Freud Jews And Other Germans:

Freud, Jews, and Other Germans Peter Gay, 1978 A collection of essays dealing with the integration of Jewish intellectuals in German culture and society during the 19th 20th centuries and the self hatred expressed by some of them The introduction surveys 19th century antisemitism in Germany raising the question whether it should be considered an opening phase of the Holocaust Discusses the ambivalent relations between Wagner and the Jewish conductor Hermann Levi and the contribution of Max Liebermann whose Jewish origins were emphasized by art critics to modern art **Freud, Jews, and Other Germans** Peter Gay, 1978 A collection of essays dealing with the integration of Jewish intellectuals in German culture and society during the 19th 20th centuries and the self hatred expressed by some of them The introduction surveys 19th century antisemitism in Germany raising the question whether it should be considered an opening phase of the Holocaust Discusses the ambivalent relations between Wagner and the Jewish conductor Hermann Levi and the contribution of Max Liebermann whose Jewish origins were emphasized by art critics to modern art **Freud, Adler, and Jung** Walter Arnold Kaufmann, **Germans, Jews, and Antisemites** Shulamit Volkov, 2006-07-24 The ferocity of the Nazi attack upon the Jews took many by surprise Volkov argues that a new look at both the nature of antisemitism and at the complexity of modern Jewish life in Germany is required in order to provide an explanation While antisemitism had a number of functions in pre Nazi German society it most particularly served as a cultural code a sign of belonging to a particular political and cultural milieu Surprisingly it only had a limited effect on the lives of the Jews themselves By the end of the nineteenth century their integration was well advanced Many of them enjoyed prosperity prestige and the pleasures of metropolitan life This book stresses the dialectical nature of assimilation the lead of the Jews in the processes of modernization and finally their continuous efforts to invent a modern Judaism that would fit their new social and cultural position Jewish Origins of the Psychoanalytic Movement Dennis B. Klein, 1985 Dennis B Klein explores the Jewish consciousness of Freud and his followers and the impact of their Jewish self conceptions on the early psychoanalytic movement Using little known sources such as the diaries and papers of Freud's protégé Otto Rank and records of the Vienna Bnai B'rith that document Freud's active participation in that Jewish fraternal society Klein argues that the feeling of Jewish ethical responsibility aimed at renewing ties with Germans and with all humanity stimulated the work of Freud Rank and other analysts and constituted the driving force of the psychoanalytic movement **German-Jewish Cultural Identity from 1900 to the Aftermath of the First World War** Elisabeth Albanis, 2013-04-09 By illustrating the quintessentially different self perceptions of three German writers of Jewish background all born in or around 1880 in Berlin this book examines a range of German Jewish identities in a socio cultural context in Wilhelmine Germany Moritz Goldstein 1880 1977 the conflict of his dual identity and the interplay between being a German writer and a cultural Zionist is covered first Particular attention is given to the genesis of his essay *Deutsch j discher Parna* with its call for Jews to vacate their seats in German literary culture The range of positions unfolding

in the debate following its publication in *Der Kunstwart* in 1912 serves to illustrate the spectrum of German Jewish self definition at the time In the second part the writings of Julius Bab 1880 1955 are examined in so far as they shed light on his advocacy of a synthesis of *Deutschtum* and *Judentum* The far side of the spectrum of German Jewish self definition is represented by Ernst Lissauer 1882 1937 who propagated complete assimilation considering the Jewish element as an obstacle which had to be overcome on the road to *Deutschtum* This study depicts how external cultural and political influences shaped the transformation of their ideas of what it meant to be Jewish in Germany and how they responded to increasing anti-Semitism By recognising the way in which the individual's cultural identity was constantly refashioned in the face of external challenges a fuller understanding of the evolving self perception of German Jews is reached

The 'Jewish Question' in German Literature, 1749-1939 Ritchie Robertson, 2001-10-18 The Jewish Question in German Literature 1749 1939 is an erudite and searching literary study of the uneasy position of the Jews in Germany and Austria from the first pleas for Jewish emancipation during the Enlightenment to the eve of the Holocaust Trying to avoid hindsight and drawing on a wide range of literary texts Ritchie Robertson offers a close examination of attempts to construct a Jewish identity suitable for an increasingly secular world He examines both literary portrayals of Jews by Gentile writers whether antisemitic friendly or ambivalent and efforts to reinvent Jewish identities by the Jews themselves in response to antisemitism culminating in Zionism No other study by a single author deals with German Jewish relations so comprehensively and over such a long period of literary history Robertson's new work will prove stimulating for anyone interested in the modern Jewish experience as well as for scholars and students of German fiction prose and political culture

The Jews of Vienna in the Age of Franz Joseph Robert S. Wistrich, 1989-06-01 This book depicts and evaluates the golden age of Viennese Jewry which coincided with the long reign of the Emperor Franz Joseph between 1848 and 1916 Based on research into the demographic socio economic cultural and political factors that favoured the ascent of Viennese Jewry and also the anti-Semitic movements which accompanied its rise the author reconstructs the place of the Jews in the Empire and provides new insights into the ideological conflicts that have marked the 20th century The author describes the liberal Jewish symbiosis the impact of the nationality struggles in the Empire and its repercussions on Jewish group identity He examines the genesis of Zionism Autonomism Austro-Marxism and psychoanalysis as Jewish strategies and responses to the dilemmas of modernization The book explains the religious and political structure and orientation of the official Jewish community and analyzes the problems of identity that affected the Jewish intelligentsia and helped make Vienna the scene of one of the most seminal intellectual revolutions in history

Jews and Germans Guenter Lewy, 2020-10 *Jews and Germans* is the only book in English to delve fully into the history and challenges of the German Jewish relationship from before the Holocaust to the present day The Weimar Republic era the fifteen years between Germany's defeat in World War I 1918 and Hitler's accession 1933 has been characterized as a time of unparalleled German Jewish concord and collaboration Even though Jews constituted less than 1

percent of the German population they occupied a significant place in German literature music theater journalism science and many other fields Was that German Jewish relationship truly reciprocal How has it evolved since the Holocaust and what can it become Beginning with the German Jews struggle for emancipation Guenter Lewy describes Jewish life during the heyday of the Weimar Republic particularly the Jewish writers left wing intellectuals combat veterans and adult and youth organizations With this history as a backdrop he examines the deeply disparate responses among Jews when the Nazis assumed power Lewy then elucidates Jewish life in postwar West Germany in East Germany where Jewish communists searched for a second German Jewish symbiosis based on Marxist principles and finally in the united Germany illuminating the complexities of fraught relationships over time

New Perspectives on Freud's Moses and Monotheism Ruth Ginsburg, Ilana Pardes, 2012-02-14 *New Perspectives on Freud's Moses and Monotheism* presents some of the most important current scholarship on Moses and Monotheism The essays in this volume offer new perspectives on Freud's perception of Judaism of collective trauma and collective repression national violence gender issues hermeneutic enigmas religious configurations questions of representation and constructions of truth while exploring the relevance of Moses and Monotheism in diverse fields from Jewish Studies Psychoanalysis History and Egyptology to Literature Musicology and Art

The German-Jewish Legacy in America, 1938-1988 Abraham J. Peck, 1989 The essays in this volume were written to mark the fiftieth anniversary of Kristallnacht the fateful pogrom in early November 1938 which was a watershed in the treatment of Jews in Germany and signaled the end to more than a century of specific Jewish culture there Historian George Mosse in the opening essay characterizes this spirit as represented by Bildung a post emancipation notion that included character formation moral education the primacy of culture the acquisition of aesthetic taste and the belief in the potential of humanity Bildung became to large portions of German Jewry an important if not central expression of their Jewishness It is this legacy that this volume explores and seeks to understand Among the questions contributors examine are the meaning of this legacy in our time what has happened to it in its American context whether it has found a home in the United States or whether it remains in exile and which elements of the legacy are worth preserving for the next generation Two groups address this range of questions The first is made up of Jews born in Germany but who reached their professional maturity in the United States The second is made up primarily of American born individuals whose Jewish parents had either fled Nazi Germany or who as German Jews survived the Holocaust The *Germany Jewish Legacy in America* commemorates the end of one of the greatest communities in Jewish history and explores those elements of its greatness which may still be relevant in insuring a vibrant and productive Jewish community in a free and democratic American society

Jews and the German State Peter G. J. Pulzer, 2003 Now available in paperback this book delivers a comprehensive one volume account of the political history of Jews as a significant minority within Imperial Germany

On the Origins of Jewish Self-Hatred Paul Reitter, 2012-04-29 A new intellectual history that looks at Jewish self hatred Today the term Jewish self hatred often denotes a treasonous brand

of Jewish self loathing and is frequently used as a smear such as when it is applied to politically moderate Jews who are critical of Israel In *On the Origins of Jewish Self Hatred* Paul Reitter demonstrates that the concept of Jewish self hatred once had decidedly positive connotations He traces the genesis of the term to Anton Kuh a Viennese Jewish journalist who coined it in the aftermath of World War I and shows how the German Jewish philosopher Theodor Lessing came in 1930 to write a book that popularized Jewish self hatred Reitter contends that as Kuh and Lessing used it the concept of Jewish self hatred described a complex and possibly redemptive way of being Jewish Paradoxically Jews could show the world how to get past the blight of self hatred only by embracing their own singularly advanced self critical tendencies their Jewish self hatred Provocative and elegantly argued *On the Origins of Jewish Self Hatred* challenges widely held notions about the history and meaning of this idea and explains why its history is so badly misrepresented today

Gender, Orientalism and the Jewish Nation Lynne M. Swarts, 2020-01-23 Ephraim Moses Lilien 1874 1925 was one of the most important Jewish artists of modern times As a successful illustrator photographer painter and printer he became the first major Zionist artist Surprisingly there has been little in depth scholarly research and analysis of Lilien s work available in English making this book an important contribution to historical and art historical scholarship Concentrating mainly on his illustrations for journals and books Lynne Swarts acknowledges the importance of Lilien s groundbreaking male iconography in Zionist art but is the first to examine Lilien s complex and nuanced depiction of women which comprised a major dimension of his work Lilien s female images offer a compelling glimpse of an alternate independent and often sexually liberated modern Jewish woman a portrayal that often eluded the Zionist imagination Using an interdisciplinary approach to integrate intellectual and cultural history with issues of gender Jewish history and visual culture Swarts also explores the important fin de siècle tensions between European and Oriental expressions of Jewish femininity The work demonstrates that Lilien was not a minor figure in the European art scene but a major figure whose work needs re reading in light of his cosmopolitan and national artistic genius

Passing Illusions Kerry Wallach, 2017-08-22 Weimar Germany 1919 33 was an era of equal rights for women and minorities but also of growing antisemitism and hostility toward the Jewish population This led some Jews to want to pass or be perceived as non Jews yet there were still occasions when it was beneficial to be openly Jewish Being visible as a Jew often involved appearing simultaneously non Jewish and Jewish *Passing Illusions* examines the constructs of German Jewish visibility during the Weimar Republic and explores the controversial aspects of this identity and the complex reasons many decided to conceal or reveal themselves as Jewish Focusing on racial stereotypes Kerry Wallach outlines the key elements of visibility invisibility and the ways Jewishness was detected and presented through a broad selection of historical sources including periodicals personal memoirs and archival documents as well as cultural texts including works of fiction anecdotes images advertisements performances and films Twenty black and white illustrations photographs works of art cartoons advertisements film stills complement the book s analysis of visual culture

Austrians and Jews in the

Twentieth Century Robert S. Wistrich, 1992-11-15 The relationship between Austrians and Jews in the twentieth century has been tragic In the age of Franz Joseph Jews achieved a degree of security although their position was already being undermined by antisemitism ethnic conflicts and nationalism This book examines the relationship between Austrians and Jews which culminated in the 1938 Anschluss and the Holocaust It also shows how antisemitism survived the War and how the ground was prepared for the international isolation of Austria during the Waldheim Affair The German-Jewish Soldiers of the First World War in History and Memory Tim Grady, 2011-01-01 Nearly one hundred thousand German Jews fought in World War I and some twelve thousand of these soldiers lost their lives in battle This book focuses on the multifaceted ways in which these soldiers have been remembered as well as forgotten from 1914 to the late 1970s By examining Germany's complex and continually evolving memory culture Tim Grady opens up a new approach to the study of German and German Jewish history In doing so he draws out a narrative of entangled and overlapping relations between Jews and non Jews a story that extends past the Holocaust and into the Cold War **Samuel Roth, Infamous Modernist** Jay A. Gertzman, 2013-04-01 Samuel Roth is known to most literary scholars as a bold literary pirate for issuing unauthorized editions of modernist sensations including Ulysses and Lady Chatterley's Lover In the absence of an international copyright agreement and because works deemed obscene could not be copyrighted what he did was not illegal But it did violate the protocols of mutual fair dealing between publishers and authors Those publications provoked an unprecedented international protest of writers publishers and intellectuals who eventually vilified Roth on two continents Roth was a man with an uncanny ability to recognize good contemporary writing and make it accessible to popular audiences Ultimately his dedication to the publication of these works broke down many of the censorship laws of the time though he suffered greatly for his efforts His story portrays a struggle with literary censorship in the mid twentieth century while providing insights into how modernism was marketed in America **Speculations on German History** Barry Emslie, 2015 Provocative and spiced with humor this book uses a cultural studies approach to examine the fraught relationship in German history between material reality and ideology German history never loses its fascination It is exceptionally varied contradictory and raises difficult problems for the historian In a material sense there have been a great many Germanies so that it was long unclear what Germany would amount to geopolitically while German intellectuals fought constantly over the idea's of Germany Provocative and spiced with humor Speculations tackles Germany's successes and catastrophes in view of this fraught relationship between material reality and ideology Concentrating on the period from Friedrich the Great until today the book is less a conventional history than an extended essay It moves freely within the chosen period and because of its cultural studies disposition devotes a great deal of attention to German writers artists and intellectuals It looks at the ways in which German historians have attempted to come to terms with their own varying notions of nation culture and race An underlying philosophical assumption is that history is not one dominant narrative but a struggle between competing simultaneous

narratives like all those Germanies of the past and of the mind history is plural Barry Emslie pursues this agenda into the present arguing that there has been an unprecedented qualitative change in the Federal Republic in the quarter century since unification Barry Emslie lives and teaches in Berlin He is the author of *Richard Wagner and the Centrality of Love* Boydell Press 2010 and *Narrative and Truth An Ethical and Dynamic Paradigm for the Humanities* PalgraveMacmillan 2012

German-Jewish History in Modern Times: Emancipation and acculturation, 1780-1871 Mordechai Breuer, 1996
This four volume collective project by a team of leading scholars offers a vivid portrait of Jewish history in German speaking countries over nearly four centuries This series is sponsored by the Leo Baeck Institute established in 1955 in Jerusalem London and New York for the purpose of advancing scholarship on the Jews in German speaking lands

Right here, we have countless books **Freud Jews And Other Germans** and collections to check out. We additionally have enough money variant types and then type of the books to browse.
