Etulain, 2021-07-08 In a career in public office spanning five decades Mark Odom Hatfield 1922 2011 never lost an election First elected to the Oregon House of Representatives in 1950 he retired from political office in 1997 after serving as Oregon state senator secretary of state and governor and as United States senator for five terms He was arguably the state s most important politician but his brand of liberal to moderate Republicanism has long since vanished from the political stage Mark O Hatfield Oregon Statesman tells Hatfield s story as an Oregonian a politician and a man of practical vision deep convictions and far reaching consequence in the civic life of the state and the nation A lifelong evangelical Christian and Republican per

his mother's fondest wishes and politically inclined from a young age Hatfield came to office after studying and teaching political science and observing firsthand the ravages of war in the Pacific and the cruelty of segregation at home Historian Richard W Etulain portrays Hatfield as an energetic young Republican legislator in a state becoming increasingly Democratic He pushed civil rights legislation supported laborers as well as business interests and struck a balance that would align him with moderates even as the party's conservative wing became ascendant Elected in 1958 as Oregon's youngest ever governor Hatfield went on to become the first in the twentieth century to hold that office for two terms using his tenure to streamline the state's executive branch and promote Oregon as a prime destination for business and tourism efforts that quickly earned him a place on the national stage Etulain focuses on Hatfield as a force in Oregon state politics but also examines his long tenure as a U S senator garnering attention early for his stance against the Vietnam War and later for his antinuclear position The private life the public figure the man of faith and family of an older West and the new this biography while compact captures Mark Hatfield in full as a major western politician of the twentieth century *An Ethic for the Age of Space* Lawrence LeShan,1996-04-01 Making use of an ethical system based on psychological need rather than on metaphysical or theological grounds LeShan shows how an evolved ethical system can keep pace with science and technology and displace the damage being done to the planet and our own survival The Department of State Bulletin ,1982 The official monthly record of United States foreign policy **Ted Kennedy** John A. Farrell,2022-10-25 LONGLISTED FOR THE 2022 NATIONAL BOOK AWARD FOR NONFICTION An enthralling and ground breaking new biography of one of modern America's most fascinating and consequential political figures drawing on important new sources by an award winning biographer who covered Kennedy closely for many years John A Farrell's magnificent biography of Edward M Kennedy is the first single volume life of the great figure since his death Farrell's long acquaintance with the Kennedy universe and the acclaim accorded his previous books including his New York Times bestselling biography of Richard Nixon a finalist for the Pulitzer Prize helped garner him access to a remarkable range of new sources including segments of Kennedy's personal diary and his private confessions to members of his family in the days that followed the accident on Chappaquiddick Farrell is without question one of America's greatest political biographers and a storyteller of deep wisdom and empathy His book does full justice to this famously epic and turbulent life of almost unimaginable tragedy and triumph As the fourth son of the close knit but fiercely competitive Kennedy clan Ted was the runt of the litter Expelled from Harvard University for cheating he was a fun loving playboy who nevertheless served his brothers loyally and effectively It was easy to take Ted lightly and many did But when he was elected to the United States Senate at the age of thirty to fill his brother Jack's seat something unexpected happened he found his home and his calling there Over time Ted Kennedy would build arguably the most significant senatorial career in American history His life was buffeted by heartbreak the violent deaths of his three older brothers his own terrible plane crash his children's bouts with cancer and the hideous self inflicted wounds of

Chappaquiddick and stretches of drinking and womanizing that caused irreparable damage to an already fragile first marriage Those wounds scarred Ted deeply but also tempered his character and eventually he embarked on a run as legislator party elder and paterfamilias of the Kennedy family that would change America for the better John A Farrell brings us the man as he was in strength and weakness his profound but complicated inheritance and his vital legacy as only a great biographer can do Without the story this book tells no understanding of modern America can be complete **Current Policy** ,1981
