perception of life or my judgment of others who are the same as me living breathing human beings on this earth whose main purpose is to enjoy and let the spirit take over to express seek and embrace their purpose Many times I have posted on social media Live on purpose with purpose That is a powerful statement to me and a favorite of mine for sure You cannot live by default or by accident There is no right or wrong good or bad It is a journey an experience your life As I have traveled many roads along this journey I have been made aware that the very same things that are thrust in my world are things that were meant to be since my arrival into the world There is a judgmental piece of us all due to fear ego and the stresses of the world How do I become whole It seems to me that I have been living half of my true self the whole time and now I am on a journey through conscious thoughts and words to be whole This is my contribution to the world words that are channeled through me for myself and for you to embrace You can utilize them in your life and share them with others as we are all connected Fusing the dual parts of life will bring you to an awakening of your true self It will allow you to become one within the very being you are that connects us all
