I. Introduction

Education is key to the progress of a nation. As Iwantoro has put forward (2014:53) education is a very important issue in the development of this nation and the country. The purpose of Education is to direct the growing potential of learners to be a man of pious care to the One God Almighty, qualified, possessed of sublime pekerti ability and virtuousness. Education has a very strategic role in determining the direction of the forthcoming of the nation's quality of community knowledge.

The improvement in educational quality strongly emphasizes the importance of the role of the school as an autonomous primary offender and the role of the principal in developing education. The school needs to be given trust to organize and take care of itself according to environmental conditions. Schools as autonomous institutions are given opportunities to administer in the coordination process to achieve educational goals (Soebagio, 2013:5-6).

The first education passed and accepted a child was education in the family. Any child of cendrung who is heard, seen, experienced and taught by his parents both knowledge, skill, forming a manner of conduct everything received is likely that everything in the family will continue to be practiced outside the home or the social environment (Mardhatillah, 2018)

School learning activities are a major activity in the improvement of the quality of national education. Through the teaching learning process is expected to be achieved educational goals in the form of learner behavior changes. This learning process requires
