**Freedom, Imprisonment, and Slavery in the Pre-Modern World** Albrecht Classen,2021-04-19 Contrary to common assumptions medieval and early modern writers and poets often addressed the high value of freedom whether we think of such fable authors as Marie de France or Ulrich Bonerius Similarly medieval history knows of numerous struggles by various peoples to maintain their own freedom or political independence Nevertheless as this study illustrates throughout the pre modern period the loss of freedom could happen quite easily affecting high and low including kings and princes and there are many literary texts and historical documents that address the problems of imprisonment and even enslavement Georgius of Hungary Johann Schiltberger Hans Ulrich Krafft etc Simultaneously philosophers and theologians discussed intensively the fundamental question regarding free will e g Augustine and political freedom e g John of Salisbury Moreover quite a large number of major pre modern poets spent a long time in prison where they composed some of their major works Boethius Marco Polo Charles d Orlans Thomas Malory etc This book brings to light a vast range of relevant sources that confirm the existence of this fundamental and impactful discourse on freedom imprisonment and enslavement Prof Albrecht Classen is the joint winner of The Literary Encyclopedia book prize for 2023 Literatures written in languages other than English for this book [https://www.litencyc.com/book/prizes/book\\_prizes\\_2023.php](https://www.litencyc.com/book/prizes/book_prizes_2023.php)      *John Macmurray's Religious Philosophy* Esther McIntosh,2016-05-06 Recent dissatisfaction with individualism and the problems of religious pluralism make this an opportune time to reassess the way in which we define ourselves and conduct our relationships with others The philosophical writings of John Macmurray are a useful resource for performing this examination and recent interest in Macmurray's work has been growing steadily A full scale critical examination of Macmurray's religious philosophy has not been published and this work fills this gap sharing his insistence that we define ourselves through action and through person to person relationships while critiquing his account of the ensuing political and religious issues The key themes in this work are the concept of the person and the ethics of personal relations      **Freedom in the Modern World** Jacques Maritain,1882-1973 Maritain,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and

reached the status of a classic that retains all of its relevance dealing with today's challenges. How should we respond to such complex forces as technology or the state? How can we communicate with one another despite the problems inner to modern forms of media? Do we have hope for the future of our civilisation? Ellul responds by describing how a Christian's unique presence in the world can make a difference. Instead of acting as sociological beings we must commit ourselves to the kind of revolution that will occur only when we become radically aware of our present situation and undertake a ferocious and passionate destruction of myths. In this way states Ellul we become the medium for God's action in the modern world.

Terms of Labor Stanley L. Engerman, 1999-01-01 Throughout recorded history labor to produce goods and services has been a central concern of society and questions surrounding the terms of labor, the arrangements under which labor is made to produce and to divide its product with others are of great significance for understanding the past and the emergence of the modern world. For long periods much of the world's labor could be considered under the coercive control of systems of slavery or of serfdom with relatively few workers laboring under terms of freedom, however defined. Slavery and serfdom were systems that controlled not only the terms of labor but also the more general issues of political freedom. The nine chapters in this volume deal with the general issues of the causes and consequences of the rise of so-called free labor in

Europe the United States and the Caribbean over the past four to five centuries and point to the many complications and paradoxical aspects of this change The topics covered are European beliefs that rejected the enslavement of other Europeans but permitted the slavery of Africans David Eltis British abolitionism and the impact of emancipation in the British West Indies Seymour Drescher the consequences of the end of Russian serfdom Peter Kolchin the definition and nature of free labor as seen by nineteenth century American workers Leon Fink the effects of changing legal and economic concepts of free labor Robert J Steinfeld the antebellum American use of the metaphor of slavery David Roediger female dependent labor in the aftermath of American emancipation Amy Dru Stanley the contrast between individual and group actions in attempting to benefit individual laborers David Brody and the link between arguments concerning free labor and the actual outcomes for laborers in nineteenth century America Clayne Pope *Understanding Hegelianism* Robert Sinnerbrink,2014-12-05

**Get Real:** Edward Rommen, 2010-06-27 The Gospel is more than information about the death and resurrection of our Lord It is an invitation to enter by way of personal faith into a relationship with the person referenced by our propositions Our task as believers is to mediate saving communion with a personal being upon whose will our very existence is contingent It is precisely this personal aspect of our message the Gospel as Person that is in conflict with the late modern notions of the Self and social discourse Get Real On Evangelism in the Late Modern World describes how the late modern phenomena of existential anxiety social alienation and epistemic uncertainty have resulted in what some have called the loss of Self It also identifies ways in which that loss obstructs both the presentation of and the reception of the Gospel as Person Finally it shows how the Gospel as Person facilitates the recovery of the Self and social discourse and how that message can be effectively presented in the late modern context
