

ELUSIVE PEACE

NEGOTIATING AN END TO CIVIL WARS

I. WILLIAM ZARTMAN, EDITOR

Elusive Peace Negotiating An End To Civil Wars

Isabelle Duyvesteyn

Elusive Peace Negotiating An End To Civil Wars:

Elusive Peace I. William Zartman, 1995 Experts on conflict resolution examine ongoing cases of internal conflict in countries such as Angola Ethiopia Lebanon and Sri Lanka and explore how conflicts can be resolved through negotiation rather than combat They look at types of conflicts such as secession rebellions and regional minority rebellions conditions for negotiation and the dynamics of protest and resolution and discuss the history of negotiations in 11 countries Annotation copyright by Book News Inc Portland OR Constructive Conflicts Louis Kriesberg, 2007 Highly regarded by instructors as the most comprehensive and insightful textbook on conflict resolution Constructive Conflicts has been significantly revised and updated in this third edition The new edition builds on the strengths of the first two especially its organization around the different stages at which conflicts emerge escalate and resolve Kriesberg s analysis utilizes diverse theoretical perspectives and data and is relevant for strategies that a variety of people can employ to foster the resolution of conflicts

Ending Civil Wars Stephen John Stedman, Donald S. Rothchild, Elizabeth M. Cousens, 2002 A project of the International Peace Academy and CISAC The Center for International Security and Cooperation P ii **International Mediation in Civil Wars** Timothy D Sisk, 2009-01-08 This book evaluates the role of international mediators in bringing civil wars to an end and makes the case for powerful peacemaking using incentives and sanctions to leverage parties into peace As internal violence within countries is a hugely significant threat to international peace in the post Cold War era the question of how these wars end has become an urgent research and policy question This volume explores a critical aspect of peacemaking that has yet to be sufficiently evaluated the turbulent period beyond the onset of formal or open negotiations to end civil wars and the clinching of an initially sustainable negotiated settlement The book argues that the transnational flow of weapons resources and ideas means that when civil wars today end they are more likely to do so at the negotiating table than on the battlefield It uses bargaining theory to develop an analytical framework to evaluate peace processes moving from stalemate in wars to negotiated settlement and it rigorously analyses the experiences of five cases of negotiated transitions from war and the role of international mediators South Africa Liberia Burundi Kashmir and Sri Lanka **Civil Wars of the World** Karl DeRouen Jr., Uk Heo, 2007-05-10 This unique two volume reference is the most authoritative up to date resource available for information and data on the most volatile civil wars around the globe since World War II At a time when historians are devoting more and more research to conflicts within nations Civil Wars of the World Major Conflicts since World War II is an invaluable addition to the available resources In two volumes it ranges around the globe to cover the most volatile and deadly civil wars of the past 60 years including the bloody impasses in the Middle East devastating tribal warfare in Africa Cold War fueled conflicts in Eastern Europe and Asia the seemingly unbreakable cycle of rebellion and repression in some regions of Latin America and more Civil Wars of the World moves country by country to describe the causes course and consequences of internal conflicts within each nation Coverage includes the historical background of each country geographic and

economic factors descriptions of rebel groups and governments e.g. regime type size of military capacity terrorism foreign and or intergovernmental organization IGO intervention UN foreign support for rebels foreign aid and prospects for peace

Ending Civil War Matthew Preston, 2004-09-30 Matthew Preston returns politics to its rightful place at the heart of the study of internal conflict Rejecting approaches that emphasise economics or ethnicity this comparative investigation of the wars in Rhodesia and Lebanon sets out the complex political dynamic that eventually produced the ultimately successful peace agreements of Lancaster House and Taif respectively It was a dynamic though in which the ebbs and flows of events at the negotiating table and on the battlefield played only a supporting role Rather more significant were power struggles within belligerent parties that brought consolidated yet unscrupulous leadership growing disempowerment and suffering of civilians of all communities and the acquisition and subsequent leverage over the belligerents by regional powers Yet the years of negotiation over seats in parliament failed to usher in a democratic era in either country Peace brought a de-escalation in violence but the political struggle continued to be won decisively by Robert Mugabe's ZANU PF in independent Zimbabwe and by Syria and her allies in Lebanon At a time when Western leaders proclaim the political necessity of addressing failed states *Ending Civil War* provides a salutary reminder that the competing elites of those failed states possess their own political agendas ones frequently resistant to the command of great but distant powers The primary agendas of civil war in Rhodesia and Lebanon were not those of economic greed nor of ethnic hatred but of the age-old phenomenon of the struggle for control of organisations of civilians and ultimately of the state The idioms of violence were those of the time cyclical bouts of fighting massacres assassinations and kidnappings but the deployment of limited violence for political ends was one which Carl von Clausewitz would clearly have recognised

Understanding Conflict Resolution Peter Wallensteen, 2015-03-31 This book provides you with the perfect introduction to your studies in peace and conflict resolution and equips you with the tools you need to analyse real world cases Drawing on recent research and examples from around the world the new edition Explores the ongoing situation in Syria and the events and repercussions of the Arab Spring Examines the issue of internet security and the relationship between social media and peace Draws on the cases of Libya and Syria to discuss the principle of Responsibility to Protect R2P Outlines the functions of key regional and Non Governmental organisations Includes a companion website with annotated further reading lists and links to free SAGE journal articles reports and data sets This is an essential text for all students lecturers and researchers of peace and conflict resolution in international relations global politics and political science

Nations Torn Asunder Bill Kissane, 2016 Focusing on the explosion of civil wars since 1945 Bill Kissane asks what makes the contemporary challenge posed by civil wars different to that of past periods and looks at what the insights from the historical literature going back to the ancient Greeks can add to our understanding of this tragic phenomenon

Peace Agreements and Civil Wars in Africa, *International Conflict Resolution After the Cold War* National Research Council, Commission on Behavioral and Social Sciences and Education, Committee on International Conflict

Resolution, 2000-12-07 The end of the Cold War has changed the shape of organized violence in the world and the ways in which governments and others try to set its limits Even the concept of international conflict is broadening to include ethnic conflicts and other kinds of violence within national borders that may affect international peace and security What is not yet clear is whether or how these changes alter the way actors on the world scene should deal with conflict Do the old methods still work Are there new tools that could work better How do old and new methods relate to each other International Conflict Resolution After the Cold War critically examines evidence on the effectiveness of a dozen approaches to managing or resolving conflict in the world to develop insights for conflict resolution practitioners It considers recent applications of familiar conflict management strategies such as the use of threats of force economic sanctions and negotiation It presents the first systematic assessments of the usefulness of some less familiar approaches to conflict resolution including truth commissions engineered electoral systems autonomy arrangements and regional organizations It also opens up analysis of emerging issues such as the dilemmas facing humanitarian organizations in complex emergencies This book offers numerous practical insights and raises key questions for research on conflict resolution in a transforming world system **Clausewitz and African War** Isabelle Duyvesteyn, 2004-09-30 Oil diamonds timber food aid just some of the suggestions put forward as explanations for African wars in the past decade Another set of suggestions focuses on ethnic and clan considerations These economic and ethnic or clan explanations contend that wars are specifically not fought by states for political interests with mainly conventional military means as originally suggested by Carl von Clausewitz in the 19th century This study shows how alternative social organizations to the state can be viewed as political actors using war as a political instrument **Political Culture and Conflict Resolution in the Arab Middle East** Benjamin MacQueen, 2009 Political Culture and Conflict Resolution in the Arab Middle East develops a method for examining the explanatory capacity of political culture in relation to the issues of civil war and conflict resolution in Lebanon and Algeria How perception shaped by values and assumptions affects political behaviour presents scholars with potentially valuable but also dangerous possibilities Namely seeking to explore the explanatory capacity of the nebulous concept of political culture can prospectively lead to the cul de sacs of essentialism or relativism In an attempt to engage with the concept of political culture this book develops a method for examining the explanatory capacity of political culture in relation to the issues of civil war and conflict resolution in Lebanon and Algeria Applying strict limits on the implementation of political culture in an explanatory capacity namely its role as a secondary relational and comparative concept this book demonstrates how political culture operates to shape the form and affect the legitimacy of conflict resolution processes This is applied to two peace agreements Lebanon's Taef Agreement and Algeria's Civil Concord Here the importance of contextuality is emphasised in developing a space where political culture can provide explanatory capacity whilst remaining connected to macro theoretical concepts *Securing the Peace* Monica Duffy Toft, 2009-10-26 Timely and pathbreaking *Securing the Peace* is the first book to explore the complete spectrum of civil war

terminations including negotiated settlements military victories by governments and rebels and stalemates and ceasefires Examining the outcomes of all civil war terminations since 1940 Monica Toft develops a general theory of postwar stability showing how third party guarantees may not be the best option She demonstrates that thorough security sector reform plays a critical role in establishing peace over the long term Much of the thinking in this area has centered on third parties presiding over the maintenance of negotiated settlements but the problem with this focus is that fewer than a quarter of recent civil wars have ended this way Furthermore these settlements have been precarious often resulting in a recurrence of war Toft finds that military victory especially victory by rebels lends itself to a more durable peace She argues for the importance of the security sector the police and military and explains that victories are more stable when governments can maintain order Toft presents statistical evaluations and in depth case studies that include El Salvador Sudan and Uganda to reveal that where the security sector remains robust stability and democracy are likely to follow An original and thoughtful reassessment of civil war terminations *Securing the Peace* will interest all those concerned about resolving our world's most pressing conflicts

Multilateral Diplomacy and the United Nations Today James P. Muldoon, Jr., 2018-05-04 As the world confronts new and ongoing challenges of globalization international terrorism and an array of other global issues the United Nations and its key attribute multilateral diplomacy are more important now than ever before With new and updated essays that detail the experiences of a diverse group of practitioners and scholars who work in the field of diplomacy this new edition covers in even greater breadth and depth the quintessential characteristics of multilateral diplomacy as it is conducted within the United Nations framework *Multilateral Diplomacy and the United Nations Today* provides valuable insights from a variety of perspectives on how diplomacy is practiced making it essential reading for aspiring diplomats international business leaders and students of all levels The contributors to this volume bring a depth and breadth of knowledge and experience to the examination of five areas of multilateral diplomacy UN diplomacy crisis diplomacy international economic diplomacy UN summits and citizen diplomats and non governmental diplomacy A thorough revision of the 24 chapters eight are new to this edition and all the others are updated Includes a diverse range of contributors veteran diplomats respected scholars non governmental activists Relevant timely discussion topics related to the UN An important supplemental text to any course on the UN contemporary international relations diplomacy and international organizations

Peacemaking Susan Allen Nan, Zachariah Cherian Mampilly, Andrea Bartoli, 2011-11-10 In a world where conflict is never ending this thoughtful compilation fosters a new appreciation of the art of peacemaking as it is understood and practiced in a variety of contemporary settings *Peacemaking From Practice to Theory* is about seeing knowing and learning peacemaking as it exists in the real world Built on the premise that peacemaking is among the most elemental of human experiences this seminal work emphasizes the importance of practice and lived experiences in understanding the process and learning what works to nurture peace To appropriately reflect the diversity of peacemaking practices challenges and innovations these two

volumes bring together many authors and viewpoints The first volume consists of two sections Peacemaking in Practice and Towards an Inclusive Peacemaking the second of two additional sections New Directions in Peacemaking and Interpreting Peacemaking As the title states the work moves peacemaking beyond mere theory showcasing peacemaking efforts produced recorded recognized and understood by a variety of individuals and institutions In doing so it refocuses the study of peacemaking and guides readers to a systematic understanding and appreciation of the practices of peacemakers around the globe

Terrorism and U.S. Foreign Policy Paul R. Pillar, 2004-05-13 The United States government backed by the overwhelming support of the American public takes a hard line against international terrorism The tenets of official U S counterterrorist policy are make no concessions or deals with terrorists bring them to justice for their crimes isolate and apply pressure on states that sponsor terrorism and bolster the counterterrorist capabilities of countries willing to work with the United States While these tenets are sound principles their application specifically overseas raises difficult questions Does the no deal policy actually deter terrorists acts Are there cases where agreements might reduce terrorism while advancing other U S interests Do isolation and pressure really force offending states to alter their support for terrorists What factors affect the willingness not just the capability of foreign governments to help the United States in counterterrorism In this critical study a career CIA officer provides a guide to constructing and executing counterterrorist policy urging that it be formulated as an integral part of broader U S foreign policy In the first four chapters Paul R Pillar identifies the necessary elements of counterterrorist policy he examines why the United States is a prime terrorist target and he reveals why the counterterrorist policies that seem strongest are not always the most effective Chapter 5 examines the widely varying nature of terrorist groups and the policy tools most appropriately applied to them Chapter 6 focuses on states that sponsor terrorism including Iran Libya North Korea and Cuba along with those that enable it to occur particularly Greece and Pakistan Pillar examines ways in which the American public s perspective toward terrorism can actually constrain counterterrorist policy and he concludes that terrorism cannot be defeated only reduced attenuated and to some degree controlled The final chapter summarizes his recommendations f

Civil Wars, Insecurity, and Intervention Barbara F. Walter, Jack L. Snyder, 1999 Since the end of the Cold War a series of costly civil wars many of them ethnic conflicts have dominated the international security agenda This volume offers a detailed examination of four recent interventions by the international community

Justice in Conflict Mark Kersten, 2016-06-24 What happens when the international community simultaneously pursues peace and justice in response to ongoing conflicts What are the effects of interventions by the International Criminal Court ICC on the wars in which the institution intervenes Is holding perpetrators of mass atrocities accountable a help or hindrance to conflict resolution This book offers an in depth examination of the effects of interventions by the ICC on peace justice and conflict processes The peace versus justice debate wherein it is argued that the ICC has either positive or negative effects on peace has spawned in response to the Court s propensity to intervene in conflicts as they still rage This book is a response to

and a critical engagement with this debate Building on theoretical and analytical insights from the fields of conflict and peace studies conflict resolution and negotiation theory the book develops a novel analytical framework to study the Court s effects on peace justice and conflict processes This framework is applied to two cases Libya and northern Uganda Drawing on extensive fieldwork the core of the book examines the empirical effects of the ICC on each case The book also examines why the ICC has the effects that it does delineating the relationship between the interests of states that refer situations to the Court and the ICC s institutional interests arguing that the negotiation of these interests determines which side of a conflict the ICC targets and thus its effects on peace justice and conflict processes While the effects of the ICC s interventions are ultimately and inevitably mixed the book makes a unique contribution to the empirical record on ICC interventions and presents a novel and sophisticated means of studying analyzing and understanding the effects of the Court s interventions in Libya northern Uganda and beyond Unfinished Business Guy Olivier Faure,2012 Most studies of international negotiations take successful talks as their subject With a few notable exceptions analysts have paid little attention to negotiations ending in failure The essays in Unfinished Business show that as much if not more can be learned from failed negotiations as from successful negotiations with mediocre outcomes Failure in this study pertains to a set of negotiating sessions that were convened for the purpose of achieving an agreement but instead broke up in continued disagreement Seven case studies compose the first part of this volume the United Nations negotiations on Iraq the Middle East Peace Summit at Camp David in 2000 Iran European Union negotiations the Cyprus conflict the Biological Weapons Convention the London Conference of 1830 33 on the status of Belgium and two hostage negotiations Waco and the Munich Olympics These case studies provide examples of different types of failed negotiations bilateral multilateral and mediated or trilateral The second part of the book analyzes empirical findings from the case studies as causes of failure falling in four categories actors structure strategy and process This is an analytical framework recommended by the Processes of International Negotiation arguably the leading society dedicated to research in this area The last section of Unfinished Business contains two summarizing chapters that provide broader conclusions lessons for theory and lessons for practice **Implementing Peace Agreements** D. Bekoe,2008-04-28 This book critically investigates the conditions facing the warring parties during the implementation of peace agreements in Mozambique Angola and Liberia as successes and failures in these countries highlight incentives for the international community to keep peace processes from faltering

Reviewing **Elusive Peace Negotiating An End To Civil Wars**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
