Eden To Armageddon The Conflict:

Eden to Armageddon D. C. Bray, 2001-03-01 TO PLACE AN ORDER JUST CLICK ON THE SHOPPING CART Sorry but Eden to Armageddon is not readily available at your local BookStore **Eden to Armageddon** Roger Ford, 2011-08-15 The definitive and epic account of World War I in the Middle East The Great War in the Middle East began with an invasion of the Garden of Eden and ended with a momentous victory on the site of the biblical Armageddon For the first time the complete story of this epic bloody war is now presented in a single definitive volume In this inspired new work of history Roger Ford describes the conflict in its entirety the war in Mesopotamia which would end with the creation of the countries of Iran and Iraq the desperate struggle in the Caucasus where the Turks had long standing territorial ambitions the doomed attacks on the Gallipoli Peninsula that would lead to ignominious defeat and the final act in Palestine where the Ottoman Empire finally crumbled Ford ends with a detailed description of the messy aftermath of the war and the new conflicts that arose in a reshaped Middle East that would play such a huge part in shaping world affairs for generations to come **Between Eden and Armageddon** Marc Gopin, 2002-11-07 Recent years have seen a meteoric rise in the power and importance of organized religion in many parts of the world At the same time there has been a significant increase in violence perpetrated in the name of religion While much has been written on the relationship between violence and religious militancy history shows that religious people have also played a critical role in peacemaking within numerous cultures In the new century will religion bring upon further catastrophes Or will it provide human civilization with methods of care healing and the creation of peaceful and just societies In this groundbreaking book Marc Gopin integrates the study of religion with the study of conflict resolution He argues that religion can play a critical role in constructing a global community of shared moral commitments and vision a community that can limit conflict to its nonviolent constructive variety If we examine religious myths and moral traditions Gopin argues we can understand why and when religious people come to violence and why and when they become staunch peacemakers He shows that it is the conservative expression of most religious traditions that presents the largest challenge in terms of peace and conflict Gopin considers ways to construct traditional paradigms that are committed to peacemaking on a deep level and offers such a paradigm for the case of Judaism Throughout Gopin emphasizes that developing the potential of the world's religions for coping with conflict demands a conscious process on the part of peacemakers and theologians His innovative and carefully argued study also offers a broad set of recommendations for policy planners both inside and outside of government *Third-Party Peacemakers in Judaism* Daniel Roth, 2021 In the race to discover real solutions for the conflicts that plague contemporary society it is essential that we look to precedent Many of today's conflicts involve ethno religious tensions that modern wisdom alone is ill equipped to resolve In *Third Party Peacemakers in Judaism* Rabbi Dr Daniel Roth asks us to consider ancient religious and traditional cultural solutions to such present day issues *Third Party Peacemakers in Judaism* presents an array of case studies featuring third party peacemakers

found within Jewish rabbinic literature and serves as an inspiration for fostering indigenous practices of third party peacemaking and mediation in the modern era *The English Modernist Novel as Political Theology* Charles Andrews, 2024-01-11 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE novels by Virginia Woolf D H Lawrence Evelyn Waugh and Sylvia Townsend Warner as political theology works that imagine a resistance to the fusion of Christianity and patriotism which fuelled and supported the First World War this book shows how we can gain valuable insights from their works for anti militarist anti statist and anti nationalist efforts today While none of the four novelists in this study were committed Christians during the 1920s Andrews explores how their fiction written in the wake of the First World War operates theologically when it challenges English civil religion the rituals of the nation that elevate the state to a form of divinity Bringing these novels into a dialogue with recent political theologies by theorists and theologians including Giorgio Agamben William Cavanaugh Simon Critchley Michel Foucault Stanley Hauerwas and Jürgen Moltmann this book shows the myriad ways that we can learn from the authors theopolitical imaginations Andrews demonstrates the many ways that these novelists issue a challenge to the problems with civil religion and the sacralized nation state and in so doing offer alternative visions to coordinate our inner lives with our public and collective actions **Religion and Conflict Resolution** Megan Shore, 2016-04-08 This book examines the ambiguous role that Christianity played in South Africa's Truth and Reconciliation Commission TRC It has two objectives to analyse the role Christianity played in the TRC and to highlight certain consequences that may be instructive to future international conflict resolution processes Religion and conflict resolution is an area of significant importance Ongoing conflicts involving Palestinians and Israelis Muslims and Hindus and even radical Islamic jihadists and Western countries have heightened the awareness of the potential power of religion to fuel conflict Yet these religious traditions also promote peace and respect for others as key components in doing justice Examining the potential role religion can play in generating peace and justice specifically Christianity in South Africa's TRC is of utmost importance as religiously inspired violence continues to occur This book highlights the importance of accounting for religion in international conflict resolution *To Make the Earth Whole* Marc Gopin, 2009-06-15 To Make the Earth Whole studies the art of citizen diplomacy_a process that can address clashes of religion and culture across regional lines even when traditional negotiations between governments can fail While faith and regional differences have been sources of division around the world in recent decades millions of citizens are also creating bonds of friendship and collaboration that are forming the basis of a global community Drawing on the experiences gleaned from years practicing citizen diplomacy in some of the world's most politically charged climates scholar practitioner of conflict resolution and rabbi Marc Gopin describes his work in Syria as a central case study of the book The author outlines the strategic basis for creating community across lines of enmity the social network theory to explain how this happens and the long term vision required for a progressive but inclusive global community that respects religious communities even as it limits their coercive power over others This

powerful and practical book outlines an incremental and evolutionary strategy of positive change that stands a strong chance of success even in today's most conservative and repressive religious and political contexts To Make the Earth Whole also examines the ethical challenges of citizen diplomacy from the perspectives of both Western and Eastern philosophies and religions The world's wisdom traditions are essential in devising a way for citizens to develop the foundations for global community

Middle East Conflicts from Ancient Egypt to the 21st Century Spencer C. Tucker, 2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars

Forgiveness in International Politics William Bole, Drew Christiansen, Robert T. Hennemeyer, 2004 In this provocative book the authors argue that the core religious value of forgiveness can play a real strategic role in the arena of international conflict and diplomacy

Understanding U.S. Military Conflicts through Primary Sources James R. Arnold, Roberta Wiener, 2015-11-12 An easily accessible resource that showcases the links between using documented primary sources and gaining a more nuanced understanding of military history Primary source analysis is a valuable tool that teaches students how historians utilize documents and interpret evidence from the past This four volume reference traces key decisions in U S military history from the Revolutionary War through the 21st century conflicts in Afghanistan and Iraq by examining documents relating to military strategy and national policy judgments by U S military and political leaders A comprehensive introductory essay provides readers with the context necessary to understand the relationship between diplomatic documents military correspondence and other documentation related to events that shaped warfare diplomacy and military strategy Once the stage is set the work covers 14 conflicts that are significant to U S history Treatment of each of the conflicts begins with a historical overview followed by a chronology and approximately 30 primary source documents presented in chronological order Each document is accompanied by a description and annotations and by an analysis that highlights its importance to the event or topic under discussion Designed

for secondary school and college students the work will be exceptionally valuable to teachers who will appreciate the ready made lessons that fit directly into core curriculum standards *Chaplains as Liaisons with Religious Leaders* George Adams,2006 Routledge Handbook of Security Studies Myriam Dunn Cavelty,Thierry Balzacq,2016-07-01 This revised and updated second edition features over twenty new chapters and offers a wide ranging collection of cutting edge essays from leading scholars in the field of Security Studies The field of Security Studies has undergone significant change during the past 20 years and is now one of the most dynamic sub disciplines within International Relations This second edition has been significantly updated to address contemporary and emerging security threats with chapters on organised crime migration and security cyber security energy security the Syrian conflict and resilience amongst many others Comprising articles by both established and up and coming scholars The Routledge Handbook of Security Studies provides a comprehensive overview of the key contemporary topics of research and debate in the field of Security Studies The volume is divided into four main parts Part I Theoretical Approaches to Security Part II Security Challenges Part III Regional In Security Part IV Security Governance This new edition of the Handbook is a benchmark publication with major importance for both current research and the future of the field It will be essential reading for all scholars and students of Security Studies War and Conflict Studies and International Relations **The ^AOxford Handbook of Religion, Conflict, and Peacebuilding** Atalia Omer,R. Scott Appleby,David Little,2015-03-02 The book provides a comprehensive overview of the literature on religion conflict and peacebuilding With a focus on structural and cultural violence the volume also offers a cutting edge interdisciplinary reframing of the scope of scholarship in the field **Warfare and Armed Conflicts** Micheal Clodfelter,2017-05-23 In its revised and updated fourth edition this exhaustive encyclopedia provides a record of casualties of war from the last five centuries through 2015 with new statistical and analytical information Figures include casualties from global terrorism the wars in Iraq and Afghanistan and the fight against the Islamic State New entries cover an additional 20 armed conflicts between 1492 and 2007 not included in previous editions Arranged roughly by century and subdivided by world region chronological entries include the name and dates of the conflict precursor events strategies and details the outcome and its aftermath Law, Religion and Reconciliation in Africa M. Christian Green,Jean-Baptiste Sourou,Célestin Gnonzion†,2024-05-20 Forgiveness and reconciliation are important moments for the stability of a society and a state Many African countries have gone through serious social crises in the post colonial period genocide post election crises civil and internal conflicts and outright war Forgiveness and reconciliation have been necessary to reweave the social fabric and restart the construction of peaceful and prosperous societies Chapters in this book examine the Truth and Reconciliation Commissions and religious councils aimed at peace along with African traditional approaches mediation and arbitration councils post conflict contexts and the roles of women and gender philosophy and theology and programs of education for peace **Religious Hatred and Human Conflict** Andrew Floyer Acland,2023-09-12 Religious Hatred and Human Conflict

focuses the lens of psychodynamic psychology on a phenomenon that often confounds conventional thinking the intensity of conflict with religious or quasi religious dimensions The book highlights six dimensions of religion identity doctrine and practice emotion and experience mythology sacred values and power and control exploring how these can give rise to religious hatred and lead to marginalisation persecution and even genocide It also explores reasons for the evolution of religion and religious hatred and their relationship with human behaviour through contemporary issues such as fundamentalism martyrdom clerical narcissism and apocalyptic belief Acland examines how religious hatred and conflict may be transcended by facilitating processes of dialogue and diapraxis which enable a systematic understanding of prejudices and projections Last it offers practical methods and strategies for helping individuals and communities grow beyond the constraints of religious hatred treating religious hatred as a psycho spiritual problem that requires self understanding Identifying the implications for professionals in conflict resolution and mediation politicians community leaders diplomats and anyone working to prevent or reduce conflict where religious belief is a factor this book sets out how those tasked with intervening can respond to the challenges involved It will also be highly relevant reading for students and researchers of psychology and religious studies Interreligious Curriculum for Peace Education in Nigeria Isaiah Ekundayo

Dada,2019-04-18 Nigeria a country under a military regime for several years transitioned to a civilian regime in May 1999 Since this change violent conflicts between Christians and Muslims have continued to erupt They constitute one of the gravest dangers facing Nigeria a country with a population of 189 million people What have Nigerian religious leaders done about this situation especially in educational circles Have they received formal educational training to understand the causes of this violence and especially how to provide alternatives for more peaceful relations within Nigeria Does the current educational system in Nigeria provide the main ingredients for the promotion of a culture of peace The absence and neglect of interreligious peace education as part of a peace education core program and the lack of an interreligious curriculum for peace education in the training of religious leaders are the two problems contributing towards the lack of effectiveness of religious leaders in promoting less violent and more peaceful living The solution to the problem is proposed in this book entitled Interreligious Curriculum for Peace Education in Nigeria The book develops a one year curriculum building on Yoruba Islamic Christian conceptions of peace and teaches how to create safe caring spiritual peaceful and successful interfaith relationships between all Nigerian religious communities In the long term the book helps to educate religious leaders to contribute in themselves and with the help of their respective religious communities to reducing the growing religious violence in Nigeria Handbook of Religion and Society David Yamane,2016-07-15 The Handbook of Religion and Society is the most comprehensive and up to date treatment of a vital force in the world today It is an indispensable resource for scholars students policy makers and other professionals seeking to understand the role of religion in society This includes both the social forces that shape religion and the social consequences of religion This handbook captures the breadth and

depth of contemporary work in the field and shows readers important future directions for scholarship Among the emerging topics covered in the handbook are biological functioning organizational innovation digital religion spirituality atheism and transnationalism The relationship of religion to other significant social institutions like work and entrepreneurship science and sport is also analyzed Specific attention is paid where appropriate to international issues as well as to race class sexuality and gender differences This handbook includes 27 chapters by a distinguished diverse and international collection of experts organized into 6 major sections religion and social institutions religious organization family life course and individual change difference and inequality political and legal processes and globalization and transnationalism

Conflict Management and Mediation Martin C. Euwema, Ellen Giebels, 2024-05-02 This textbook explores the complex nature of conflict and provides concrete tools for how it can be managed Specially designed for practical use it integrates theories and models of conflict with cutting edge practical research and outlines the diverse skills and strategies necessary for competent conflict management

World Peace Alex J. Bellamy, 2019-09-12 For as long as there has been war there have been demands for its elimination The quest for world peace has excited and eluded political leaders philosophers religious elders activists and artists for millennia With war on the rise once again we rarely reflect on what world peace might look like much less on how it might be achieved World Peace aims to change all that and show that world peace is possible Because the motives rationales and impulses that give rise to war the quest for survival enrichment solidarity and glory are now better satisfied through peaceful means war is an increasingly anachronistic practice more likely to impoverish and harm us humans than satisfy and protect us This book shows that we already have many of the institutions and practices needed to make peace possible and sets out an agenda for building world peace In the immediate term it shows how steps to strengthen compliance with international law improve collective action such as international peacekeeping and peacebuilding better regulate the flow of arms and hold individuals legally accountable for acts of aggression or atrocity crimes can make our world more peaceful It also shows how in the long term building strong and legitimate states that protect the rights and secure the livelihoods of their people gender equal societies and protecting the right of individuals to opt out of wars has the potential to establish and sustain world peace But it will only happen if individuals organize to make it happen
