Freemasonry Came To America With Capt John Smith In 1607:

Freemasonry Came to America with Captain John Smith in 1607 George V. Tudhope,1993-02 Bacon clearly reveals the name meaning of that divine word the Masonic lost word the divine plane the plan freemasonry was designed to imitate Learn why that lost word is the Masonic main goal mankind s main goal and this goal the highest mankin The Secret Founding of America Nicholas Hagger,2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 The Secret Founding of America introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America s history from Civil War to today s global struggles for democracy

Jews and Muslims in British Colonial America Elizabeth Caldwell Hirschman,Donald N. Yates,2012-03-05 Americans have learned in elementary school that their country was founded by a group of brave white largely British Christians Modern reinterpretations recognize the contributions of African and indigenous Americans but the basic premise has persisted This groundbreaking study fundamentally challenges the traditional national storyline by postulating that many of the initial colonists were actually of Sephardic Jewish and Muslim Moorish ancestry Supporting references include historical writings ship manifests wills land grants DNA test results genealogies and settler lists that provide for the first time the Spanish Hebrew Arabic and Jewish origins of more than 5 000 surnames the majority widely assumed to be British By documenting the widespread presence of Jews and Muslims in prominent economic political financial and social positions in all of the original colonies this innovative work offers a fresh perspective on the early American experience the Secret American Dream Nicholas Hagger,2012-01-01 This powerful sequel to The Secret Founding of America presents compelling evidence of a secret American Dream nothing less than the establishment of a benign World State which would establish a universal peace under which all the peoples of the Earth would flourish The Transatlantic Republican Bernard Vincent,2005-01-01 This collection of essays by Bernard Vincent covers most aspects of Thomas Paine s life thought and works It highlights Paine s contribution to the American and French Revolutions as well as the active role he played in the intellectual debates of the Age of Enlightenment in particular through his heated arguments with Edmund Burke or the Abb Raynal More than two centuries later those debates on the universal nature of human rights or the exceptionalism of the American experience seem

today to be more relevant than ever Not only have Common Sense Rights of Man and The Age of Reason become classics of Anglo American literature but from the moment they appeared they ushered in a new type of writer a new way of writing and a new class of readers How Paine stormed the Bastille of Words and in so doing served both the republic of letters and the cause of democracy is the real subject of this book *Shakespeare's Lost Purple Bloodline* An Incomparable Descendant Ronald Bates,2018-08-24 For four hundred years my family has been passing down the story of why our grandparents wrote how they hid their children in the new world for safety from the Church and how they hid their signatures in the greatest writings in the English language They worked in secret and formed secret societies As the Shakespeare folio was dedicated to the Incomparable Pair of Brethren I am an Incomparable Descendant There are thousands of us in America This book follows the family tree of Henry VIII Elizabeth I Mary Sidney Herbert and Edward Devere to present day It is a Roots meets National Treasure meets Da Vinci Code filled with facts and clues left from hundreds of years ago to modern day that tells their story This book is a legacy to my children and family It is very valuable to any Freemason Elizabethan historian genealogist or any American who is proud to be free After sharing my story and comparing pictures of my family and Queen Elizabeth I Mary Sidney Herbert and Edward Devere in college the professor said You write that book and someone will make a movie out of it So the writing begins *Curiosities of Hampton Roads* Tamy Kay Thompson,2018-10-20 Facts and photos highlighting the haunting side of Virginia s Tidewater The history of Hampton Roads is as deep as the waters that surround it From some of the first settlers in the New World to the formation of the nation Virginia s Tidewater is rich in curious tales of legends and lore In the Southside the famed pirate Blackbeard was beheaded by Captain Maynard of Hampton Captain John Smith was a part of the first governing body in America formed in Jamestown The nation s oldest mental institution still stands in Williamsburg Staff and guests at Boxwood Inn in Newport News have reported hauntings from a former owner and other eerie occurrences In this offbeat travel guide author Tamy Kay Thompson covers these stories and more as she takes readers on a journey through the always entertaining past of Hampton Roads **Соединенные**
