Great Britain: Parliament: House of Commons: International Development Committee,2012-08-23 This report highlights the importance of tax collection in developing countries and recommends that the UK s aid programme should increase its focus on supporting tax authorities This is equally valid for all forms of taxation including VAT personal income taxation and corporate taxation It is also essential that taxes are paid on a fair and equal basis by all New tax rules on developing countries the Controlled Foreign Companies CFC rules are designed to discourage UK owned corporations from using tax havens Traditionally these rules have applied to all UK owned corporations both those operating in the UK and those operating overseas Under the new rules however this will apply only to corporations operating in the UK making it easier for those operating in developing countries to use tax havens A number of NGOs have campaigned vigorously against the changes with ActionAid estimating that developing countries may lose up to 4 billion in tax revenues as a result The UK Government does not accept this estimate but does not deny that there will be some cost to developing countries The Committee recommends that subject to the outcome of its own analysis the Government should consider reversing the change as a matter of urgency The Committee also received evidence which argued that the Government should require UK owned companies to report their financial information on a country by country basis rather than on an aggregate basis The Government is reluctant to act unless other EU countries do likewise but the Committee believes that it should act unilaterally **Covenant Betrayed: Revelations of the Sixties, the Best of Time; the Worst of Time** Mark

Movement progressed to the Black Power and the Black Panthers The Civil Rights Movement was followed by the creeping involvement in Vietnam first with military advisors than massive troop deployments to Vietnam resulting in death violence destruction and then disillusion And complementing the war initially the educational teach ins led to massive antiwar demonstrations to the Weathermen busting windows on Michigan Ave and planting bombs in the Capital This all digressed to the second civil war which recently resurfaced with the Iraq War I afraid now is progressing to the third civil war Throughout the book we follow the characters lives from romantic innocence to reality to Expressionism Some fighting in Vietnam some protesting the war some marching for civil rights friendships destroyed and than repaired Some lives lost some destroyed some survived but all caught up in the hubris characterized by a gross failure of governmental leadership Those betrayed the most have their names on a black granite wall in Washington DC
