The French Garden; a Diary and Manual of Intensive Cultivation C. D. McKay,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1908 edition Excerpt PRACTICAL MANUAL OF FRENCH GARDENING CHAPTER I FRENCH AND ENGLISH GARDENERS Seeing that the French garden is now really coming to stay with us a book giving full cultural directions becomes a necessity and it is hoped that the information contained in this book will be of practical use to those who are unacquainted with the methods employed by the French gardeners who send such large quantities of the early vegetables to England It must be well understood that large French gardens are a mistake A small one requires such an enormous amount of indefatigable and careful labour and attention that there can be no large ones When the idea of growing early lettuces and other vegetables in England was first advocated it was poohpoohed Gardeners said that the climate was so different to that of Paris that we should never be able to keep any of the plants during the winter This has now been proved to be a fallacy and the climate in some districts of England is even better than that of Paris and the young plants of lettuces do not fog off to the same extent The last few years have been extremely bad ones for the Parisian growers as they have lost so many of their seedling lettuce plants whereas here none have been lost And when one knows that in Paris there are 360 000 lights and 2 160 000 bellglasses one can understand what an opening there is here and that it will require many scores of French gardens to supply our wants The French gardens sell 13 500 000 francs worth of their early produce per year Why cannot we with our huge city containing the population of a country supply ourselves The French grow their lettuce under small chassis or frames and also a large quantity under cloches or bellglasses but it The regional travel guide for Bauska Municipality (Latvia) ,2025-09-24 Michelin Green Guide French Riviera Michelin Travel & Lifestyle,2012-04-01 This eBook version of the Green Guide French Riviera is completely revised and expanded featuring dozens of new sights hotels restaurants and maps The guide presents top attractions the most interesting towns shopping hot spots and places to eat and stay for a variety of budgets allowing travelers to plan their trip in advance or be spontaneous on site Explore historic hilltop towns sample the region s ros wines or take to sea with our scuba diving sailing and fishing advice Michelin s celebrated star rating system makes sure you see the best of the French Riviera **The Regional Travel Guide for Hauts-de-France (France)** YouGuide Ltd, Unveiling Marseille: Your Insider's Guide to the Multicultural Marvel Tailored Travel Guides, Written and published in 2023 38 pages 30 vibrant full color pages Over 60 meticulously curated entries featuring stunning images invaluable tips practical insights and much more Up to date and triple checked information for accuracy and reliability Our guides are designed to achieve the perfect balance between comprehensive
