Expecting Excellence in Urban Schools Jelani Jabari, 2013-04-17 One of the most immediate challenges in K 12 schools lies in implementing powerful pedagogy which emotionally intellectually and behaviorally engages students The challenge is compounded in urban schools where higher proportions of underprepared minority students are in classrooms with teachers who find it difficult to not only create bonds but also in packaging pedagogy in relevant interesting and meaningful ways Though many teachers can temporarily tap students interests or episodically engage students in a portion of a lesson the ability to create and sustain an engaging educational practice remains largely elusive This book supplies the missing threads through establishing a framework for student engagement which has been cited as the number one factor impacting achievement It is an easy read written a highly conversational tone with a strong research basis You will explore a 7 step process for emotionally intellectually and behaviorally engaging students with a wealth of specific strategies techniques and tools which create an engaging educational experience Utilizing cornerstones of professional learning communities suggestions are offered for utilizing action research collaborative inquiry journal study and shared practice to integrate ideas into practice Black Authors and Illustrators of Books for Children and Young Adults Barbara Thrash Murphy, Deborah L.
