Freedom Ride A Freedom Rider Remembers:

Freedom Ride Ann Curthoys, 2002 1965 bus trip to protest discrimination in NSW country towns **The Freedom Riders Across Borders** Barbara Lüthi, 2022-08-30 The Freedom Riders Across Borders Contentious Mobilities provides the first comprehensive transnational historical analysis of the Freedom Rides It explores the transnational history of these social movements and the struggles for the right to mobility and other civil rights in the United States of America Australia and Palestine between 1961 and 2011 This book makes a significant contribution to the transnational studies of social movements and the burgeoning field of mobility studies by investigating the specific constellations of mobility as historically and geographically specific formations of movement as well as investigating how the images ideas and strategies of Freedom Riders were adapted translated and moved across time and space Foremost this book speaks to the pressing questions of the past and present concerning the politics and inequalities of mobilities impacting different social groups in different ways From a historical perspective it gives answers to the intensified interest and questions concerning the dynamics techniques and contentious politics of social movements in a globalized environment The book details how the question of mobility has come to constitute political conflict and protest over norms restrictions and representations It shows not only that mobility is a differentially accessed resource which shapes and is shaped by political processes but also that contestation is an equal part of forming mobility The book identifies vehicles as a mobile site of contestation and in the context of the Freedom Rides as a site of strategic political action In doing so L thi makes a persuasive case for mobility to be given a central place in the study of progressive social movements As such this book will be of great interest to researchers in a number of disciplines including history geography and sociology **Freedom Riders** Raymond Arsenault, 2006-01-15 They were black and white young and old men and women In the spring and summer of 1961 they put their lives on the line riding buses through the American South to challenge segregation in interstate transport Their story is one of the most celebrated episodes of the civil rights movement yet a full length history has never been written until now In these pages acclaimed historian Raymond Arsenault provides a gripping account of six pivotal months that jolted the consciousness of America *Freedom Ride* Sue Lawson, 2015-07-01 There s no hiding from prejudice Robbie knows bad things happen in Walgaree But it s nothing to do with him That s just the way the Aborigines have always been treated In the summer of 1965 racial tensions in the town are at boiling point and something headed Walgaree s way will blow things apart It s time for Robbie to take a stand Nothing will ever be the same A novel based on true events **Remembering Genocide** Nigel Eltringham, Pam Maclean, 2014-06-27 In Remembering Genocide an international group of scholars draw on current research from a range of disciplines to explore how communities throughout the world remember genocide Whether coming to terms with atrocities committed in Namibia and Rwanda Australia Canada the Punjab Armenia Cambodia and during the Holocaust those seeking to remember genocide are confronted with numerous challenges Survivors grapple with the possibility or even the desirability of recalling painful

memories Societies where genocide has been perpetrated find it difficult to engage with an uncomfortable historical legacy Still to forget genocide as this volume edited by Nigel Eltringham and Pam Maclean shows is not an option To do so reinforces the vulnerability of groups whose very existence remains in jeopardy and denies them the possibility of bringing perpetrators to justice Contributors discuss how genocide is represented in media including literature memorial books film and audiovisual testimony Debates surrounding the role museums and monuments play in constructing and transmitting memory are highlighted Finally authors engage with controversies arising from attempts to mobilise and manipulate memory in the service of reconciliation compensation and transitional justice

Aborigines & Activism Jennifer Clark, 2008 In a provocative reappraisal of the 1960s Aborigines Activism recontextualises the history of Aboriginal activism within wider international movements Concurrent to anti war protests women s movements burgeoning civil rights activism in the United States and the struggles of South Africa s anti apartheid freedom fighters dramatic political changes took place in assimilated Australia that challenged its status quo From the early days of grassroots resistance through to Charles Perkins 1965 Freedom Ride the 1967 Referendum Canberra s Tent Embassy and beyond this is the story of the Great Southern Land s racial awakening a time when Aborigines and their white supporters achieved paradigmatic shifts in the search for equality justice and human dignity that still has powerful implications for 21st century Australia This is an engaging study of the stories of racial awakening in Australia that marked the coming of the wind of change Through rigorous research the author shows how supporters of Indigenous Australians and their struggles for equality pushed Australia into the 60s literally and figuratively The book also puts the Australian experience of the 60s into an international perspective portrayed as unique but not in isolation

Seeking Meaning, Seeking Justice in a Post-Cold War World Judith Keene, Elizabeth Rechiniewski, 2018-03-27 The challenge for historians as for individuals and nations has been to make sense of the Cold War past without recourse to the obsolete frameworks of a dichotomous world The editors of Seeking Meaning Seeking Justice in the Post Cold War World Judith Keene and Elizabeth Rechiniewski have brought together contributions that address the diverse modes by which the Cold War is being assessed with a major focus on countries on the periphery of the Cold War confrontation These approaches include developments in historiography as new intellectual and cultural frame are applied to old debates Authors also consider the universal principles and moral discourses including that of human rights on which judgements have been based and judicial processes instigated and the forms of memorialisation that have sought to come to terms and perhaps achieve reconciliation with a Cold War past Contributors are Ann Curthoys Philip Deery Katherine Hite

Michael Humphrey Su kyong Hwang Perry Johansson Judith Keene Betty O'Neill Peter Read Elizabeth Rezniewski Estela Valverde Adrian Vickers and Marivic Wyndham *Freedom's Main Line* Derek Charles Catsam, 2009-01-23 A compelling spellbinding examination of a pivotal event in civil rights history a highly readable and dramatic account of a major turning point Journal of African American History Black Americans in the Jim Crow South could not escape the grim reality of racial segregation whether enforced by law or by custom In *Freedom's Main Line: The Journey of Reconciliation and the Freedom Rides* author Derek Charles Catsam shows that courtrooms classrooms and cemeteries were not the only front lines in African Americans prolonged struggle for basic civil rights Buses trains and other modes of public transportation provided the perfect means for civil rights activists to protest the second class citizenship of African Americans bringing the reality of the violence of segregation into the consciousness of America and the world *Freedom's Main Line* argues that the Freedom Rides a turning point in the Civil Rights Movement were a logical natural evolution of such earlier efforts as the Journey of Reconciliation relying on the principles of nonviolence so common in the larger movement The impact of the Freedom Rides however was unprecedented fixing the issue of civil rights in the national consciousness Later activists were often dubbed Freedom Riders even if they never set foot on a bus With challenges to segregated transportation as his point of departure Catsam chronicles black Americans long journey toward increased civil rights *Freedom's Main Line* tells the story of bold incursions into the heart of institutional discrimination journeys undertaken by heroic individuals who forced racial injustice into the national and international spotlight and helped pave the way for the landmark Civil Rights Act of 1964 *Human Rights and Narrated Lives* K. Schaffer, S. Smith, 2004-08-20 Personal narratives have become one of the most potent vehicles for advancing human rights claims across the world These two contemporary domains personal narrative and human rights literature and international politics are commonly understood to operate on separate planes This study however examines the ways these intersecting realms unfold and are enfolded in one another in ways both productive of and problematic for the achievement of social justice *Human Rights and Narrated Lives* explores what happens when autobiographical narratives are produced received and circulated in the field of human rights It asks how personal narratives emerge in local settings how international rights discourse enables and constrains individual and collective subjectivities in narration how personal narratives circulate and take on new meanings in new contexts and how and under what conditions they feed into affect and are affected by the reorganizations of politics in the post cold war postcolonial globalizing human rights contexts To explore these intersections the authors attend the production circulation reception and affective currents of stories in action across local national transnational and global arenas They do so by looking at five case studies in the context of the Truth and Reconciliation processes in South Africa the National Inquiry into the Forced Removal of Indigenous Children from their Families in Australia activism on behalf of former comfort women from South East Asia U.S. prison activism and democratic reforms in the aftermath of the Tiananmen Square Massacre in China *Academic ambassadors, Pacific allies* Alice
