Elizabeth Gaskell's Cranford Dr Thomas Recchio, 2013-04-28 Tracing the publishing history of Elizabeth Gaskell's *Cranford* from its initial 1851-53 serialization in Dickens's *Household Words* through its numerous editions and adaptations Thomas Recchio focuses especially on how the text has been deployed to support ideas related to nation and national identity Recchio maps *Cranford*'s nineteenth century reception in Britain and the United States through illustrated editions in England dating from 1864 and their subsequent republication in the United States US school editions in the first two decades of the twentieth century dramatic adaptations from 1899 to 2007 and Anglo American literary criticism in the latter half of the twentieth century Making extensive use of primary materials Recchio considers *Cranford* within the context of the Victorian periodical press contemporary reviews theories of text and word relationships in illustrated books community theater and digital media In addition to being a detailed publishing history that emphasizes the material forms of the book and its adaptations Recchio's book is a narrative of *Cranford*'s evolution from an auto ethnography of a receding mid Victorian English way of life to a novel that was deployed as a maternal model to define an American sensibility for early twentieth century Mediterranean and Eastern European immigrants While focusing on one novel Recchio offers a convincing micro history of the way English literature was positioned in England and the United States to support an Anglo centric cultural project to resist the emergence of multicultural societies and to ensure an unchanging notion of a stable English culture on both sides of the Atlantic

The Maternal Voice in Victorian Fiction Barbara Z. Thaden, 2013-10-28 This is the first full length study to focus specifically on representations of motherhood in fiction by such Victorian writers as Elizabeth Gaskell Margaret Oliphant Caroline Norton and Ellen Price Wood These authors presented an

idealized view of motherhood as part of a campaign to gain social and legal status for mothering in a society in which married women were not legal entities and children born in wedlock were the inalienable property of their fathers These writers used dead mother plots which reversed New Testament parables so that the mother plays the leading role and maternal circle plots which portray adult daughters and their mothers raising children outside marriage This fiction which showed how children benefit from good mothering was instrumental in married mothers eventually obtaining equal parental rights

The Arnoldian ,1984 Discourses of Ageing in Fiction and Feminism J. King,2012-11-13 This book explores the way older women are represented in society Through close readings of novels by major 20th century novelists compared with the more dominant representations of female ageing to be found in popular culture it suggests that they offer a feminist understanding of the invisible woman sometimes lacking in feminism itself Right at Last Elizabeth Cleghorn Gaskell,1915

Making Social Knowledge in the Victorian City Martin Hewitt,2019-07-02 This study explores the ecology of knowledge of urban Britain in the Victorian period and seeks to examine the way in which Victorians comprehended the nature of their urban society through an exploration of the history of Victorian Manchester and two specific case studies on the fiction of Elizabeth Gaskell and the campaigns for educational extension which emerged out of the city It argues that crucial to the Victorians approaches was the visiting mode as a particular discursive formation including its institutional foundations its characteristic modes and assumptions and the texts which exemplify it Recognition of the importance of the visiting mode it is argued offers a fundamental challenge to established Foucauldian interpretations of nineteenth century society and culture and provides an important corrective to recent scholarship of nineteenth century technologies of knowing

Best Short Stories Martha Foley,Edward Joseph O'Brien,1919 *Dickens and the Short Story* Deborah A. Thomas,2016-11-11 At the height of his career writing short stories provided Dickens with a release from the formal constraints of his novels and gave free reign to his creative imagination Ranging from flights of fancy to literary masterpieces Dickens s short stories contained artistic experiments that inspired fuller developments in his novels Yet the short stories have been all but overlooked in critical discussions Deborah A Thomas focuses directly on this body of work tracing three stages of development In the early stage until 1840 Dickens produced numerous short stories culminating in his experience with the abortive Master Humphrey s Clock In the following ten years he restricted his writing of short stories to the five Christmas Books but refined his theories about the value of the genre in the context of his work In the third stage 1850 1868 Dickens again turned actively to the writing of short stories many of them the Christmas Stories appearing in the weeklies Household Words and All the Year Round which Dickens edited successively from 1850 to 1869 and from 1859 until his death in 1870 The author concentrates primarily upon the more notable stories drawing for a perspective upon Dickens own concept of fancy In an increasingly factual age Dickens attracted to the unusual and the unknown found the short story a form in which he could indulge his high degree of fantasy and explore the hidden corners of the mind Dickens fascination

with psychological abnormality and the supernatural reflected in his novels reveals itself even more intriguingly in his short stories In Thomas s analysis Dickens short stories appear as an important key to understanding the novels while proving worthy in themselves of critical attention Essential to a thorough study of Dickens her book sheds light upon previously obscure facets of his developing artistry *The Prostitute's Body* Nina Attwood,2015-10-06 Attwood examines Victorian attitudes to prostitution across a number of sources medical literary pornographic **The Best Short Stories of ... and the Yearbook of the American Short Story** ,1919 **Four Plays** Aristophanes,1912 Four Short Stories Elizabeth Cleghorn Gaskell,1983 *The Flesh Made Word* Helena Michie,1990 Examining the works of such Victorian writers as the Brontes Dickens Eliot and Hardy this study discusses codes and taboos about the female body and explores how female sexuality was represented in Victorian literary and non literary genres such as painting etiquette books and pornography *The British Short Story* Emma Liggins,Andrew Maunder,Ruth Robbins,2017-09-16 The short story remains a crucial if neglected part of British literary heritage This accessible and up to date critical overview maps out the main strands and figures that shaped the British short story and novella from the 1850s to the present It offers new readings of both classic and forgotten texts in a clear jargon free way
