Movement Sally McMillen,2009-09-08 In a quiet town of Seneca Falls New York over the course of two days in July 1848 a small group of women and men led by Elizabeth Cady Stanton and Lucretia Mott held a convention that would launch the woman's rights movement and change the course of history The implications of that remarkable convention would be felt around the world and indeed are still being felt today In *Seneca Falls and the Origins of the Woman's Rights Movement* the latest contribution to Oxford's acclaimed Pivotal Moments in American History series Sally McMillen unpacks for the first time the full significance of that revolutionary convention and the enormous changes it produced The book covers 50 years of women's activism from 1840 1890 focusing on four extraordinary figures Lucretia Mott Elizabeth Cady Stanton Lucy Stone and Susan B Anthony McMillen tells the stories of their lives how they came to take up the cause of women's rights the astonishing advances they made during their lifetimes and the lasting and transformative effects of the work they did At the convention they asserted full equality with men argued for greater legal rights greater professional and education opportunities and the right to vote ideas considered wildly radical at the time Indeed looking back at the convention two years later Anthony called it the grandest and greatest reform of all time and destined to be thus regarded by the future
