Eloise Dumarest Of Terra 1:

Eloise E.C. Tubb,2011-09-29 Cyber Prime surveyed the domains of his vast scattered empire with trepidation Central Intelligence had ruled the empire in the past Now he knew that this gigantic computer was degenerating breaking up after years of use Only one man could save them Earl Dumarest a lonely space traveller engaged on a long quest to find his birth planet Earth The Cybers must find and intercept him But before the Cybers discover Dumarest they encounter Eloise a beautiful seductress who drives logic from their minds First published 1975 [Deciphering the Text Foundations of Traveller](#) Michael Andre-Driussi, A collection of twenty three articles led by Deciphering the Text Foundations of Traveller about the role playing game from GDW and Languages of the Dying Sun about science fantasy from Jack Vance Gene Wolfe and Damien Broderick **National Union Catalog** ,1980 [Symbol of Terra](#) E.C. Tubb,2011-09-29 Clues from Angado clues from the lady Govinda all leading Dumarest on in his search for the lost Planet Earth But first they lead him to a collector of ancient wisdom called Tama Chenault But Chenault is not all that he seems and Dumarest is forced to bargain for the information he seeks In return he must pledge allegiance to Chenault s deadly plan First published 1984 [The Cumulative Book Index](#) ,1979 A world list of books in the English language [Pawn of the Omphalos](#) E.C. Tubb,2011-09-29 For Mark Carodyne all of life was a gamble For money for sport for knowledge for danger That s why he had come to Krait for the skimming races he knew would make him rich Or broke Or dead Krait It was dominated by the pulsing quivering kaleidoscopic Omphalos that filled the sky above An unmeasurable mass that was said to have the power to swallow whole planets even galaxies Indeed seven ships had been sent to explore its mysteries and none had returned Now there were those who believed that Krait was about to come into its path And Mark Carodyne had agreed to gamble his life to obtain the scientific data that might save the planet from destruction One man In a single ship Skimming the edge of the unknown

Saturn Patrol E.C. Tubb,2014-09-30 Originally written under the pseudonym King Lang Saturn Patrol is another fabulous tale from the prolific E C Tubb [Escape into Space](#) E.C. Tubb,2011-09-29 The ship rose on a column of invisible super heated steam ejected at incredible velocity The spread of the blast flattened everything in the immediate vicinity The surrounding town was wiped out Immediately on blast off the automatic pilot engaged hi drive to avoid the attacking missile This put the ship into negative mass with relation to the normal universe It was now in M space The ship was self contained It could keep going till all her occupants died of old age But where to Proxima Centauri Or maybe Alpha Centauri Riga perhaps or Sirius The universe is a big space They hurtled on through space and time until they saw the planet a cloud hidden ball as it hung in space a hundred thousand miles below the orbiting vessel It had seas and clouds mountains and ice caps islands and continents It had a moon and a yellow G type sun Home Was this their second chance *Reverse Universe* E.C. Tubb,2015-12-17 Originally published in 1952 Reverse Universe is another classic from pulp master E C Tubb writing as Volsted Gridban *Spawn of Laban* E.C. Tubb,2011-09-29 IN THE DOC SMITH TRADITION The planet was fine for big

game hunters And it was the tradition there that one must have a trophy before one could call oneself truly a man If that were all it would hardly interest Cap Kennedy because his trophies consisted of planets saved for Terra and missions accomplished But there was something on Eriadne which was not just a hunt trophy something which required the presence of Kennedy and his men to check on One of these things was a fragment of Zheltyana construction which outdated all civilisation But the hunt proved to be a double one Kennedy against an unslayable monster and a lost world of monsters against Kennedy And if he lost it would be Terra itself that would be a trophy on some alien s hunting lodge wall SPAWN OF LABAN is one of the best a real edge of the seat science fiction chiller in the tradition of Edward E Smith and Edmond Hamilton

To Dream Again E.C. Tubb,2014-01-30 As an officer in the United Nations Law Enforcement Agency Ralph Mancini was dedicated to the worldwide War on Drugs employing all the resources of the U N whilst working with the national and international police forces But now an insidious new drug was being developed one in which the people taking it experienced a trip like no other They became in effect God like beings and once they had experienced heaven they could think of nothing but their next trip whatever the cost Ralph and Inspector Frere follow a tangled trail of murder and intrigues to try and find the source of the peril but will they be too late to stop it spreading across the world **Fear of Strangers**

E.C. Tubb,2014-01-30 Instead of the welcome they d expected the returning crew of the first interstellar spaceship were kept in space imprisoned in their craft In quarantine as carriers of a deadly alien disease When the prisoners escaped the worried authorities hired Earth s top detective Martin Slade to track them down little suspecting that Slade had his own personal agenda to find the men Slade s search for the missing crew spans millions of miles of space following a trail of hideous deaths

Planet of Dread E.C. Tubb,2011-09-29 ENTER DR KAIFENG Of all possible enemies Cap Kennedy had yet to cross swords with the legendary master of galactic villainy Dr Kaifeng In the struggle for the mind of the tyrant of Papan they finally met and Kennedy was the loser There was only one chance to save the situation and that was to pay the price of the enigmatic super surgeons of the Kraid He would have to take a role in their eternal play acting The stage would be the past a barbaric world of swords and sorcery Kennedy would be just a sword wielding freebooter with a crew of murderous puppets at his back And if he survived Kaifeng would be waiting at the stage door Death is a Dream E.C. Tubb,2011-09-29 Britain

years after the Debacle and a new London has risen phoenix like from near the ashes Though Londoners have retained their physical purity through the ruthless destruction of generations of mutants man is no longer the same and society crueller Cynicism and a whole hearted recognition of the absolute power of money has replaced humanism and a belief in reincarnation has replaced religion and the old moral code of doing unto others The individual can exist has a right to exist only if he is selfish Death is a Dream is the story of three survivors from the twentieth century who awake from suspended animation in The Cradle to find themselves unemployable and unfit to live by virtue of their commitments to out dated ideals As well as being an investigation of the form society may take after an atomic war it is by association an indictment of society

as it is now **Enemy Within the Skull** E.C. Tubb,2011-09-29 FREE ACTING TERRAN ENVOY F A T E Alien scientists had learned how to release the ravaging beast instincts buried in the recesses of the human brain from the far distant past Now they were willing to sell their knowledge to the highest bidder in exchange for an alliance against Terra And they had many willing to bargain with them Captain Kennedy the top man of the Free Acting Terran Envoys FATE was assigned to stop this terrifying menace But he knew immediately that his greatest danger lay within himself and that by challenging the alien scientists he could turn himself and his friends into beasts beyond imagining **Stellar Assignment** E.C. Tubb,2011-09-29 Trapped in the economic rat race of the 21st century Kevin Blake had little going for him but an over active imagination an attribute which brought him to the notice of Paul Trevainen who made Kevin an offer he couldn't resist On the face of it the assignment was simple to find the billionaire's daughter bring her back to Earth and collect a dazzling reward But Crystal was wilful stubborn and hard to find The quest forced Kevin to become an advocate in an alien court turned him into a hunter and made him the captive of giant money hungry frogs a rebel against established authority a fugitive a criminal and in general one of the most harassed young men ever to have longed for adventure *The Space-Born* E.C. Tubb,2011-09-29 Far from Earth on a ship carrying the 13th and 14th generations of descendants from the original crew life is short You are born learn the tasks needed to keep the ship running help breed and train the next crew and your death is ordered by the computer in charge Gregson chief of the psych police makes sure the computer's death sentences are carried out quickly and painlessly His duty is a sacred trust He knows the intricacies of the system how it works and how it can be subverted He is growing old Rebellious He also knows his name will soon come up in the computer for elimination And he has no intention of carrying out his own death sentence *City of No Return* E.C. Tubb,2011-09-29 For countless years the enigmatic city of Klagan had rested beneath the racing moons of ancient Mars Forbidden guarded sheltered in the cup of the Blue Mountains and surrounded by waterless desert It rested there a place of a thousand rumours and whispered fantasies and gave birth to muttered tales of incredible wealth and riches To this city came Halmar the guide Lorna the dancer from Venus and the man called Smith Defying the ban of the Terran Authorities the fanatical Drylanders and the harsh desert they reached the crystal walls of the strange city There they found a tremendous mystery the deserted artefacts of a vanquished civilisation and found themselves snared in an incredible trap For Klagan was more than a city It was What it was and how the intrepid adventurers solved the incredible secret of the mysterious city makes this an exciting tale of science and plausible speculation action and human motivations **The Primitive** E.C. Tubb,2011-09-29 Leon Vardis whole life was keyed to revenge If it couldn't be wreaked on the peasants who had burned his mother as a witch on the primitive planet of Rhome then it could most gloriously could be let loose on the contemptuous sophisticates who rescued him from certain death toyed with him for their own amusement and then uncaring cast him aside on the metropolitan planet of Joslen But first his apprenticeship as peasant farmer on Pharos as space mercenary on more planets than you'd care to name Then independence as a stellar trader And at

last an opportunity to act as Fate slowly and with ironically sophisticated enjoyment For in the hypnotic jewels of far Shergol lay the seeds of a truly cosmic vengeance Leon s saga was complete The ultimate leveller had been unleashed on the galaxy

Fires of Satan E.C. Tubb,2012-11-30 Imagine a day not too far from today when you pick up the newspapers to find them free of the usual accounts of crime corruption violence and war There s no politics or politicians no sporting results speculation or scandal There is only the asteroid newly discovered enormous and on a collision course with Earth Imagine a time not too far from today when the world itself stands helpless before the Fires of Satan
