Even today Freemasonry boasts Masonic lodges all over the globe The Everything Freemasons Book examines all the aspects of this fascinating organization including myths legends and stories of this ancient order what s true and what s not the closely guarded secret rituals symbols and esoteric arts the Freemasons enemies from the Catholic Church to the Nazis the many controversies surrounding this secret society past and present The Inner West Jay Kinney,2004-06-17 The founder of the influential Gnosis magazine collects essays by some of today s finest spiritual writers to explore the West s magical and esoteric traditions Rosicrucianism Freemasonry Gnosticism The Knights Templar Even before the success of The Da Vinci Code many readers knew of these and other aspects of Western esoterica But few understand their true meaning In The Inner West more than twenty essays by seventeen leading authors shine a light on some of the most mysterious and closely held aspects of the Western tradition Its authors bring to life the symbolist and occult philosophies that populate the history and beliefs of the Western way These same philosophies which include variants of Christian and Jewish mysticism and the teachings of figures like Rudolf Steiner and G I Gurdjieff can present a deep and different spiritual path for today s seekers Spiritual seekers have often looked to the East for inspiration and guidance Yet increasing numbers of people are discovering that many helpful wisdom traditions have existed right here in the West With the Kabbalah and Tarot cards more popular than ever and alternative spirituality from Wicca to Sufism gaining a new audience The Inner West is a timely book for this expanding audience The Knights Templar in the New World William F. Mann,2004-03-03 Uses the principles of sacred geometry archaeological evidence and Native American legend to discover the site of a secret Templar settlement in Nova Scotia Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus but that he also established a refuge there for the Templars fleeing persecution Shows that the Grail the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene was hidden in the New World In 1398 almost 100 years before Columbus arrived in the New World the Scottish prince Henry Sinclair Earl of Orkney sailed to what is today Nova Scotia where his presence was recorded by Micmac Indian legends about Glooskap This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century With evidence from archaeological sites indigenous legend and sacred geometry handed down by the Templar order to the Freemasons author William F Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World Here they found a safe refuge for the Grail the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene until the British exiled all the Acadians in 1755 **Guess at the Rest** Elisabeth Soulier-Detis,2010-05-27 This engaging study reveals how a half hidden thread of Masonic symbolism runs through Hogarth s work The classical and Biblical references whose ambiguity and apparent paradoxical relation with the eighteenth century situations depicted have often been underlined gain coherence and unity when they are analyzed in the symbolic framework

of freemasonry and alchemy Hogarth was busy both using and concealing in his prints The coded meaning is often entirely at odds with the surface one a factsuspected but never proved by critics so far A very original and titillating book for academics and general reader alike Readers will be intrigued by the secrecy of symbols from mythological biblical and Masonic references and hidden codes that have to be deciphered Furthermore they will be also left intrigued by the secret message that the very popular and well known painter is attempting to deliver Academics will be interested in the book since this thorough approach has never been proposed by any of Hogarth s scholars so far **History in Black** Yaacov

Shavit,2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic Roman period to the 19th century Afrocentric writers are depicted as searching for the unique primary source of culture from one period to the next Such passing on of cultural traits from the ancient model from the classical period to the origin of culture in Egypt and Africa is shown as being a product purely of creative history

Credere aude Giovanna Summerfield, 2008-06-18 By analyzing the Kantian response to the query What is Enlightenment esotericism and more specifically Freemasonry as a spiritual search this study offers a re interpretation of the eighteenth century one in which Enlightenment as the predominance of rationalism and Illuminisme are viewed as complementary rather than antithetical By focusing on the history and nature of continental Freemasonry and the Masonic affiliation of two French authors as expressed in their work Louis Claude de Saint Martin and Dominique Vivant Denon this study addresses issues of importance today Links between material possessions human self realization and regeneration which were exploited by these writers call for a new look at the esoteric origins of and component in psychoanalysis spirituality sexuality and power and ultimately cause us to view our modern society as in part the inheritor of a spiritual legacy from the eighteenth century

The Architects of America Russell Blackwell, 2012 The Freemasons were in on the ground floor during the construction of the American Republic This book is a study of the role

played by Freemasons in designing the United States and an analysis of possible symbolic meanings they may have built into the very shape of the nation It is certainly well known that a theoretical basis for what was to become America existed from the time of Richard Hakluyt and Sir Francis Bacon whilst the potential symbolism of Washington DC s street plan has become the stuff of popular legend The author s thesis falls somewhere in between that from 1733 onwards right up to the statehood of Hawaii in 1959 the alignment size shape and even elevation of the 50 states has been carefully constructed to a plan a design that identifies America as an architectural phenomenon as well as a political and social unit The narrative concentrates on the development of Masonic ritual during the eighteenth and 19th centuries especially their description of the ideal building or Temple and the emergence of a simple but highly symbolic mathematical formula that recurs regularly throughout the history of the Republic *Sacred Space, Sacred Sound* Susan Elizabeth Hale, 2013-11-01 Visionary singer Susan Hale believes that early peoples deliberately built their structures to enhance natural vibrations She takes us around the globe from Stonehenge and New Grange to Gothic cathedrals and Tibetan stupas in New Mexico to explore the acoustics of sacred places But she says you don t have to go to the Taj Mahal The sacred is all around us and we are all sound chambers resonating with the One Song *Sacred Sites of the Knights Templar* (Nipb) , All across the continent of Europe massive stone monuments erected by a prehistoric culture can be found These megalithic stones resisting centuries of weathering or assaults by modern men are all that remain of a society that has been erased by time Stonehenge is the most familiar of these megalithic monuments but in fact represents only one of many similar sites Who were the people who built these monuments Why were these stones significant to them *Sacred Sites of the Knights Templar* examines sacred megalithic sites across the globe such as Stonehenge and Rennes le Chateau revealing the astronomical significance of these sites as well as the secrets that significance bore to the Knights Templar This revolutionary book offers a new explanation for two main subjects The distribution and meaning of the megalithic monuments of Europe which were constructed to commemorate astronomical events Evidence for a continuing and hidden philosophy based on ancient astronomy maintained in secret by the Knights Templar and in turn by the Freemasons The author offers theories regarding these sites their meanings their secrets their lasting impression on the Western World and their sacred symbolic influences on Freemasonry throughout history *Music of Anthony Braxton* Mike Heffley, 2013-10-28 First Published in 2001 For three decades Anthony Braxton has been alternately celebrated dismissed and attacked for his musical innovations His ambitious efforts to reconcile and personalize the historically divergent and often conflicting worldviews and principles of African American jazz American Experimental post Ives and Western European post serial traditions have attracted both loyal supporters and passionate critics Mike Heffley has followed Braxton s widely varied music from its beginning and in 1988 began a professional musical relationship with him His biography of Braxton s music is just that a look at the music as if it were a living entity with a traceable ancestry a describable place in the world and a history full of drama intrigue and passion The

music scholar will find here all the information necessary to understand the contents contexts and concepts of Braxton's music and to further that understanding The general reader will find the human and trans human qualities that make the music so compelling to its makers and lovers She is Everywhere! Lucia Chiavola Birnbaum, 2005 *She Is Everywhere* An Anthology of Writing in Womanist Feminist Spirituality Perhaps the first womanist feminist anthology which includes women's voices from many cultural and spiritual traditions across the globe from past to present This book will be enormously useful and stimulating to women's studies classes and the emerging vibrant study of women's spirituality By venerating Her I am able to salute the divinity in all women and myself Luisah Teish We are at the brink of new age which will be defined by new concepts in science religion and the reclamation of the values of the Dark Mother Necia Harkless In my micro geography she is everywhere in a sweat lodge in Indian Canyon or in the Guadalupe chapel in San Juan Bautista in a field of blue corn in Aromas protected with corn dollies or in the Rodriguez Street Laundry in Watsonville Jennifer Colby In bringing memories of Her to the surface I feel reborn reconnected to the Earth reunited with my Great Mother Sandy Miranda Traveling to lands and sacred sites where evidence of the Goddess is irrefutable gives me a new spark and added hope Sardinia herself is the Great Mother Leslene della Madre The more women's voices I heard the more I came to see the Sacred Feminine as immanent the more I saw women who seemed to be filled with joy even in the midst of adverse circumstances Deborah Grenn

Freemasons H. Paul Jeffers, 2005 Jeffers delves into Masonic history to reveal the surprising and controversial truths behind this ancient and secretive order from its mystery shrouded origins in medieval Europe through its rise in America where Benjamin Franklin founded the first lodge
