Freedom Of Man In Myth:

The Freedom of Man in Myth Kees W. Bolle, 2010-08-01 Myth is not a remote subject restricted to the limited intellect of pre logical man The question What is man is an ancient one It is also a recent one still unanswered in the impasse of our sciences Wherever and whenever human beings are alive there are creators of myth among them Kees Bolle singles out one group as having the most significant say in the formation of myths the mystics who epitomize the common urge for a simplicity beyond the whirlpool of personal existences And surprisingly the author finds that the study of humor provides a great deal of insight into the study of religious traditions Philosophers of Consciousness Eugene Webb, 2014-12-01 *Philosophers of Consciousness* is both an expository study of the thought of the six figures it focuses on and an original exploration of the themes they address In addition as Eugene Webb states it does not hesitate to probe the more problematic areas of the thought of each thinker and to suggest what to some of their advocates will probably seem rather bold and controversial interpretations of their ideas The book reveals some deep differences that set the six off against one another in what is basically a clash between the intellectual emphasis of Lonergan and the more existential approaches of the other thinkers in this study Readers of Kierkegaard may find much of Webb's interpretation surprising and perhaps disturbing

The Rise of Modern Mythology, 1680-1860 Burton Feldman, Robert D. Richardson, 1972 *The Rise of Modern Mythology* is a voice of reason in the contemporary maelstrom of international religious violence and American pluralism more than any book I know it exposes the roots of the Western appropriation of non Western mythologies from Lawrence of Arabia and Omar Khayyam to Tibetan Buddhism in Hollywood and Krishna Consciousness in airports The Faustus Myth in the English Novel Şeyda Sivrioğlu, 2017-06-23 The Faustus myth before being identified as a myth was the folktale of a man named Faustus who lived in Germany Underneath the popularity of this myth lies the basic human instinct to trespass the limits of traditional knowledge in pursuit of self definition authentic knowledge and power This search and transgression also involve the desire to exercise the right of making free authentic choices Faustus represents universal issues that are relevant for all human beings which explains the reason why he has acquired mythic stature Indeed a most persistent myth has evolved the appeal of which has led one writer after the other to reshape it After his story became popular he reappeared even in contemporary culture in different art forms such as literature both high brow and popular including comics the ballet and the opera The real historical Faustus came onto the scene as a scholar and persistently reappeared in literature assuming different identities which however shared basically the same qualities This book demonstrates and offers different perspectives to versions of the Faustus myth in literature Christopher Marlowe's *The Tragical History of the Life and Death of Doctor Faustus* Goethe's *Faust* and John Fowles *The Magus* *The Faustus Myth* is a cycle which starts and ends in tragic circumstances in Christopher Marlowe's Renaissance Faustus in salvation in Johann Wolfgang von Goethe's *Faust* and in meaninglessness ambiguous collapses in John Fowles' existentialist *Nicholas Urfe* The Myth of the State Ernst

Christology and Myth in the New Testament Geraint Vaughan Jones, 2025-03-01 Christology and Myth in the New Testament 1956 enquires into the extent and origin of the mythological language and ideas underlying the Christology of the New Testament It examines the demythologizing principles and refers to the existential method of reinterpreting those New Testament concepts which are bound up with Hellenistic thought forms and the cosmology of the ancient world while also exploring other philosophical and theological interpretations It considers that the mythical Christology of the New Testament writers should be understood poetically and metaphorically rather than as consisting of objective statements about Jesus and his place in creation The final section of the book is a defence of the retention of mythical concepts and language as psychologically and theologically necessary expressions of a religious faith which cannot be adequately expressed in merely propositional form

The Philosophy of the Christian Curriculum R. J. Rushdoony, 2012-10-17 The Christian School represents a break with humanistic education but too often in leaving the state school the Christian educator has carried the state s humanism with him A curriculum is not neutral it is either a course in humanism or training in a God centered faith and life The liberal arts curriculum means literally that course which trains students in the arts of freedom This raises the key question is freedom in and of man or Christ The Christian art of freedom that is the Christian liberal arts curriculum is emphatically not the same as the humanistic one It is urgently necessary for Christian educators to rethink the meaning and nature of the curriculum It should be clear then that whether history science mathematics grammar literature ecology civic duty or law every aspect of curriculum must be reconstructed along Biblical lines The overall objective is for Christian families to prepare and equip themselves for service in the Kingdom of God and this cannot be done without a rethinking of the philosophy of the Christian curriculum In this study Rousas John Rushdoony develops the philosophy of the Christian curriculum It is the pioneering study in this field and it is important reading for all Christian educators

and Modernity Peter Paret, Helga Thieme, 2012-04 In interpreting its own age art often turns to the past At the beginning of the twentieth century one of these encounters between present and past was prompted by the interest a major figure in German modernism the sculptor Ernst Barlach came to take in the medieval epic The Song of the Nibelungen There exists no statement by Barlach to explain what prompted his interest and the resulting sequence of large drawings on the epic s climactic final segment reproduced here In conception and execution these drawings stand out in Barlach s graphic oeuvre as they stand apart from the multitude of interpretations the Nibelungen inspired in art literature and music This book discusses the epic and its course through German history the artist s biography and the course of his work as well as the place the drawings occupy in the art culture and politics of Germany in the 1920s and 30s and beyond to the ideological and political crises of Central Europe before and after the First World War Collected Works of George Grant George Grant, 2000 *Freedom's Moment* Paul M. Cohen, 2007-12-01 What kind of freedom and what kind of individual has the French Revolutionary tradition sought to propagate Paul Cohen finds a distinctly French articulation of freedom in the texts and lives of eight renowned cultural critics who lived between the eighteenth century and the present day Arranged not according to the lives and times of its protagonists but to the narrative themes and structures they held in common Cohen s study discerns a single master narrative of liberty in modern France He captures these radicals whose tradition bids them to resist the authority of power structures and public opinion They denounce bourgeois and utilitarian values the power of Church and State and the corrupting influence of everyday politics and they dream of a revolutionary rupture a fleeting instant of sometimes violent but always meaningful transgression An eloquent and insightful work on French political culture Freedom s Moment also helps explain how France even as it has oscillated between political stagnation and crisis has held onto its faith that liberty equality and fraternity remain within its grasp Examines the ideas of Rousseau Robespierre Stendahl Michelet Bergson Peguy Sartre and Foucault *African American Religious Studies* Gayraud S. Wilmore, 1989 This anthology provides a coherent interdisciplinary theoretical base for students of African American religious studies and will assist in the design of programs and courses for lay theological education and training To this end the editor has assembled material from Old and New Testament studies theology church history pastoral counseling worship and social action
