**Sibling Relations and the Transformations of European Kinship, 1300-1900** Christopher H. Johnson, David Warren Sabean, 2011-03-01 Recently considerable interest has developed about the degree to which anthropological approaches to kinship can be used for the study of the long term development of European history From the late middle ages to the dawn of the twentieth century kinship rather than declining as is often assumed was twice reconfigured in dramatic ways and became increasingly significant as a force in historical change with remarkable similarities across European society Applying interdisciplinary approaches from social and cultural history and literature and focusing on sibling relationships this volume takes up the challenge of examining the systemic and structural development of kinship over the long term by looking at the close inner familial dynamics of ruling families the Hohenzollerns cultural leaders the Mendelssohns business and professional classes and political figures the Gladstones in France Italy Germany and England It offers insight into the current issues in kinship studies and draws from a wide range of personal documents letters autobiographies testaments memoirs as well as genealogies and works of art     *Protestant Cosmopolitanism and Diplomatic Culture* Daniel Riches, 2012-10-31 In *Protestant Cosmopolitanism and Diplomatic Culture* Daniel Riches investigates seventeenth century Brandenburg Swedish relations to present an image of early modern diplomacy driven by interpersonal networks grounded in their members educational backgrounds intellectual and cultural interests religious convictions and personal connections

century before Napoleon A brilliant ambitious sometimes ruthless monarch Frederick was a man of immense contradictions This consummate conqueror was also an ardent patron of the arts who attracted painters architects musicians playwrights and intellectuals to his court Like his fellow autocrat Catherine the Great of Russia Frederick was captivated by the ideals of the Enlightenment for many years he kept up lively correspondence with Voltaire and other leading thinkers of the age Yet like Catherine Frederick drew the line when it came to implementing Enlightenment principles that might curtail his royal authority Frederick s terrifying father instilled in him a stern military discipline that would make the future king one of the most fearsome battlefield commanders of his day while deriding as effeminate his son s passion for modern ideas and fine art Frederick driven to surpass his father s legacy challenged the dominant German speaking powers including Saxony Bavaria and the Habsburg Monarchy It was an audacious foreign policy gambit one at which Frederick against the expectations of his rivals succeeded In examining Frederick s private life Blanning also carefully considers the long debated question of Frederick s sexuality finding evidence that Frederick lavished gifts on his male friends and maintained homosexual relationships throughout his life while limiting contact with his estranged unloved queen to visits that were few and far between The story of one man s life and the complete political and cultural transformation of a nation Tim Blanning s sweeping biography takes readers inside the mind of the monarch giving us a fresh understanding of Frederick the Great s remarkable reign Praise for Frederick the Great Writing Frederick s biography requires a diverse set of skills expertise in eighteenth century diplomatic and military history including the intricacies of the Holy Roman Empire a familiarity with the music architecture and intellectual traditions of Northern Europe and not least a profound sense of human psychology the better to grasp the makeup of this complex and tormented man Fortunately Tim Blanning has all of these skills in abundance The Wall Street Journal At once scholarly and highly readable Blanning has given us a superb portrait of an enlightened despot equally at home on the battlefield and in the opera house both utterly ruthless and culturally refined Commentary Blanning in clear thinking and prose investigates all aspects of Frederick s personality and reign The last word on this significant king for years to come Booklist starred review Masterly Blanning brilliantly brings to life one of the most complex characters of modern European history The Telegraph five stars A supremely nuanced account This biography finds Blanning at the height of his powers Literary Review *Lessing Yearbook Index to Volumes I-XX and the Supplements* Edward Dvoretzky, 1994 This volume is a register and bibliography to the first 20 volumes of the Lessing Yearbook and its supplements *Humanitaet und Dialog Lessing in heutiger Sicht Nation und Gelehrtenrepublik and Lessing und die Toleranz*

Cultures of Power in Europe during the Long Eighteenth Century Hamish Scott, Brendan Simms, 2007-07-05 This volume seeks to get behind the surface of political events and to identify the forces which shaped politics and culture from 1680 to 1840 in Germany, France and Great Britain. The contributors, all leading specialists in the field, explore critically how culture, defined in the widest sense, was exploited during the long eighteenth century to buttress authority in all its forms and how politics infused culture. Individual essays explore topics ranging from the military culture of Central Europe through the political culture of Germany, France and Great Britain, music, court intrigue and diplomatic practice, religious conflict and political ideas, the role of the Enlightenment to the very new dispensations which prevailed during and after the French Revolution and the Napoleonic watershed. The book will be essential reading for all scholars of eighteenth-century European history.

**Gotthold Ephraim Lessings Sämtliche Schriften: Register, bearbeitet von Hedwig Guggenheimer, Franz Steinleitner und Franz Muncker. 1924** Gotthold Ephraim Lessing, 1924 **The German Federal Commissioner** Daniel Jochum, 2025-07-28 Scholars have described the delegation of power from politics to administration with the help of the principal agent theory. This framework examines challenges in the constellation of a superior, i.e. principal, and their subordinate, i.e. agent. Recruitment is a major way in which political power can be delegated to the administration. However, it is unclear how constellations in which the agent is a hybrid between politics and administration are to be assessed. Germany is familiar with the hybrid institution of the German Federal Commissioner (GFC), uniting elements of both politics and administration. GFCs or Bundesbeauftragte are formally not part of ministerial hierarchy nor of the cabinet. Also, their constitutional position is blurred because many of them hold simultaneous posts within the legislative. For this hybrid institution, the delegation mechanisms are unclear, especially in recruitment. This contradicts the fact that GFCs are of high public interest. In its first official act, the new German Merz government abolished half of all GFCs. The present study attempts to get to the bottom of GFC recruitment by applying them to the principal agent framework. **Wunderbare Wappenwelt Deutschland und Sachsen-Anhalt Band 3** Andreas Janek, 2020-08-03 Auf über 1200 Seiten mit mehr als 2600 Abbildungen werden in diesem dreibändigen Buch erstmals Entstehung, Geschichte und heraldische wie sthetische Aspekte des deutschen Wappens, des Landeswappens von Sachsen-Anhalt sowie aller historischer wie derzeitiger Wappen der Stadt und Landkreise in Sachsen-Anhalt umfassend präsentiert. **Der Untergang des Ordensstaates Preussen und die Entstehung der preussischen Königswürde** J. and a growing diversity of practices on the other Individual essays address crucial struggles over religious orthodoxy after the Reformation the transformation of political loyalties through propaganda and literature and efforts to redefine both canonical forms and new challenges to them in literature music and the arts Bringing together the most exciting papers from the 2005 conference of Fr he Neuzeit Interdisziplin r an international research and conference group the collection offers fresh comparative insights into the terrifying as well as exhilarating predicaments that the people of the Holy Roman Empire faced between the Reformation and the Enlightenment Contributors include Claudia Benthien Robert von Friedeburg Markus Friedrich Claire Gantet Susan Lewis Hammond Thomas Kaufmann Hildegard Elisabeth Keller Benjamin Marschke Nathan Baruch Rein and Ashley West **Brandenburgische Geschichte** Ingo Materna,Wolfgang Ribbe,2015-02-06 Aus dem Inhalt
