois State University and Chief Gender Section Social and Human Sciences UNESCO The Revolution Question offers a valuable and compelling examination of the crucial question of why feminism matters to social change Until we all accept this fundamental truth there will be no possiblility for real social change Margaret Randall author of When I Look into the Mirror and See You Women Terror Resistance Julie Shayne has produced a well written and

thoughtful account of the importance of women to the success of revolutionary movements and the largely inadvertent role of the revolutionary leadership in creating the conditions for the rise of feminist movements. Scholars and students will find her extensive interviews to be valuable and thought provoking making this an excellent resource for the classroom.

Karen Kampwirth Associate Professor of Political Science and Chair of the Latin American Studies Program, Knox College. What do women do for revolutions? And what do revolutions do for women? Julie Shayne explores the roles of women in revolutionary struggles and the relationship of these movements to the emergence of feminism. Focusing upon the three very different cases of El Salvador, Chile, and Cuba, Shayne documents the roles of women in armed and unarmed political activities. She argues that women contribute to and participate in revolutionary movements in ways quite distinct from men. Despite the fact that their political contributions tend to be seen as less important than those of their male comrades, the roles that women play are actually quite significant to the expansion of revolutionary movements. Shayne also explains how, given the convergence of political and ideological factors, feminism is often born in the wake of revolutionary movements. As a result, revolutionary feminism is a struggle that addresses larger structures of political and economic inequalities. Based on in-depth interviews with activists in all three countries, *The Revolution Question* offers new insight into the complex gender relations underlying revolutionary social movements and enables us to reassess both the ways that women affect political struggle and the ways in which political struggle affects women.

Julie D. Shayne is an Assistant Professor of Sociology and Women's Studies at Emory University.

Entre fenomenología y marxismo Herbert Marcuse, 2019-04-01. Este libro pone a disposición de los lectores de Latinoamérica en un solo volumen unos textos que forman una unidad coherente en el desarrollo de la obra de Marcuse en términos de su relación con la fenomenología y con Martin Heidegger, su referente filosófico más importante en sus años de juventud. Se trata de textos hasta ahora publicados de manera fragmentada en editoriales de España. En este volumen aparecen además tres documentos inéditos en castellano: una importante carta de Marcuse de mayo de 1929 en la que realiza una significativa caracterización de la figura de Heidegger y donde se posiciona además respecto al trabajo de Husserl y dos reseñas de 1929 y 1930 en las que se afrontan cuestiones claramente vinculadas con la problemática filosófica de Marcuse en esos años. Esto hace de la presente obra la primera edición completa de los primeros artículos filosóficos de Herbert Marcuse: unos textos de una riqueza y una originalidad filosóficas incomparables. La publicación de este volumen sin duda contribuirá al desarrollo de nuevas investigaciones sobre el pensamiento de Marcuse y a la generación de un interés mayor en la obra de un pensador cuyas aportaciones filosóficas están todavía por valorar completamente en el ámbito académico hispanohablante a un lado y otro del Atlántico.
