Revolutionary Contagion and International Politics Chad E. Nelson, 2022 A unique theory of what happens when leaders fear a revolution abroad will spread to their own country and how that affects international relations When do leaders fear that a revolution elsewhere will spread to their own politics and what are the international effects of this fear In *Revolutionary Contagion* Chad E Nelson develops and tests a theory that explains how states react to ideological driven revolutions that have occurred in other nations To do this he analyzes four key revolutionary movements over two centuries liberalism communism fascism and Islamism He further explains that the key to understanding the response to revolutions lies in focusing on the extent to which leaders fear upheaval in their own countries According to the theory Nelson argues fear of contagion is driven more by the characteristics of the host rather than the activities of the infecting agents In other words leaders will fear revolutionary contagion when they have significant revolutionary opposition movements that have an ideological affinity with the revolutionary state A powerful theory of the profound effects revolutions have on international relations this book shows why one simply cannot make sense of international politics including patterns of alliances and wars in certain situations without considering the fear of contagion

Revolution, Rebellion, Resistance Professor Eric Selbin, 2013-04-04 Why do revolutions happen Decades of social science research have brought us little closer to understanding where when and amongst whom they occur In this groundbreaking book Eric Selbin argues that we need to look beyond the economic political and social structural conditions to the thoughts and feelings of the people who make revolutions In particular he argues we need to understand the stories people relay and rework of past injustices and struggles as they struggle in the present towards a better future Ranging from the French Revolution to the Battle for Seattle via Russia China Cuba Vietnam and Nicaragua Selbin makes the case that it is myth memory and mimesis which create maintain and extend such stories *Revolution Rebellion Resistance* identifies four kinds of enduring revolutionary story Civilizing and Democratizing The Social Revolution Freedom and Liberation and The Lost and Forgotten which do more than report on events they catalyse changing the world

Violence and Colonial Order Martin Thomas, 2012-09-20 A striking new interpretation of colonial policing and political

violence in three empires between the two world wars *Desiring Whiteness* Caroline Séquin, 2024-10-15 *Desiring Whiteness* uncovers the intertwined histories of commercial sex and racial politics in France and the French Empire Since the French Revolution of 1789 the absence of laws banning interracial marriages has served to reinforce two myths about modern France first that it is a sexual democracy and second it is a color blind nation where all French citizens can freely marry whomever they wish regardless of their race Caroline S quin challenges the narrative of French exceptionalism by revealing the role of prostitution regulation in policing intimate relationships across racial and colonial boundaries in the century following the abolition of slavery *Desiring Whiteness* traces the rise and fall of the French model of prostitution policing in the contact zones of port cities and garrison towns across France and in Dakar Senegal the main maritime entry point of French West Africa S quin describes how the regulation of prostitution covertly policed racial relations and contributed to the making of white French identity in an imperial nation state that claimed to be race blind She also examines how sex industry workers exploited reinforced or transgressed the racial boundaries of colonial rule Brothels served as gatekeepers of whiteness in two arenas In colonial Senegal white only brothels helped deter French colonists from entering unions with African women and producing mixed race children thus consolidating white minority rule In the metropole brothels condoned interracial sex with white sex workers while dissuading colonial men from forming long term attachments with white French women Ultimately brothels followed a similar racial logic that contributed to upholding white supremacy **The Facts on File Companion to the French Novel** Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The Stranger* are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization *Trials of Irish History* Evi Gkotsaridis, 2013-04-15 Bringing her original insights into theory and philosophy to bear upon the controversial question of revision in Irish history Evi Gkotsaridis presents the first historical and theoretical examination of the trailblazer historians who from 1938 spearheaded an unpoliticized Irish history Drawing on hitherto unused archives *Trials of Irish History* shows how the venture to disenfranchise Irish and European history from official propagandas proved stimulating and challenging but perilous Providing a new and stimulating conceptual framework for the study of Irish historiography the book combines a theoretical approach with close analysis of important case studies and includes an incisive restaging of the passionate joust that took place between revisionists and traditionalists in the shadow of the Troubles examination of the cultural contradiction of the first decades of independence the estrangement of two regimes and the devastation of the Second World War comparison of the Irish Kulturkampf to similar discussions in German and France in order to identify and examine the arguments propounded on each side Prising open conflicting intellectual notions about the function of history in a divided society this will be an informative and stimulating addition to the study of Irish history **French Connections** Andrew N. Twentieth-Century French Literature and Thought Nikolaj Lübecker, 2011-10-20 Taking as its point of departure the notion of community in mid twentieth century French literature and thought this ambitious study seeks to uncover the ways in which Breton Bataille Sartre and Barthes used literature and art to engage with the question of reconceptualizing society In exploring the relevance these writings hold for contemporary debates about community Lubecker argues for the continuing social importance of literary studies Throughout the book he suggests that literature and art are privileged fields for confronting some of the anti social desires situated at the periphery of human rationality The authors studied put to work the concepts of Thanatos sado masochism and self sacrifice they also write more poetically about man s attraction to Silence the Night and the Neutral Many sociological discourses on the question of community tend to marginalize the drives inherent within these concepts Lubecker argues it is essential to take these drives into account when theorising the question of community otherwise they may return in the atavistic form of myths Moreover if handled with care and attention they can prove to be a resource **Fascism's Return** Richard Joseph Golsan, 1998-01-01 In *Fascism s Return* eleven leading American and European scholars examine the resurgence of fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships
