Freedom Of Angels:

Freedom of Angels Bernadette Fahy, 2015-01-30 I entered Goldenbridge orphanage in my Communion outfit I had absolutely no idea what I was doing there At age seven Bernadette Fahy was delivered with her three brothers to Goldenbridge Orphanage She was to stay there until she was sixteen Goldenbridge has come to represent some of the worst aspects of childrearing practices in Ireland of the 1950s and 1960s Seen as the offspring of people who had strayed from social respectability and religious standards these children were made to pay for the sins of their parents Bernadette tells of the pain fear hunger hard labour and isolation experienced in the orphanage Can a person recover from such a childhood How does the spirit ever take flight and gain the freedom of angels This is Bernadette Fahy s concern Now trained and working as a counsellor she has had to dig deeply into her past to understand the patterns laid down by her upbringing She has had to rebuild her life and now she helps others to do the same This book is a story of triumph over the harshest of circumstances

Unlocking your Potential Christina E Foxwell,2022-08-17 Christina E Foxwell s life can be defined as a series of hardships setbacks and decisions made from fear or to meet the expectations others had of her The daughter of a Pentecostal minister the South African born author Mother wife daughter grandmother business woman and Performance Transformation coach allowed other s opinions of her no matter how wrong or cruel to define who she was as a young child young woman and ultimately well into adulthood Thus began a lifetime of self doubt shame and self sabotage Often overlooked and underappreciated she learned early on that her innermost thoughts and dreams and even her well being weren t of much importance to those around her She was often ridiculed for her thoughts and perceived bad behavior She had to cope with name calling cruel taunts and scorn for even minor infractions or for no reason at all In time Christina did what so many in her situation would ve done She donned a proverbial shield of armor to protect herself from pain just to get through day to day life and have some semblance of a life even if it wasn t of her own design How she saw herself was shaped by what others said about her and how they treated her The Glass Angel details the years she lived under the weight of those unfounded and incredibly harmful notions This book is part memoir part cautionary tale part inspirational how to for anyone who has ever felt like the world was against them In it she shares her journey from the darkest moments of her life to finding herself learning to forgive the past and seek light and clarity and let them lead the way forward Her story will open your eyes and mind to what s possible It proves that even when you are at your absolute lowest and fear you ll never find your way out of despair shame or a lifetime of guilt there is hope on the other side While there are many reasons for her to feel sorry for herself she chose another path one that helped her heal from the trauma and discover who she was and what she had to do to feel comfortable in her skin and heal from all the things that weighed her down for years She found a path forward She made a pact with herself to stop living the life of a broken angel and embrace what she calls her alchemy That s how this book came to be It s her way of helping others who ve known pain and made it to the other side She is giving readers permission to not only survive but thrive by igniting their own alchemy and using it to transform their lives from the inside out **Intoxicants, Prohibition, and Our New Church Periodicals in 1884-5** John Ellis,1885 **KING**

Mbosowo Ph.D., 2019-12-11 The book represents The Great I AM as the Creator not any religious cultural deity called Gods The missing works of MAN created by the I AM the missing work of Adam and Eve as the first African family created The image of specific personalities in Bible misunderstood by human beings Jesus as the real center of humanity and climate cannot be solved by technology Freedom and Self-Creation Katherin A. Rogers, 2015-10-01 Katherin A Rogers presents a new theory of free will based on the thought of Anselm of Canterbury We did not originally produce ourselves Yet according to Anselm we can engage in self creation freely and responsibly forming our characters by choosing from ourselves a set between open options Anselm introduces a new agent causal libertarianism which is parsimonious in that unlike other agent causal theories it does not appeal to any unique and mysterious powers to explain how the free agent chooses After setting out Anselm's original theory Rogers defends and develops it by addressing a series of standard problems levelled against libertarianism These include the problem of internalism in that an agent is not the source of his original motivations how can the structure of his choice ground his responsibility the problem of Frankfurt style counterexamples Do we really need open options to choose freely and the problem of luck If nothing about an agent before he chooses explains his choice then isn't the choice just dumb luck The

Anselmian answer to this perennial criticism is especially innovative proposing that the critic has the relationship between choices and character exactly backwards Finally as a theory about self creation Anselmian Libertarianism must defend the tracing thesis the claim that an agent can be responsible for character determined choices if he himself formed his character through earlier a se choices Throughout the book defends and exemplifies a new methodological suggestion someone debating free will ought to make his background world view explicit In the on going debate over the possibility of human freedom and responsibility Anselmian Libertarianism constitutes a new and plausible approach
