expresses that we as humans have the ability to think by thought power as humans on this most precious Earth we each have

the power within us to create through manifestation anything we choose simply by the power of our own thoughts Roman believes we are all thinking beings that every thought we each have has the possibilities of becoming our own reality be it negative thoughts or positive thoughts which in turn creates our personal existence either in a negative way or a positive way he says we are not in reality physical it only appears to be that way because we are so highly conditioned by our own beliefs systems we are in fact Living Energy in the making of becoming Living Consciousness The main reason he wrote and created his new book The Dream Assassin was to show all of humanity that Imagination is real and at the same time create magnificent imaginative magic that would not only bring awareness but ignite the true inner passion of every individual that reads this book but also to see the movie when it is created in the future to come As Albert Einstein the great Theoretical Physicist said on many occasions Reality is merely an Illusion all be it a very persistent one It s like saying just because you cannot touch something doesn t mean it is not real because it may be vibrating simply at another level of consciousness

Robert and Many Other Special People Joseph B. Frederick Ph.D.,2023-09-11 The direction of this book is to cover the years I spent in the world of work and my associated private life at that time To say that my years working in my career were enjoyable and challenging would be an understatement My private life was also enjoyable and challenging My life in these years was in many ways a mystery As you read you will see many eventful happenings and energy whose base was my God and Savior It is my hope that Robert and Many Other Special People will be a book as good as the books People Me and God Keeps On Giving

Medium Rare: For Deader or Worse Michelle Witvliet,2025-02-26 As a medium Jennifer Flagg has dealt with the dead for many years Having died herself a few weeks earlier made her birthday celebration this year that much sweeter because she shared the day with her family and friends like her death never happened Since her birthday Jennifer s parabilities have expanded to a point where she doesn t know what will manifest next When the place where she works burns down she s enlisted to help her detective fianc search for the missing business owner She uses those newly

emerging abilities to apprehend the perpetrators and solve the case Being a paranormal does have its perks *Elvis in Hawaii* Jerry Hopkins,2002 It is well known that Elvis loved Hawai i Not only did he perform in the islands in three decades making movies and performing concerts this was the King of Rock and Roll s favourite vacation spot Elvis in Hawai i guides readers through the King s relationships with the islands in a fully illustrated story using over 100 photographs many previously unpublished and memorabilia from personal collections Surviving Evidence: Memoir of an Extreme Haunting Survivor Christopher DiCesare,2016-12 DiCesare s view of life was forever changed by a series of horrifying events in and around his dorm room C2D1 of Erie Hall From early February through late April of 1985 he and his college friends would endure what is now called The C2D1 Haunting Apparitions sighted strange voices heard moving objects witnessed and physical attacks all became part of the ordeal shared by Chris who quickly became the focal point of the haunting Featured on the SyFy channel s show School Spirits Please talk with me premiered at SCARE A CUSE on September 14th 2012 along with a companion book by the Rev Tim Shaw Historic relevancy individual morality and the application of the paranormal experience in relation to free will are all deftly addressed in the context of the ten week haunting by the person who witnessed it first hand and survived it **Inventing Elvis** Mathias Haeussler,2020-12-10 Elvis Presley stands tall as perhaps the supreme icon of 20th century U S culture But he was perceived to be deeply un American in his early years as his controversial adaptation of rhythm and blues music and gyrating on stage performances sent shockwaves through Eisenhower s conservative America and far beyond This book explores Elvis Presley s global transformation from a teenage rebel figure into one of the U S s major pop cultural embodiments from a historical perspective It shows how Elvis s rise was part of an emerging transnational youth culture whose political impact was heavily conditioned by the Cold War As well as this the book analyses Elvis s stint as G I soldier in West Germany where he acted as an informal ambassador for the so called American way of life and was turned into a deeply patriotic figure almost overnight Yet it also suggests that Elvis s increasingly synonymous identity with U S culture ultimately proved to be a double edged sword as the excesses of his superstardom and personal decline seemingly vindicated long held stereotypes about the allegedly materialistic nature of U S society Tracing Elvis s story from his unlikely rise in the 1950s right up to his tragic death in August 1977 this book offers a riveting account of changing U S identities during the Cold War shedding fresh light on the powerful role of popular music and consumerism in shaping images of the United States during the cultural struggle between East and West God Keeps on Giving Joseph .
