Images of the Modern Woman in Asia Shoma Munshi, 2013-01-11 In examining the links between gender and the media, this volume asks questions involving the relationship between global media flows, gender and modernity in the region.

Rethinking New Womanhood Nazia Hussein, 2018-04-09 Covering India, Bangladesh, Pakistan and Nepal, *Rethinking New Womanhood* effectively introduces a new wave of gender research from South Asia that resonates with feminist debates around the world. The volume conceptualises new womanhood as a complex, heterogeneous and intersectional identity. By deconstructing classification systems and highlighting women's everyday ongoing negotiations with boundaries of social categories, the book reconfigures the concept of new woman as a symbolic identity denoting modern femininity at the intersection of gender, class, culture, sexuality and religion in South Asia. The collection maps new sites and expressions on women and gender studies around nationhood, women's rights, transnational feminist solidarity, new girlhoods, aesthetic and sexualised labour, respectability and modernity, LGBT discourses, domestic violence and new feminisms. The volume will be of interest to students and scholars across a range of disciplines including gender studies, sociology, education, media and cultural studies, literature, anthropology, history, development studies, postcolonial studies and South Asian studies.

Resistance & Recovery in the #MeToo era, Volume I Kate Richmond, Nicole L. Johnson, 2024-02-15 Using an intersectional approach, this book amplifies the voices of those who were and continue to be at the frontlines resisting and responding to sexual violence during the rise of digital feminist movements, including NoMoreTimesUp and most notably MeToo. This book outlines the current socio-political landscape, including increased visibility of movements such as NoMoreTimesUp and most notably MeToo, and the public showcase of accused

perpetrators becoming elected to the highest offices in the United States e.g. Brett Kavanaugh's election to the Supreme Court, Donald Trump's election to the Presidency. It offers a note to how this political landscape has impacted survivors and therapists alike. The first of the two volumes include 10 chapters that provide a critique of the silencing of survivors who are marginalized e.g. women of color, trans and queer survivors within the current movements and offer recommendations for how to center their experiences through an intersectional approach. Both the volumes together cover a wide range of perspectives that bring to light the solidarity that was built among survivors regardless of identity and experience within the current socio-political climate while continuing to center the voices of those who are most often marginalized. The chapters in this book were originally published as a special issue of Women Therapy.

Literature Malashri Lal, Sukrita Paul Kumar, 2007. Contributed articles. Toward a Politics of The (Im)Possible Anirban Das, 2012-10. This book works at the intersection of two related yet different fields. One is the heterogeneous feminist effort to question universal forms of knowing. The second field follows from this conundrum: how does one think of the body when s/he speaks of embodiment? Toward a Politics of the Im Possible engages the forefront of contemporary thought on the body while remaining mindful of the requirements of a feminist approach. The Cinematic Imagination [sic] Jyotika Viridi, 2003.

Pivoting on the nation as a central preoccupation in Hindi films, Viridi's communication and film and media studies U of Windsor, Canada, contends that Hindi cinema appropriates familiar Hollywood cinematic strategies for its own distinctive aesthetics and poetics. Politics in Contemporary Indian Literature and Culture Srirupa Chatterjee, Shweta Rao Garg, 2024-05-10. Using a Humanistic Cultural Studies approach, this edited volume is the first book-length study of its kind to offer insights on the myriad representations and conceptualizations of women's body image in contemporary India. Gender, Violence and Governmentality Skylab Sahu, 2020-12-20. This book critically examines gender-based violence in India and interrogates the legal and policy discourse surrounding it. It discusses various forms of violence faced by women such as sex-selective abortion, trafficking, rape, domestic violence, as well as the violence faced by female sex workers and transgenders in India. It draws on in-depth interviews and case studies to highlight the socio-economic conditions of the survivors who find themselves forced to contend with legal and policy frameworks that are inadequate to deal with these issues. The author analyses the major laws against violence and the policies introduced to ameliorate the condition of survivors in order to understand the potential and challenges of these initiatives from a postmodern and feminist perspective. The book also addresses the survivors' realisation of agency and resistance, which is seen to be expressed both sporadically and on a day-to-day basis. An important and timely contribution, this book will be indispensable to students and researchers of gender and sexuality, feminism, minority studies, sociology, and social policy, politics, law, human rights, and South Asian studies. It will also be of interest to policymakers, government agencies, think tanks, and NGOs working in the area. Sexuality, Gender and Rights Geetanjali Misra, Radhika

Chandiramani, 2005-11-23 This volume analyzes and documents the groundbreaking work done by many organizations to bring issues of sexuality and rights to public attention to expand the freedoms of women and sexual minorities and to highlight the unfair distinctions faced by those not conforming to gender and sexual norms across a range of expressions behaviours and identities in Asia This volume covers eight countries in South and Southeast Asia The contributors address issues of power and social hierarchies by using the principles of justice equality non discrimination and access to rights and services They cover diverse issues like sexual rights sexuality education sexual health services transsexuals and other sexual minorities HIV AIDS prevention as well as sex work and the representation of sexuality in popular culture The contributors argue that neither gender nor sexuality can be addressed in isolation from human rights and demonstrate how linking sexuality and gender with human rights has an impact on people s lives across intersecting issues and contexts Moving beyond theoretical discussions of sexuality gender and rights this volume looks at what these ideas mean in practice and offers examples of the diversity of effective approaches that can be adopted in varied settings Moreover it illustrates how sexuality ties in with wider issues health personal relationships economic well being equitable access to public services and the freedom to think speak and associate without fear of discrimination
