Elizabeth Stoddard & the Boundaries of Bourgeois Culture Lynn Mahoney, 2004-01-15 First published in 2004 Routledge is an imprint of Taylor Francis an informa company **Elizabeth Stoddard & the Boundaries of Bourgeois Culture** Lynn Mahoney, 2004-01-15 Elizabeth Stoddard and the Boundaries of Bourgeois Culture traces Stoddard's emergence as a writer in the 1850s her conflict ridden relationships with the writers associated with the genteel tradition and her efforts to negotiate the boundaries of Victorian culture in the United States While in many ways a critic of nineteenth century bourgeois culture Stoddard remained in other ways an adherent her work was not a rejection of bourgeois culture but a reworking of it which suggests that bourgeois culture was not as monolithic as later critics believed Recovering the richness and possibility that characterized early Victorian writing this book examines the range of literary expression which had existed at mid century a period that boasts some of American literature's most iconoclastic voices **The Selected Letters of Elizabeth Stoddard** Elizabeth Stoddard, 2012-11-15 Although she wrote voluminously in a range of genres including fiction poetry and journalism Elizabeth Stoddard has mainly been known as the wife of poet Richard Henry Stoddard Here editors Stockton Southwestern University and Putzi College of William and Mary collect 84 of her letters organized chronologically from 1851 to 1902 The letters offer insight into her explorations of identity especially her identification with the New York City literati and provide a literary and cultural history of the city which was the nation's printing and publishing capital during the mid to late 19th century The letters have been selected to reflect a wide range of her experiences opinions and interests A detailed introduction provides a review her life The book also includes a timeline and a few b/w historical photos Annotation 2013 Book News Inc Portland OR booknews.com Letters and Cultural Transformations in the United States, 1760-1860 Sharon M. Harris, 2016-05-06 This volume illustrates the significance of epistolarity as a literary phenomenon intricately interwoven with eighteenth and nineteenth century cultural developments Rejecting the common categorization of letters as primarily private documents this collection of essays demonstrates the genre's persistent public engagements with changing cultural dynamics of the revolutionary early republican and antebellum eras Sections of the collection treat letters' implication in transatlanticism authorship and reform movements as well as the politics and practices of editing letters The wide range of authors considered include Mercy Otis Warren Charles Brockden Brown members of the Emerson and Peabody families Margaret Fuller Elizabeth Stoddard Catherine Brown John Brown and Harriet Jacobs The volume is particularly relevant for researchers in U.S. literature and history as well as women's writing and periodical studies This dynamic collection offers scholars an exemplary template of new approaches for exploring an understudied yet critically important literary genre The ^AOxford Handbook of American Literary Realism Keith Newlin, 2019-08-01 The Oxford Handbook of American Literary Realism offers fresh interpretations of the artistic and political challenges of representing life accurately It is the first book to treat the subject topically and thematically in wide

scope with essays that draw upon recent scholarship in literary and cultural studies to offer an authoritative and in depth reassessment of major and minor figures and the contexts that shaped their work *A History of Nineteenth-Century American Women's Poetry* Jennifer Putzi,Alexandra Socarides,2016-12-15 A History of Nineteenth Century American Women s Poetry is the first book to construct a coherent history of the field and focus entirely on women s poetry of the period With contributions from some of the most prominent scholars of nineteenth century American literature it explores a wide variety of authors texts and methodological approaches Organized into three chronological sections the essays examine multiple genres of poetry consider poems circulated in various manuscript and print venues and propose alternative ways of narrating literary history From these essays a rich story emerges about a diverse poetics that was once immensely popular but has since been forgotten This History confirms that the field has advanced far beyond the recovery of select individual poets It will be an invaluable resource for students teachers and critics of both the literature and the history of this era

Enterprising Youth Monika Elbert,2008-06-09 Recommended by Choice Enterprising Youth examines the agenda behind the shaping of nineteenth century children s perceptions and world views and the transmission of civic duties and social values to children by adults The essays in this book reveal the contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children s stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This collection of literary and historical criticism of nineteenth century American children s literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time **The Fortress of American Solitude** Shawn Thomson,2009 For individuals who are interested in how Defoe s Robinson Crusoe and other narratives of shipwrecks and castaways influenced antebellum

American Culture Shawn Thomson s The Fortress of American Solitude is useful More specifically for Melville scholars the second third and fourth chapters provide some interesting insight into possible readings for how Defoe s novel and the castaway genre in general may have influenced Melville s call to sea and the penning of some of his most interesting characters *Mad/Bad/Sad: Philosophical, Political, Poetic and Artistic Reflections on the History of Madness* Gonzalo Araoz,2020-09-25 This volume collects a series of writings exploring the notion the experience and the representation of madness from different disciplinary perspectives and in different cultural contexts *George Orwell, Doubtless, and the Value of Decency* Anthony Stewart,2004-03 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

Queer Impressions Elaine Pigeon,2013-11-05 Beginning with The Portrait of a Lady this book shows how in developing his unique form of realism James highlights the tragic consequences of his American heroine s Romantic

imagination in particular her Emersonian idealism In order to expose Emerson's blind spot a lacuna at the very centre of his New England Transcendentalism James draws on the Gothic effects of Nathaniel Hawthorne and Edgar Allan Poe thereby producing an intensification of Isabel Archer's psychological state and precipitating her awakening to a fuller heightened consciousness Thus Romanticism takes an aesthetic turn becoming distinctly Paterian and unleashing queer possibilities that are further developed in James's subsequent fiction This book follows the Paterian thread leading to *The Author of Beltraffio* and *Th ophile Gauthier* and thereby establishing an important connection with French culture Drawing on James's famous analogy between the art of fiction and the art of the painter the book explores a possible link to the Impressionist painters associated with the literary circle *mile Zola* dominated It then turns to *A New England Winter* a tale about an American Impressionist painter and finds traces leading back to James's initiation *pr miere* The book closes with an exploration of the possible sources of Kate Croy's unspeakable father in *The Wings of the Dove* and proposes a possible intertext one that provides direct insight into the Victorian closet

A Singing Contest Meg Tyler, 2013-11-05 A formal analysis *A Singing Contest* comprises close readings of Seamus Heaney's poetry Tyler argues that in an era of fractured poetry and politics Seamus Heaney stands out his impulse is towards unity and regeneration Her book considers the interplay between different kinds of literary tradition and community in his poetry For Heaney poetry represents a structure allowing imaginative mediation of conflicts that appear irreconcilable in the social political and historical realms By detailed structural analysis of diction meter imagery and generic form Tyler illustrates how Heaney's poems create concords from discords unities from fracture From the preface by Rosanna Warren *A Singing Contest* is written with imaginative and emotional urgency and in some large sense as it examines Heaney's spells it seems itself to want to cast a spell against death Hence Tyler's return in various ways to readings of elegy whether the fictive elegies of classical pastoral poems or Heaney's personal elegies She pores in detail over *Clearances* the sonnet sequence composed in memory of the poet's mother in *The Haw Lantern* and she concludes her book with a chapter on literary elegies Heaney's farewells to his friends and admired contemporaries Ted Hughes Zbigniew Herbert and Joseph Brodsky In these analyses one sees the wholeness of Tyler's project her argument that for Heaney literary tradition itself rightly received and transformed reaches into the voids made by death and establishes connection across rupture Her thesis is an ancient one and she gives it particular shape and force in asking us to contemplate it at work in Heaney where it binds individual to collective experience and past to present

No Image There and the Gaze Remains Catherine Karaguezian, 2014-02-04 To date no book length study of the work of poet Jorie Graham has been published Graham now holds the prestigious Boylston Professorship of Rhetoric and Oratory at Harvard University recipient of a MacArthur Fellowship and a Pulitzer Prize Graham has established herself as one of the most important poets of her generation This book addresses the connection between Graham's work and the legacy of American Modernism arguing that her recurring interest in the visible world and how best to represent it in her poetry can be seen as a

continuation of the work of Eliot and Stevens For Graham the visible world is a means of approaching the ineffable or the divine The poet's approach to the ineffable in her work is conflated at times with the relationship between the self and the other maintaining the integrity of both and accurately representing the truth of what she sees become a moral project for the poet aligning her work with that of the Moderns The book addresses Graham's entire body of work now nine books of poetry and interprets her poetic preoccupation with visuality through the lens of psychoanalytic criticism **Somewhat on the Community System** Andrew Loman, 2014-02-04 Hawthorne wrote much of his major fiction in the decade that the theories of Charles Marie François Fourier crossed the Atlantic and contributed to a wave of communitarian experimentation in the American North Famously Hawthorne briefly lived and worked at Brook Farm a Transcendentalist commune that formally converted to Fourierism when he had left and was embroiled in litigation to recover money he had invested in the community In his fiction Hawthorne responded directly to Fourierism and its critique of capitalism He used his experiences at Brook Farm as the inspiration for *The Blithedale Romance* and in *The House of the Seven Gables* cast one of the principal characters as a recovering Fourierist In *The Scarlet Letter* he engaged with Fourierist debates on marriage and the regulation of desire *Somewhat on the Community System* examines these interventions and argues that Hawthorne's fiction both seeks to contain Fourierism and responds to its allure Moreover in formulating alternative morally acceptable utopias ones that are predicated on middle class marriage Hawthorne's fiction appropriates key aspects of Fourierist theory

Pynchon and History Shawn Smith, 2013-11-05 First Published in 2005 While many previous books on Pynchon allude to his fictional engagement with historical events and figures this book explores Pynchon as a historical novelist and by extension historical thinker The book interprets Pynchon's four major novels *V* *Gravity's Rainbow* *Vineland* and *Mason Dixon* through the prism of historical interpretation and representation In doing so it argues that Pynchon's innovative narrative techniques express his philosophy of history and historical representation through the form of his texts **Edith Wharton**

as Spatial Activist and Analyst Reneé Somers, 2013-09-13 Because she devoted much of her life to exploring the relationships that exist between people and their built environment Edith Wharton developed a set of philosophies that she expressed in many arenas including interior design architecture and landscaping Her theories of space were practiced and materially executed in addition to being expressed in her writing This book explores Wharton's theories of space in Newport Rhode Island during the Gilded Age when the town was transformed from a rustic seaport to a playground for the fabulously wealthy The built environment played a pivotal role as social economic and personal conflicts were enacted among private and public spaces As a cultural worker and as an author Wharton stood squarely in the middle of these conflicts and directly participated in them Accordingly the book shows Wharton in a new light by exploring texts such as *The Decoration of Houses* and *The House of Mirth* as well as by examining the architecture and aesthetics of three of Wharton's primary homes
