Bargaïnner, 1984 There are hundreds of satisfactory and satisfying British mystery writers whose works should be studied both for their own individual accomplishments and for their comments on the society in which they were published in the last 150 years but who have not received any critical comment lately This volume is designed to correct that fault in a dozen of those unjustifiably neglected British authors Wilkie Collins A E W Mason G K Chesterton H C Bailey Anthony Berkeley Cox Nicholas Blake Michael Gilbert Julian Symons Dick Francis Edmund Crispin H R F Keating and Simon Brett *The Collector's Book of Detective Fiction* Eric Quayle, 1972 A survey history of detective stories **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress. Copyright Office, 1949 *Bruce Montgomery/Edmund Crispin: A Life in Music and Books* David Whittle, 2017-07-05 Under his real name Bruce Montgomery 1921-1978 wrote concert music and the scores for almost 50 feature films including some of the most enduring British comedies of the twentieth century amongst them a number in the series started by *Doctor in the House* and the first six *Carry On* films Under the pseudonym of Edmund Crispin

he enjoyed equal success as an author writing nine highly acclaimed detective novels and a number of short crime stories as well as compiling anthologies of science fiction which helped to increase the profile of the genre A close friend of both Philip Larkin and Kingsley Amis Montgomery did much to encourage their work In this first biography of Montgomery David Whittle draws on interviews with people who knew the writer and composer These interviews together with in depth research provide great insight into the development of Montgomery as a crime fiction writer and as a composer in the ever demanding world of films During the late 1950s and early 60s these demands were to prove too much for Montgomery Alcoholism combined with the onset of osteoporosis and a retreat into a semi reclusive lifestyle resulted in him writing and composing virtually nothing during the last 15 years of his life David Whittle examines the reasons for Montgomery s early and rapid decline in this thoroughly researched and engagingly written biography

Building Character Amy Cook,2018-02-28 What can we learn about how we understand each other and ourselves by examining the casting we find on stage and film the casting we find perfect and the casting we find wrong Building Character examines how the process of casting an actor in a part creates a character and how this can be usefully understood through deploying theories from the cognitive sciences A casting director may match the perceived qualities of an actor with the perceived qualities of the character but the combination is also synergistic casting a character creates qualities While casting directors do this professionally all of us do this when we make sense of the people around us This book argues that we build the characters of others from a sea of stimuli and that the process of watching actors take on roles improves our ability to cast those roles in our daily lives Amy Cook examines the visible celebrity casting such as Robert Downey Jr as Ironman or Judi Dench as Bond s M the political casting of one candidate as presidential and another as weak the miscasting of racial profiling and sexual assault and the counter casting that results when actors and characters are not where or who we expect

Jolly Good Detecting Bruce Shaw,2013-12-31 This book is an appreciation of selected authors who make extensive use of humor in English detective crime fiction Works using humor as an amelioration of the serious have their heyday in the Golden Age of crime writing but they belong also to a long tradition There is an identifiable lineage of humorous writing in crime fiction that ranges from mild wit to outright farce burlesque even slapstick A mix of entertainment with instruction is a tradition in English letters English crime fiction writers of the era circa 1913 to 1940 were raised in the mainstream literary tradition but turned their skills to detective fiction And they are the humorists of the genre This book is not an exhaustive study but an introduction into the best produced by the most capable and enjoyable authors What the humorists seek is to

surprise the reader by overturning their expectations using a repertoire of stylistic conceits and motifs recurring incidents devices references Humor has a liberating effect but is concerned too with comic contrast through ugliness and caricature In crime fiction one effect is intellectual pleasure at solving or attempting to solve a puzzle Another is entertainment but with serious undertones
